Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Certain words are used with the specific meanings set out in Part A – General of the Telstra Mobile section, or in [the General Terms of Our Customer Terms](#).

1 ABOUT THIS PART

- 1.1 This is part of the Telstra Mobile section of Our Customer Terms. Provisions in other parts of the Telstra Mobile section, as well as in the General Terms of Our Customer Terms, may apply.

See clause 1 of [the General Terms of Our Customer Terms](#) for more detail on how the various sections of Our Customer Terms should be read together.

2 ENTERPRISE MOBILITY MANAGED SERVICE MODULAR

What is the Enterprise Mobility Managed Service Modular (EMMS Modular)?

- 2.1 EMMS Modular is a managed service that:
- (a) supports compatible smartphones and tablets, and other endpoints we support from time to time ("**Endpoints**"); and
 - (b) consists of platform management, end user support, and licencing for your Endpoint environment.
- 2.2 For EMMS Modular, some of the available modules you can choose from are:
- (a) **Unified Endpoint Management** – aims to integrate your Endpoints' applications to your systems and platforms;
 - (b) **Endpoint Security** – helps manage digital threats on your Endpoints;
 - (c) **Usage Management** – helps see and manage content and data used on your Endpoints;
 - (d) **Endpoint Lifecycle Management** – helps with replacement, repair and configuration of your Endpoints;
 - (e) **Technical Consulting Service** – helps with planned / project work with your mobility environment, such as solution architecture, engineering, design, or hands on build;
 - (f) **Custom Service Module** – comprises custom Endpoint management and lifecycle services that fall outside the scope of the inclusions in the above-mentioned modules and that we separately agree with you.
- 2.3 Your chosen modules (and the applicable fees), are set out in your separate agreement with us. This includes any Custom Service Modules that may fall outside of your chosen module.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

What are the minimum number of Endpoints?

2.4 You must maintain at least 100 Endpoints for at least one the following chosen modules:

- (a) Platform Management Standard service;
- (b) End User Support service; or
- (c) Endpoint Lifecycle Management.

2.5 Endpoints aren't added up across modules to reach the minimum of 100 Endpoints.

Which modules can be bought as standalone and which are add-on modules?

2.6 Each module of EMMS Modular can be bought standalone, except for:

- (a) Unified Endpoint Management – Platform Management Dedicated; and
- (b) Unified Endpoint Management – Platform Management Integrated.

2.7 Each "24x7" module is discrete. This means the 24x7 modules are not an add-on to the "business hours" modules.

2.8 The End User Support modules can be bought standalone but:

- (a) only if you give us the access we need from time to time (including remote access), to the relevant platform so we can perform support, reporting, and billing activities; and
- (b) will require us to integrate your platform to our systems (and you must help us with this integration as we may request from time to time).

What are the requirements for certain modules?

2.9 To buy a "Unified Endpoint Management – Dedicated Licences" module or "Unified Endpoint Management – On-premise Licences" module, you must also buy the Unified Endpoint Management – Platform Management Dedicated module.

2.10 To buy the licence modules (except for the "Licence only" modules), you must also buy the accompanying:

- (a) Platform Management Standard module; or
- (b) End User Support module.

2.11 For Platform Management Standard modules, you can ask for up to 5 change requests per platform per month. If we agree to your request of more than 5 per month:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) we'll endeavour to perform the change request, but no service levels apply; and
 - (b) you must pay us the applicable fees for our work, which we can confirm on request.
- 2.12 For the Endpoint Lifecycle Management module, you can ask for up to 10 Endpoint deployments per day. If we agree to your request of more than 10 per day:
- (a) we'll endeavour to perform your request, but no service levels apply; and
 - (b) you must pay us the applicable fees for our work, which we can confirm on request.

Endpoint deployments include new device orders and refresh device initiatives and projects.

- 2.13 For Endpoint Lifecycle Management modules, you must ensure all devices returned have the correct SIM card tray, which initially came with the device (the IMEI on the SIM card tray must match the IMEI of the device). Unless you do this, we can't complete repairs.
- 2.14 For Technical Consulting modules, you must commit to at least 16 hours per month per module.
- 2.15 For any software as a service modules or access, you must enable and use 2 factor authentication to access the relevant admin portal. Subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, if you don't do this, we're not liable for any associated problems or issues.
- 2.16 For your Unified Endpoint Management module, there's a separate charge for management of a test and/or development platform. This is on top of the charge for the management of a production platform.

EMMS Modular can't be added to other services

- 2.17 Modules from EMMS Modular can't be added to:
- (a) Enterprise Mobility Managed Service 3;
 - (b) Enterprise Mobility Managed Service 2; or
 - (c) Enterprise Mobility Managed Service.

Discounts from other services don't apply to EMMS Modular

- 2.18 Discounts or waivers from other services don't apply to EMMS Modular, including from:
- (a) Enterprise Mobility Managed Service 3;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) Enterprise Mobility Managed Service 2;
- (c) Enterprise Mobility Managed Service;
- (d) Telstra Mobile Device Management (T-MDM);
- (e) Telstra Mobile Network Security (T-MNS);
- (f) Telstra Liberate service; or
- (g) any other service.

What are the support hours?

2.19 The support hours depend on your chosen module:

- (a) **for Platform Management and End User Support modules with business hours coverage** – Monday to Friday 8am to 8pm AEDT (excluding public holidays in Sydney, Australia), unless clause 2.20 applies; and
- (b) **for End User Support module with 24 x 7 coverage** – 24 x 7 x 365 days for Priority 1 to 3 incidents only.

2.20 For the modules in clause 2.19(a), the following incidents are supported on a 24 x 7 basis:

- (a) Priority 1 incidents and Priority 1 service level targets; and
- (b) roaming incident support for end users travelling overseas.

2.21 For the Unified Endpoint Management End User Support (business hours) module, the following requests are supported on a 24 x 7 basis:

- (a) end user support for lost or stolen devices – lock device, remove corporate data and access, locate device, reset to factory settings; and
- (b) password reset / unlock device.

What are the target service levels?

2.22 Subject to the support hours set out in clauses 2.19 to 2.21, we aim to provide EMMS Modular to the following target service levels, or as otherwise specified in your agreement with us. We aim to meet the following target response, communication frequency, resolution time:

INCIDENT PRIORITY	TARGET RESPONSE TIMES	TARGET COMMUNICATION FREQUENCY	TARGET RESTORATION TIMES	TARGET SERVICE LEVEL
1 (CRITICAL)	15 min	1 hours	4 hours	90%
2 (MAJOR)	30 min	2 hours	8 hours	90%
3 (MINOR)	1 hour	8 hours	1 business day	90%

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

4 (URGENT REQUEST)	2 hours	12 Hours	3 business days	90%
5 (STANDARD REQUEST)	3 hours	24 Hours	5 business days	90%

2.23 We'll decide which Priority level applies and will act reasonably when doing so.

What is the minimum term and early termination charges?

2.24 EMMS Modular's minimum term is 12 months per module (except for licence or licence-only modules).

2.25 Each licence module's minimum term is based on the chosen licence.

2.26 Each licence-only module is billed as either a once-off upfront lump sum amount covering the period for which the licences are purchased or monthly in arrears at your choice. Terms for licence-only modules including any minimum commitment requirements and early termination charges (where applicable) will be set out in a separate agreement with you.

2.27 If a licence module is cancelled or terminated for any reason (other than for our material breach) during the minimum term, we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to:

$$A \times B \times 75\%$$

Where:

"A" means the number of licences x the monthly licence fee.

"B" means the number of months (or part of a month) remaining in the minimum term.

If a managed service module is cancelled or terminated for any reason (other than for our material breach) during the minimum term, we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to: $A \times B \times 70\%$

Where:

"A" means the number of contracted Endpoints per service module x the monthly fee for the service module.

"B" means the number of months (or part of a month) remaining in the minimum term.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 2.28 If a Technical Consulting module is cancelled or terminated for any reason (other than for our material breach) during the minimum term, we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to:

$$A \times B \times 70\%$$

Where:

"A" means the number of monthly contracted hours x the applicable hourly rate.

"B" means the number of months (or part of a month) remaining in the minimum term.

- 2.29 You acknowledge that the above early termination charges are a genuine pre-estimate of the loss that we are likely to suffer.

References to other services apply to EMMS Modular

- 2.30 The following clauses apply to EMMS Modular as though references to the relevant service in those clauses were references to EMMS Modular: 3.4, 3.11 to 3.22, 3.24, 3.28, 3.37, 3.38, 3.40, 3.41, 4.17 to 4.19, 4.46, 4.47(c), 4.53, 4.54, 4.63, 4.68, and 4.69.

3 ENTERPRISE MOBILITY MANAGED SERVICE 3

What is the Enterprise Mobility Managed Service 3 (EMMS 3)?

- 3.1 Enterprise Mobility Managed Service 3 (**EMMS 3**) is an end-to-end managed service to support your mobile ecosystem, encompassing consulting, design and implementation, management of your mobile threat detection and mobile device management platforms, service desk and end user support services, and business intelligence capabilities.
- 3.2 EMMS 3 is available in the following service tiers:
- (a) **EMMS 3 Foundation:** provides management of devices on your cloud infrastructure as described in this clause 2; and
 - (b) **EMMS 3 Advanced:** provides management of your devices, applications and content on your hybrid on premise and cloud infrastructure as described in this clause 2.
- 3.3 Unless otherwise expressed, the terms and conditions outlined in this clause 2 apply to both EMMS 3 Foundation and EMMS 3 Advanced.

Eligibility

- 3.4 EMMS 3 is not available to Telstra Wholesale customers or for resale. You must not re-supply EMMS 3 services to a third party.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 3.5 EMMS 3 Foundation is only compatible with the mobile device management (“**MDM**”) platform (VMWare Workspace ONE Standard) provided as part of the EMMS 3 service (“**MDM Platform**”). Your MDM Platform supports mobile device management.
- 3.6 EMMS 3 Advanced is only compatible with the enterprise mobility management (“**EMM**”) platform (VMWare Workspace ONE Advanced) provided as part of the EMMS 3 service (“**EMM Platform**”). Your EMM Platform includes the MDM Platform functionality and also supports mobile content and mobile application management.
- 3.7 You cannot consume EMMS 3 Foundation and EMMS 3 Advanced on the same account.

Features

- 3.8 The following table reflects the key inclusions of your relevant EMMS 3 service, with the more detailed features described further below

Service Feature	Description	Included	
		EMMS 3 Foundation	EMMS 3 Advanced
End-to-end management of your MDM Platform and MTD Platforms	We will setup and configure your MDM Platform and MTD Platforms, including integrating the MTD Platform and your Active Directory implementation (if any) with the MDM Platform. We will maintain your MDM and MTD Platforms on an ongoing basis, including deploying updates in a timely manner, and implementing your policies agreed in the CSEM on and through these platforms to your end users Registered Devices.	Y	Y
The end-to-end management of your EMM Platform	We will set up and configure your EMM Platform and assist with the integration of the EMM Platform into your on premise and cloud infrastructure.	N	Y
End User Support	We will provide a help desk available by phone and email, and will support your End Users to agreed service levels.	Y	Y
Visibility of organisation wide tickets	For those organisations that want to keep visibility of incident, service request and change request tickets, Telstra can provide an integration mechanism between Telstra’s IT service management system and your IT service management system, subject to compatibility.	Y	Y

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Business Reporting Insights	<p>EMMS 3 Foundation</p> <p>We will provide your nominated admin user with access to pre-configured core reports, with information about how your business consumes the managed service, service desk utilisation on incidents & requests, change management, licence, mobile threat, operating system and fleet reports.</p> <p>EMMS 3 Advanced</p> <p>We will provide your nominated admin user with access to pre-configured core reports, with information about how your business consumes the managed service, service desk utilisation on incidents & requests, change management, licence, mobile threat, operating system and fleet reports.</p>	Y	Y
MDM or EMM platform and licensing – VMWare Workspace ONE	<p>EMMS 3 Foundation</p> <p>EMMS 3 Foundation includes VMWare Workspace ONE Standard licensing for each Registered Device.</p> <p>EMMS 3 Advanced</p> <p>EMMS 3 Advanced includes VMWare Workspace ONE Advanced licensing for each Registered Device.</p> <p>As part of EMMS 3, we will provide a Telstra dedicated environment used for shared multiple / multi-tenant customers.</p>	Y	Y
Mobile Threat Detection (MTD) platform and licensing – Zimperium	<p>EMMS 3 includes Zimperium zConsole platform license, and zIPS app licensing for each Registered Device.</p> <p>As part of EMMS 3, we will provide a Telstra dedicated environment used for shared multiple / multi-tenant customers, and integrated with your MDM or EMM platform (as applicable), with on-device endpoint protection deployed to your end user's Registered Devices.</p>	Y	Y

3.9 You may choose to extend EMMS 3 with one or more of the following Optional Services:

Optional Service Feature	Description	Available	
		EMMS 3 Foundation	EMMS 3 Advanced

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

24x7 End User Support	If you take up optional 24x7 End User Support, we will extend the End User Support to provide 24x7 support as further described below.	Y	Y
Service Manager	If you take up the option of a Service Manager, they will facilitate the enhancement of your EMMS 3 managed service by providing access to consulting and collaboration further described below.	Y	Y
Fleet Management	If you take up optional Fleet Management, we will also provide device procurement and logistics, device staging, allocation and deployment, management of device repairs and replacements, and fleet location management as part of your EMMS 3 service.	Y	Y
Professional Services	Any further or additional professional services agreed in a Statement of Work on the terms set out in the Professional Services section of Our Customer Terms.	Y	Y
Mobile Usage Management (MUM)	If you take up the optional Mobile Usage Management (MUM) service, we will enhance your EMMS 3 Advanced service with data and content management capability as further described below.	N	Y

- 3.10 We will provide the initial planning, implementation and transition services, and any further professional services agreed in a Statement of Work on the terms set out in the [Professional Services section of Our Customer Terms](#).
- 3.11 From time-to-time, we may need to implement planned outages to your MDM or EMM Platform (as applicable), your MTD platform, and if applicable, your MUM Platform for maintenance and upgrade purposes. We will provide you with prior reasonable notice before commencing any transfer or planned outages and will aim to cause as little impact as possible to your EMMS 3 service when we do.
- 3.12 We may require you or your End Users to agree to a further end user licence agreement (EULA) with us (or our third party suppliers) to access the MDM or EMM Platform (as applicable), your MTD platform, and if applicable, your MUM Platform (and/or MUM dashboard and End User application) and to install the endpoint protection application on their Registered Device.
- 3.13 We do not represent that EMMS 3 (including MDM or EMM Platform (as applicable), MTD platform, and if applicable, your MUM Platform) integrate with any third party software or service unless expressly set out in your agreement with us.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Customer Services Engagement Manual

- 3.14 As part of the implementation services, we will work with you to create and agree upon a Customer Services Engagement Manual (**CSEM**), documenting the roles, responsibilities, and agreed processes that we will follow to deliver your EMMS 3 service.
- 3.15 The CSEM is the single point of reference for both parties on the operational aspects of your EMMS 3 service. Changes to the CSEM require mutual agreement. You may request changes at any time through the change management process documented in the CSEM. Changes to the CSEM may incur additional cost.
- 3.16 We may, but are not required to, act on instructions of your authorised administrators (other than changes to authentication processes) that are inconsistent with the processes documented and agreed in the CSEM.

Third Party Suppliers

- 3.17 Some aspects of your EMMS 3 service may be the responsibility of a third party or conditional upon action by a third party. Subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, to the extent the CSEM defines an action as a third party responsibility:
- (a) we are not responsible for any delay or inaction by the third party; and
 - (b) as between you and Telstra, each responsibility of the third party is deemed to be your responsibility.
- 3.18 To avoid doubt, third party suppliers in clause 3.17 do not include Telstra's related entities such as BTS Mobility, or licensors of Telstra provided MDM or EMM (as applicable), , MTD, and if applicable, MUM capabilities.
- 3.19 You appoint us as your agent to act on your behalf in relation to any third party supplier to the extent specified in the CSEM, including entering purchase agreements on your behalf.
- 3.20 You authorise us to provide your contact details and all other necessary information (including confidential information) to any third party suppliers, and to instruct third party suppliers on your behalf, to the extent necessary for us to provide EMMS 3. Upon request, you must provide all assistance we reasonably require to provide EMMS 3, including authorisations to third party suppliers.

End Users and Supported Devices

- 3.21 We will only provide EMMS 3 in respect of your End Users we have authenticated in accordance with the processes agreed in the CSEM, who are using a device that meets the requirements of clauses 3.22, 3.23, 3.24 or as otherwise specified in your agreement with us (**Supported Device**).
- 3.22 EMMS 3 will only support devices that are:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) connected to a Telstra mobile or mobile data plan; or
- (b) connected to a mobile or mobile data plan from a carrier other than Telstra; or
- (c) connected to the internet using Wi-Fi only.

3.23 EMMS 3 will only support devices using the following operating system versions:

- (a) iOS 10.0 and above;
- (b) Windows 10 Phone, also known as Windows 10 Mobile and above (to avoid doubt, this does not include Windows 10 S operating system compatible with some 2-in-1 and tablet devices);
- (c) Android 6.0 and above.

3.24 EMMS 3 capabilities, other than enrolment and unenrolment support, will only be available to your end users who have enrolled their Supported Device on the MDM Platform or EMM Platform (as applicable) (**Registered Devices**), and that device is turned on and connected to the internet.

Managed Service for MDM and MTD

3.25 We will procure, provision, and manage the Zimperium and the relevant VMWare Workspace One software licenses. We will provide the MDM or EMM Platform (as applicable) and MTD platform as a Telstra dedicated environment used for shared multiple / multi-tenant customers.

3.26 We will provide the following capabilities as part of your EMMS 3 Foundation (MDM) or EMMS 3 Advanced (EMM) managed service:

Category	Description	Included	
		Foundation	Advanced
Deploy	Deploy VPN Profile to Registered Devices	Y	Y
	Deploy up to 5 public apps and 1 in-house app to Registered Devices	Y	Y
	Deploy and configure managed apps to enable app protection polices	N	Y
	Deploy Wi-Fi, restrictions, VPN, email, web clip and policy / security server configurations to Registered Devices	Y	Y
	Deploy, install and record instance and approved licenses to Registered Devices	Y	Y

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

	Deploy configuration for connecting to online content repositories, intranet access, secure groups and publish to user groups.	N	Y
	Deploy certificate based multi factor authentication.	N	Y
	Deploy additional or modified EMM profiles and compliance actions agreed with you.	N	Y

	Content repository access updated	N	Y
	Conditional access policy updates	N	Y
	Single Sign On (SSO) application configuration updates	N	Y
	Manage and enforce Registered Devices to be encrypted	Y	Y

3.27 We will provide the below capabilities as part of your MTD managed service. These capabilities are applicable for both EMMS 3 Foundation and EMMS 3 Advanced.

Category	Description
Deploy	Deploy Zimperium zIPS app to Registered Devices
Assist	Threat detection and end user support
	Enrolment and un-enrolment end user support
	Agent app and notifications end user support
	Mobile Threat Detection platform connectivity support
Manage	Maintenance of the MTD platform (zConsole), including timely deployment of updates.
	Threat detection
Control	Ongoing detection of device, network and application threats
	Threat remediation in accordance with CSEM defined process.
	Threat response platform policy updates

3.28 Threat remediation provided with EMMS 3 is limited to MDM or EMM Platform and MTD platform capabilities. Subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, some remediation

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

actions may cause business interruption or loss of data, for example deleting an application, deactivating device connectivity, or removal of corporate data from the device. You accept responsibility for any such interruption or loss caused by our implementation of remediation actions as defined in the CSEM, except to the extent such business interruption or loss of data is caused or contributed to by our (or our contractors’) negligence.

Optional Service Manager Add-on

- 3.29 If you take up the optional Service Manager service, a service manager will provide access to the following enhanced capabilities as part of EMMS 3. These capabilities are applicable for both EMMS 3 Foundation and EMMS 3 Advanced.

Category	Description
Informing	<p>Monthly solution and service reporting</p> <p>Release information regarding mobile OS updates</p> <p>Access to mobility experts and leaders who are involved in mobile strategy across multiple organisations</p> <p>Managing of mobile OS updates and alignment / validation to business use-cases</p> <p>Advice around events in the ubiquitous world of enterprise mobility</p>
Planning	<p>Device OS roadmap & strategic planning</p> <p>Fleet Lifecycle Management planning</p> <p>Participation in mobile strategy discussions</p> <p>Keeping Customer Solution Documentation up to date</p> <p>Release Management roadmap management</p> <p>Aligning customer solution to industry best practise</p>
Enhancements	<p>Service enhancements to leverage new device and platform capabilities</p> <p>Compliance rules and actions (MDM or EMM configuration as applicable)</p> <p>Protective Maintenance and Routine Health Checks</p> <p>Development and ongoing management of Customer use-case test plans for OS and platform release updates</p> <p>Releases analysed against each of the customers use cases to ensure operational excellence</p> <p>Providing access to industry experts and partners.</p>

Optional Fleet Management Add-on

- 3.30 If you take up the optional Fleet Management capability, we will provide the below enhanced capabilities as part of EMMS 3. These capabilities are applicable for both EMMS 3 Foundation and EMMS 3 Advanced.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Category	Description
Device procurement & reverse logistics	Management of device ordering, fulfilment and any logistics in relation to device ordering
Device staging, allocation and deployment	Management of the device staging and MDM or EMM enrolment processes (as applicable) prior to delivering to the end user
Device repair and replacement management	Management of device hardware faults, repair processes, and a device spare pool for device replacements
Fleet Location Management and Tracking	Management of device to user assignments and locations of devices
Asset Reports	New device orders per month Devices deployed per month Devices repaired per month Asset allocation per month

End User Support – Service Desk Availability

- 3.31 For both the EMMS 3 Foundation and EMMS 3 Advanced, we will provide end user support through the Service Desk to the Service Levels specified below. Unless otherwise agreed, the Service Desk is available Monday to Friday 8am to 8pm AEDT, excluding public holidays in Sydney, Australia.
- 3.32 Despite clause 3.31, the Service Desk is available 24x7 for the following requests (optional 24x7 End User Support is not required for these capabilities):
- (a) Reporting and remediation of severity 1 incidents;
 - (b) Lost & stolen device support: end user support for lost or stolen devices – lock device, remove corporate data and access, locate device, reset to factory settings;
 - (c) Password reset / unlock device;
 - (d) Roaming: incident support for users travelling overseas
- 3.33 For both the EMMS 3 Foundation and EMMS 3 Advanced, if you take up Optional 24x7 End User Support, we will provide extended 24x7 Service Desk availability for all incidents and requests, excluding the following:
- (a) change approval activities;
 - (b) change management;
 - (c) fleet services that rely on logistics; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (d) any third-party provided service (including the MDM or EMM Platform, the MTD Platform and if applicable, the MUM service) that is available:
 - (i) only during business hours; or
 - (ii) as agreed in the CSEM.

Optional Mobile Usage Management Add-on

- 3.34 If you take up the optional Mobile Usage Management (“**MUM**”) service, we will provide the enhanced capabilities outlined in the table below. The MUM service is only available as an optional add on to EMMS 3 Advanced (and not for EMMS 3 Foundation).

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Category	Description
Data compliance management	<p>Manage content filtering based on content category and type</p> <p>Manage data pool consumption</p> <p>Manage restrictions on unapproved usage</p> <p>Manage alerts and enforce data caps (domestic, roaming, and Wi-Fi)</p>
Policy enforcement	<p>Visibility of mobile data type (e.g. http, https, application data)</p> <p>Manage notifications for authorised representatives and end users</p> <p>Manage compression of videos and images</p> <p>Manage user access to domains and URLs</p> <p>Manage downloads from unofficial, unauthorised or untrusted app stores</p> <p>Manage data usage profile and policy updates</p>
Management of integrated platforms	<p>We will manage the integration between the MUM Platform and the supported EMM platform under Telstra Mobility Managed Service Advanced, in terms of additional or modified EMM profiles and compliance actions that are supported for the data usage management solution.</p>
End user support	<p>End user support provided as part of your EMMS 3 Advanced service will be extended to the MUM service.</p> <p>Wandera app end user support: assistance and enquiries.</p> <p>Assistance for authorised customer administrative staff who seek reporting and mobile data policy changes.</p> <p>Access and connectivity to corporate infrastructure support.</p> <p>Wandera and EMM app notifications end user support</p>
Reporting	<p>Reporting through MUM dashboard on how data is being used (app and website usage) across the fleet of devices and customised down to individual device and application. This reporting is for a service owner or administrator.</p> <p>Reporting insight for an end user into how data is used (app and website usage), through an End User app on Registered Devices.</p>

3.35 The MUM service is only compatible with the MUM Platform (Wandera Limited platform), and we will provide you with access to an End User app on Registered Devices. We will also provide up to 5 authorised users with read only access to an MUM dashboard for reporting purposes.

3.36 The MUM service will support cellular and WiFi coverage.

3.37 The MUM service will support the following browser versions:

- (a) Mozilla Firefox 38 or above;
- (b) Google Chrome 56 or above;
- (c) Apple Safari 9 or above;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (d) Microsoft Edge 12 or above; and
- (e) Microsoft Internet Explorer 11.

3.38 Notwithstanding the Supported Devices described at clause 3.21, in relation to unsupervised iOS devices, the MUM service will support devices with an operating system version of iOS 10.2 and above.

Service Levels

3.39 We will provide EMMS 3 to the following service levels, or as otherwise specified in your agreement with us. We will use reasonable commercial efforts to meet the target response, communication frequency, resolution time:

INCIDENT SEVERITY	TARGET RESPONSE TIMES	TARGET COMMUNICATION FREQUENCY	TARGET RESTORATION TIMES	SERVICE LEVEL TARGET
1 (CRITICAL)	15 min	1 hours	4 hours	90%
2 (MAJOR)	30 min	2 hours	8 hours	90%
3 (MINOR)	1 hour	8 hours	1 business day	90%
4 (URGENT REQUEST)	2 hours	12 Hours	3 business days	90%
5 (STANDARD REQUEST)	3 hours	24 Hours	5 business days	90%

Severity 1 (Critical) means failure of the system with a major business impact affecting more than one End User, business critical system or process with no workaround.

Severity 2 (Major) means one or more End Users are affected by the failure of a business critical system which may have a workaround that cannot be sustained over a reasonable period of time (more than 1 day).

Severity 3 (Minor) means one End User is affected and not business critical which may have a workaround that can be sustained over a reasonable period of time (more than 1 day).

Urgent Request means a service request for one or more End Users, which has some urgency owing to business requirements or targets.

Standard Request means a service request for one or more End Users, which has no immediate impact and the request is not business critical.

3.40 Service Level targets above:

- (a) operate during the Service Desk availability times described in clauses 3.32, 3.32 and 3.33 above; and
- (b) will not apply in relation to any period of scheduled maintenance; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (c) are targets only, you acknowledge and agree that, unless otherwise agreed in your separate agreement with us, we are not liable to you for any failure to meet the service level targets.

3.41 We will not be responsible for a failure to meet a service target to the extent that such failure is caused by your delay in actioning items that are your responsibility, a third party responsibility (as agreed in the CSEM), or that are caused by your breach of this agreement.

3.42 The service level targets (and incident descriptions) do not apply to the optional MUM service, and the service level targets (and incident descriptions) applicable to the optional MUM service will be as agreed in the CSEM.

Charges

3.43 The charges for EMMS 3 are set out in your agreement with us.

Minimum Commitment and Early Termination Charges

3.44 EMMS 3 has a minimum term of 12 months.

3.45 You may be required to pay us an early termination charge if, before the end of the minimum term:

- (a) you cancel your EMMS 3 service (when we are not in breach); or
- (b) we cancel your EMMS 3 service because you are in breach of your agreement with us.

3.46 The early termination charge is set out in your agreement with us.

4 ENTERPRISE MOBILITY MANAGED SERVICE 2

Enterprise Mobility Managed Service 2 is only available to customers who sign a new Enterprise Mobility Managed Service 2 agreement on and from 1 February 2014, unless otherwise agreed).

What is the Enterprise Mobility Managed Service 2?

4.1 Our Enterprise Mobility Managed Service 2 provides Supported EMP Applications which we will monitor, manage, maintain and provide user support services for, by way of a managed application layer for eligible customers in relation to Enterprise Mobility services and Supported Devices.

What is the Enterprise Mobility Platform?

4.2 The Enterprise Mobility Platform ("**EMP**") is the component of the Enterprise Mobility Managed Service 2 that provides device management services to Supported Devices, or manages the Supported EMP Applications and the corporate wireless data synchronisation. The EMP consists of server infrastructure, an operating system and a Supported EMP Application. You may also purchase Additional Services as set out in these terms.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 4.3 For an Enterprise Mobility Managed Service 2 to support Supported Devices (other than BlackBerry devices), you must connect the Supported Devices to an EMP. The EMP can either be hosted by us or by a Supported EMP Vendor (to ensure the Supported EMP Vendor's EMP is compatible with your Enterprise Mobility Managed Service 2).
- 4.4 If the EMP is hosted by us or a Supported EMP Vendor, certain terms below regarding the Enterprise Mobility Managed Service 2 will not apply to you (as specified below).
- 4.5 To use the Enterprise Mobility Managed Service 2, you may be required to agree to an End User Licence Agreement ("**EULA**") in relation to the Enterprise Mobility Managed Service 2 with a Supported EMP Vendor or other third party supplier approved by us. We can provide a copy of the EULA to you upon request.

Supported Devices

- 4.6 The Enterprise Mobility Managed Service 2 will only support Supported Devices which are:
- (a) connected to a Telstra mobile data plan ("**Telstra Supported Device**"); and
 - (b) connected to a mobile data plan from a carrier other than Telstra or is Wi-Fi only ("**BYO Supported Device**").

Minimum Term

- 4.7 Unless we otherwise agree, there is no minimum term for Enterprise Mobility Managed Service 2. It is offered as a casual month to month service.

Service charges

- 4.8 You must pay us the Enterprise Mobility Managed Service 2 charges specified below. For the avoidance of doubt, these service charges do not include any charges for any telecommunications services used in connection with the Enterprise Mobility Managed Service 2.

Monthly Support charges (Telstra Supported Devices)

- 4.9 We will charge you the following monthly support charge for each Telstra Supported Device:

Service component	Monthly charge per Supported Device (ex GST)	Monthly charge per Supported Device (incl. GST)
Service Desk support (per Supported Device)	\$9.09	\$10.00

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 4.10 Depending on what Enterprise Mobility Managed Service 2 tier you choose, we may also charge you the following monthly support charge for each Telstra Supported Device:

Service component	Monthly charge per Supported Device (ex GST)	Monthly charge per Supported Device (incl. GST)
Tier 1 – Supported EMP Applications	\$6.00	\$6.60
Tier 2 – Supported EMP Applications	\$13.64	\$15.00
Tier 3 – Supported EMP Applications	\$ price on application	\$ price on application
Tier 4 – Supported EMP Applications	\$ price on application	\$ price on application

Monthly Support charges (BYO Supported Devices)

- 4.11 We will charge you the following monthly support charge for each group of 50 BYO Supported Devices you have. For example, if you have 1 BYO Supported Device we will charge you for 50 BYO Supported Devices, and if you have 51 BYO Supported Devices we will charge you for 100 BYO Supported Devices.

Service component	Number of BYO Supported Devices	Monthly charge per Supported Device (ex GST)	Monthly charge per Supported Device (incl. GST)
Service Desk support (per group of 50 Supported Device)	50	\$454.50	\$500.00

- 4.12 Depending on what Enterprise Mobility Managed Service 2 tier you choose, we will also charge you the following monthly support charge for each group of 50 BYO Supported Devices you have. For example, if you have 1 BYO Supported Device we will charge you for 50 BYO Supported Devices, and if you have 51 BYO Supported Devices we will charge you for 100 BYO Supported Devices.

Service component	Number of BYO Supported Devices	Monthly charge (ex GST)	Monthly charge (incl. GST)
Tier 1 – Supported EMP Applications	50	\$300.00	\$330.00
Tier 2 – Supported EMP Applications	50	\$681.82	\$750.00

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 4.13 We determine the number of Supported Devices on the 21st day of the previous month. You acknowledge that your monthly support charge may change each month depending on the number of Supported Devices you have.

Eligibility

- 4.14 You are only eligible for the Enterprise Mobility Managed Service 2 if you are a Telstra Enterprise and Government customer with an ABN and existing Telstra mobile account. We supply the Enterprise Mobility Managed Service 2 for business purposes and you must use it for predominantly business purposes.

- 4.15 You can only use the Enterprise Mobility Managed Service 2 if:

- (a) you or a person within your organisation has:
 - (i) an active Enterprise Mobility service provided by us with a properly configured Supported Device that allows you to send and receive e-mail over the internet, browse the internet using the Enterprise Mobility HTML browser or a native application approved and managed by us, and to use our compatible networks for voice calls, text messages and BigPond mobile Enterprise Mobility Managed Services 2 ("**Enterprise Mobility service**") unless otherwise agreed to by us. If we agree to support a device to Users in your fleet that does not meet these criteria ("**Other Users Devices**"), then we will only support Other Users Devices for the following functions:
 - (A) support from the Service Desk for Incidents and Requests as part of Supported Device, Supported EMP Applications and Supported Hardware support (except to the extent that you have acquired Supported EMP Applications and Functions from us);
 - (B) Scheduled Maintenance (other than in respect of the EMP); and
 - (C) Service Management (other than in respect of the EMP);
 - (ii) a Supported Device that is connected to an EMP that is supplied either by us or by a Supported EMP Vendor; and
 - (iii) a Supported Device that is approved by us for the purposes of using the Enterprise Mobility Managed Service 2 ("**User**");
- (b) Users acquire and maintain a compatible Enterprise Mobility Managed Service 2 and Supported Device with us;
- (c) Users maintain an EMP that is compatible with the Enterprise Mobility Managed Service 2, either with us or with a Supported EMP Vendor;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (d) the Supported Devices are not classified as 'end-of-life' by the Supported Device Vendor and do not have software that is more than 4 releases from the current software recommended by the Supported Device Vendor;
- (e) unless we host the EMP, you deploy a connection protocol approved by us for the management and support of the EMP; and
- (f) unless we host the EMP, you deploy the EMP monitoring and alerting Enterprise Mobility Managed Services 2 on independent infrastructure to allow us to proactively respond to EMP platform issues.

4.16 Unless otherwise agreed, you are responsible for any hardware, facilities, Supported Devices, accessories or Enterprise Mobility Managed Services 2, and any other telecommunication Enterprise Mobility Managed Services 2 and equipment required to use the Enterprise Mobility Managed Service 2.

Third Party suppliers

4.17 You acknowledge that we may purchase some components of your Enterprise Mobility Managed Service 2 from third party suppliers. If one of our third party suppliers suspends, cancels or terminates a service that we rely on to provide you with your Enterprise Mobility Managed Service 2, we may:

- (a) replace or modify your Enterprise Mobility Managed Service 2; or
- (b) suspend, cancel or terminate your Enterprise Mobility Managed Service 2 or the affected part.

4.18 We will give you as much notice as is reasonably possible in the circumstances. If we cancel your suspend, cancel or terminate your Enterprise Mobility Managed Service 2 under clause 4.17, we may migrate you to a reasonably comparable service. If we replace or modify your Enterprise Mobility Managed Service 2 under clause 4.17, or we transfer you to a reasonably comparable service under this clause 4.18, and this has more than a minor detrimental impact on you, you may cancel your service without having to pay any early termination charges for that service.

4.19 You agree that we may need to provide your contact details and all other necessary information to any third party suppliers we use to provide the Enterprise Mobility Managed Service 2.

Supported EMP Applications

4.20 You may apply for any one of the following Enterprise Mobility Managed Service 2 tiers as described in the table below:

Tier 1 – Supported EMP Applications*	
1.	MobileIron – Virtual Smartphone Platform (VSP)
2.	MobileIron – Sentry
3.	AirWatch – Mobile Device Management (MDM)

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

4.	AirWatch – Secure eMail Gateway
5.	Cisco – Cloud Web Security (previously known as Cisco – ScanSafe)
6.	Research in Motion (RIM) - BlackBerry Enterprise Server (BES) 10
7.	Citrix – Mobile Device Management

* If you acquire a Tier 1 - Supported EMP Application you must also have Service Desk support.

Tier 2 – Supported EMP Applications	
1.	AsdeqLabs - AsdeqDocs
2.	NetApp – NetApp Connect

Tier 3 - Supported EMP Applications	
1.	Nil

Tier 4 - Supported EMP Applications	
1.	Nil

- 4.21 Unless otherwise agreed, your Enterprise Mobility Managed Service 2 only applies to Supported EMP Applications which form part of your chosen Enterprise Mobility Managed Service 2 tier as set out in the tables above. We may change the Supported EMP Applications from time to time on written notice to you.
- 4.22 You acknowledge that certain features and functionality of a Supported EMP Application may not be available as part of your Enterprise Mobility Managed Service 2.
- 4.23 Depending on the Supported EMP Application you acquire, you may be required to delegate all administration and access rights for your Supported Devices to the relevant Supported EMP Vendor or other third party supplier approved by us; otherwise we may not be able to provide the Enterprise Mobility Managed Service 2 to you. For example, if you acquire AirWatch – Mobile Device Management as a Tier 1 – Supported EMP Application, you must delegate all administration and access rights for your Supported Devices to MSC Mobility Pty Ltd or other third party supplier approved by us.
- 4.24 Unless otherwise agreed, your Enterprise Mobility Managed Service 2 does not include:
- (a) Supported Device logistics (excluding activation), procurement, repair or replacement;
 - (b) Enterprise Mobility Managed Service 2 management; or
 - (c) Hosting the EMP.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Logon name and password

- 4.25 We will provide you with a logon name (“Client Number”) and password which will provide you with access to the support services and tools which form part of the Enterprise Mobility Managed Service 2.
- 4.26 You are responsible for ensuring the confidentiality of any Client Number and passwords issued to you as part of the Enterprise Mobility Managed Service 2. Subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, we will not be liable for any loss or damage that you or any other person may suffer as a result of your use of the Enterprise Mobility Managed Service 2 or from disclosing your Client Number or password, except to the extent the event giving rise to the loss or damage is caused or contributed to by our (or our contractors’) negligence.

Supported Device support

- 4.27 We will provide Supported Device support, which includes support for Incidents and Requests for the Supported Device Applications and Supported Device hardware functions set out in the “Supported Applications and Functions” section above.
- 4.28 For the purposes of Supported Device support, the Service Desk will support the following types of Requests, which will also be classified as the following Request categories for the purpose of providing Service Assurance:

Request Type	Request Category
Supported EMP Application: <ul style="list-style-type: none"> • installation / reinstallation / uninstallation • upgrade / downgrade • update or patch version 	IMACD
User changes, being swaps from one Supported Device to another Supported Device	IMACD
Training requests or bookings	RFI – Request for Information
How Do I...? Change a setting, perform a particular function	RFI – Request for Information

- 4.29 For the purposes of Supported Device support, the Service Desk will support the following types of Incidents, which will also be classified as the following Incident categories for the purpose of providing Service Assurance:

Incident Type	Incident Category
Error or performance issue with accessory (car kit or headset) or accessory connection method such as Bluetooth	Device
Error or performance issue with Supported Device not related to Data Services	Device
Error or performance issue with the audio, volume, vibrations or associated settings on the Supported Device	Device

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Error or performance issue with the Keys, Buttons, Trackball, or Touchscreen on the Supported Device	Device
Error or performance issue with the operating system, Supported Device restarts or power offs	Device
Error or performance issue with the phone or call log functions on the Supported Device	Device
Physical damage with the Supported Device – water damage, casing cracked, screen cracked	Device
Error or performance issue with the power, charging or battery functions on the Supported Device	Device
Error or performance issue with profile setup and settings, custom settings and options on the Supported Device	Device
Error or performance issue with the device screen, backlight, screen settings on the Supported Device	Device

Enterprise Mobility Data service support

- 4.30 We will provide basic Enterprise Mobility Data service support via the Service Desk, which includes support for Incidents and Requests for the Supported EMP Application Functions and services set out in the "Supported EMP Applications and Functions" section above and provided by an EMP to a Supported Device.
- 4.31 For the purposes of basic Enterprise Mobility Data service support, the Service Desk will support the following types of Requests, which will also be classified as the following Request categories for the purpose of providing Service Assurance:

Request Type	Request Category
<ul style="list-style-type: none"> add a User to the EMP – provision Enterprise Mobility Data service on EMP procurement and delivery of the Supported Device and SIM card (including any compatible car charger, travel kit and holster (Starter Kit)) process orders for porting of mobile numbers from one SIM card to another SIM card process orders for the required mobile voice and data services on a SIM card (including global roaming) 	IMACD
Change a User's Account setting on the EMP: <ul style="list-style-type: none"> Group EMP Account settings – PIM Sync, Redirection 	IMACD
<ul style="list-style-type: none"> delete or remove a User from the EMP deactivation of the Supported Device and SIM card and disposal of the Supported Device 	IMACD
License key changes: <ul style="list-style-type: none"> Add CALS / SRP Key(s) 	IMACD

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

• Remove CALS / SRP Key(s)	
Reset device password on the Supported Device	IMACD
Reactivate Supported Device	IMACD
Disable / Block access / Wipe Supported Device)	Security
Create, Change or Delete an IT / User policy or IT / User policy setting	IMACD (RFC – Request for Change)
How Do I? Change a setting, perform a particular function	RFI – Request for Information

4.32 For the purposes of Enterprise Mobility Data service support, the Service Desk will support the following types of Service Incidents, which will also be classified as the following Service Incident categories for the purpose of providing Service Assurance:

Incident Type	Incident Category
An error or performance issue with address book synchronisation	Data Services
An error or issue performance with a Supported EMP Application	Data Services
An error or performance issue with a Supported EMP Application or service: <ul style="list-style-type: none"> • Service Name • Domino Service / MAPI Profile 	Data Services
An error or performance issue with EMP infrastructure: <ul style="list-style-type: none"> • Mail Server 	Data Services
An error or performance issue with EMP licensing: <ul style="list-style-type: none"> • CALS Expired • SRP Disabled / Expired 	Data Services
An error or performance issue with the Browser Service: <ul style="list-style-type: none"> • Single Site access • Internet access • Intranet access 	Data Services
An error or performance issue with calendar synchronisation	Data Services
An error or performance issue with email synchronisation: <ul style="list-style-type: none"> • Unable to Receive / Send • Synchronisation • Reconciliation 	Data Services
An error or performance issue with instant messaging	Data Services
An error or performance issue with memos / tasks synchronisation	Data Services

4.33 When reporting an Incident or making a Request to the Service Desk you must provide all the information we reasonably require (including

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

completing any service request forms), otherwise we may not be able to resolve the Incident or complete the Request.

Service Desk

- 4.34 We will operate a service desk for Users to contact (“**Service Desk**”) as follows:

Enterprise Mobility Managed Service 2 period	Australian Eastern Standard Time (AEST) or Australian Daylight Savings Time (ADSL)
Business Hours	08:00 – 20:00 Monday to Friday (excluding National Public Holidays)
After Business Hours	20:00 – 08:00 Monday to Saturday; 08:00 Saturday – 08:00 Monday; and National Public Holidays (24 hours)

- 4.35 Users must contact the Service Desk for all Requests, Incidents and other support in relation to the Enterprise Mobility Managed Service 2 by calling 1800 994 905 or by emailing wireless@team.telstra.com (or such other phone number or email address we tell you from time to time) during the applicable Enterprise Mobility Managed Service 2 Users must contact the Service Desk for all Requests, Incidents and other support in relation to the Enterprise Mobility Managed Service 2 by calling 1800 994 905 or by emailing wireless@team.telstra.com (or such other phone number or email address we tell you from time to time) during the applicable Enterprise Mobility Managed Service 2 period.
- 4.36 All calls and emails to the Service Desk will be classified as a Request or Incident in accordance with the “Supported Device support” and “Enterprise Mobility Data service support” sections above.
- 4.37 A User may contact the Service Desk during Out of Business Hours for any Requests or Incidents in relation to:
- (a) Supported Device support – but only for Requests in relation to Supported Device passwords and Supported Device disablement (for lost or stolen Supported Devices); and
 - (b) EMP Incident support – but only for Supported EMP Application monitoring and alert response / resolution.
- 4.38 The call will be answered by an on-call service and routed to an After Hours Support Engineer who will aim to respond to the User in accordance with the applicable Service Assurance targets. All calls and emails to the Service Desk which are logged After Business Hours will be followed up by the Service Desk the next Business Day during Business Hours.
- 4.39 If the Service Desk is unable to satisfy the Request or resolve the Incident, it may liaise with any relevant third party suppliers to complete the Request or resolve the Incident on your behalf.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Service Assurance

Availability Target

4.40 We will aim, but do not guarantee, to meet the following availability targets:

Description	Definition	Target
Service Desk Availability	Service Desk Operational Integrity including systems and process.	99%
Supported EMP Application Availability – Hosted by you (subject to your hardware and network availability)	EMP technology functions including mail routing, 'push' functionality, user management and authentication/authorisation etc.	97%
Supported EMP Application Availability – Turn-Key Hosting by us	EMP technology functions including mail routing, 'push' functionality, user management and authentication/authorisation etc.	Single EMP Server: 97%. EMP Server with warm standby EMP server: 98%. EMP Server pair(s) with Active / Passive LAN Failover: 99%.

Note: EMP service availability is only applicable if we are able to deploy an EMP monitoring and alerting service.

4.41 For the avoidance of doubt, the availability target "Supported EMP Application Availability – Turn-Key Hosting by us" described above is not limited or reduced in any way by the "Request – Response and Restoration Targets" below.

4.42 Availability in a month is calculated as the number of hours for which the Enterprise Mobility Managed Service 2 is available in that month, in accordance with the following formula:

$$((\text{Scheduled Time} - (\text{Downtime} - \text{Excusable Downtime})) \times 100) / \text{Scheduled Time}$$

Where:

- (a) **"Availability"** means the Enterprise Mobility Managed Service 2 can be accessed or used by one or more Users.
- (b) **"Scheduled Time"** in a month means the number of hours specified as hours during which the Enterprise Mobility Managed Service 2 is scheduled to be available.
- (c) **"Downtime"** means the number of hours during Scheduled Time in that month during which the Enterprise Mobility Managed Service 2 is not available.
- (d) **"Excusable Downtime"** is any scheduled maintenance or planned outage period; any unavailability of the Enterprise Mobility Managed

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Service 2 caused by a defect, error or malfunction in any item of hardware, software, configuration or service, and communications not within our control; and any unavailability of the Enterprise Mobility Managed Service 2 caused by an event beyond our reasonable control.

Incident – Response and Restoration Targets

4.43 We will aim, but do not guarantee, to respond and restore an Incident within the following target timeframes:

Severity level	Response Times	Update Frequency	Restoration Times	Target
1 (Critical)	15 min	1 hour	2 hours	90%
2 (Major)	30 min	2 hours	8 hours	90%
3 (Minor)	1 hour	8 hours	2 Business Days	90%

Request – Response and Restoration Targets

4.44 We will aim, but do not guarantee, to respond and restore Requests from a User (or an authorised third party) for information or advice within the following target timeframes:

Request Type	Description	Response	Restoration			Availability	
			Urgent	Standard	Target	Business Hours	After Business Hours
IMACD	User or Device Add/Change/Delete	1 hour	1 hour*	1 Business Day 2 Business Days**	90%	Yes	No
Security	Kill Pill/Disable Device/Wipe Device	15 mins***	15mins	30mins	90%	Yes	Yes
How To / RFI	Information Request	1 hour	N/A	3 Business Days	90%	Yes	No

* The Restoration time for Urgent IMACD Requests does not apply where a Device and/or SIM Card and Service needs to be ordered.

** The Restoration time for Standard IMACD Requests to Add Users or Devices will be two Business Days if you acquire the Fleet Management service.

*** The Response time for Security changes will be within 30 minutes After Business Hours.

Quality Targets

4.45 We will aim, but do not guarantee, to meet the following Quality targets in relation to the Service Desk:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Metric	Target
Average Mean Time to Resolution	< 6hrs
GoS - % of calls answered with in 30 secs	80%
Abandoned calls	< 3%
Average Call Handling Time	< 10mins

Note:

Mean Time to Resolution is measured as an average for all Incidents and Requests. GoS, Abandoned calls and Average Call Handling Time is measured for each inbound phone, not per User.

The above Quality targets are not included in any monthly reporting. If requested, we can provide statistics on these metrics.

Service Assurance terms

- 4.46 You must provide us with all reasonable assistance in a timeframe which will enable us to meet the Service Level targets. If you are unable to do so, then the applicable target timeframes will be extended by the amount of time which elapses before you are able to provide the necessary assistance.
- 4.47 We will not be responsible for a failure to meet any Service Level targets where the failure is caused or contributed to by:
- (a) your infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed Service 2;
 - (b) any unauthorised changes to your technology infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed Service 2; or
 - (c) an act beyond our reasonable control.
- 4.48 The following statuses for Incidents and Requests will stop the Service Level clock on a ticket due to an act beyond our reasonable control to continue to resolve the Incident or Request within the applicable Service Level target:
- (a) **Waiting for User** – a User has been asked to perform a test or provide feedback on a reported Incident or Request and is not able to immediately provide the feedback or perform the test. The ticket will be placed on this status which stops the Service Level clock. The Service Desk will conduct an outbound follow up via phone or email with the User every 2 days to solicit the feedback and change the ticket status back to **Open** once the feedback has been received.
 - (b) **With Third Party** – a third party support group is required to perform an action to assist implementation of the Restore or Resolution of the Enterprise Mobility Managed Service 2. The ticket will be placed on this status which stops the Service Level clock. The Service Desk will conduct an outbound follow up via phone or email

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

with the third party every day to solicit the feedback and change the ticket status back to **Open** once the feedback has been received. Where external suppliers or your infrastructure is influencing a delay in Restoration, the Restoration time will increase to the extent of the delay.

- (c) **Restored** – the Enterprise Mobility Managed Service 2 has been restored for the User but feedback from the User to confirm the Restore was successful is not immediately available. The ticket will be placed on this status which stops the Service Level clock. The Service Desk will conduct an outbound follow up via phone or email with the User every 2 business days to solicit the feedback and change the ticket status back to **Open** once the feedback has been received.
- (d) **Waiting Change Approval** – a change request has been submitted in accordance with the change and release management process to update a Supported EMP Application and is waiting to be approved, or a ticket has been logged and an Incident is under investigation for root cause.
- (e) **Monitoring** – you or your User has agreed to put in place a monitoring period to determine whether an Incident or Request has been resolved.

Scheduled Maintenance

- 4.49 From time to time we will perform scheduled maintenance in connection with the Enterprise Mobility Managed Service 2, which may involve us interrupting the Enterprise Mobility Managed Service 2 to perform work such as network upgrades, hardware / software modifications or testing. We will provide you with reasonable prior notice.
- 4.50 You acknowledge that during any scheduled maintenance period you may not be able to retrieve or send email, appointments, data or use other Enterprise Mobility related functions.
- 4.51 The Service Level targets will not apply in relation to any scheduled maintenance.

Supported Device Fleet Management

- 4.52 If requested and approved by us, we can provide the following Fleet Management services to track and manage your mobile device fleet:
 - (a) establish and manage a Supported Device pool for the purpose of replacing faulty Supported Devices and provisioning new Supported Devices;
 - (b) record and report details of your Supported Device fleet for all your Users; and/or

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (c) make recommendations on refreshing your Supported Devices where they are 24 or more months old from the date of purchase and/or based on our assessment on the reliability and serviceability of the Supported Device.

- 4.53 You must keep the Supported Device pool at a minimum level of 3% of your total Supported Device fleet, provided there are no restrictions on the supply of Supported Devices from Supported Device Vendors.
- 4.54 We will notify you if we believe the Supported Device pool should be more than 3% of your total Supported Device fleet. If you do not increase the Supported Device pool following notification from us, the Fleet Management Service Level Targets will not apply.
- 4.55 We will not be responsible for any Supported Device which is not under our direct control.
- 4.56 We will charge you the following monthly charge for Supported Device Fleet management depending on the number of Supported Devices you have:

Number of Supported Devices	Monthly Charge (ex GST)	Monthly charge (incl. GST)
1 - 300	\$2,500.00	\$2,750.00
301 - 700	\$5,100.00	\$5,610.00
701 - 1400	\$7,700.00	\$8,470.00
1401 or more	POA	POA

Supported EMP Application - Maintenance and Monitoring

Capacity Management – Monthly User Licence

- 4.57 We will perform capacity checks for active and inactive Users against your client access licence levels.
- 4.58 We will provide a monthly report that contains:
 - (a) Number of active Users;
 - (b) Number of inactive (not activated / not running) Users; and
 - (c) Users who have had no contact with the EMP for more than 28 days.

Availability Management – EMP service monitoring

- 4.59 We will monitor the Supported EMP Application functions and services set out in the table under the heading “Supported EMP Application and Functions” for continuous stoppages of more than 15 minutes, and will generate an alert for each event of this kind. Each alert is generated as an Incident and will be initially logged as a Severity 3 Incident while we conduct further investigations. We will raise the Severity Level upon repeat alerts or if our investigations determine it is a Severity 1 or 2 Incident.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 4.60 To ensure consistent performance of the EMP core solution functions such as Email and Organiser Data Synchronisation and Reconciliation, it may be necessary to monitor certain EMP services. If we do not host the EMP, we may require you to provide us with monitoring capabilities or suitable access to enable us to monitor the Supported EMP Application functions and services.
- 4.61 To maximise the availability of your Enterprise Mobility Managed Service 2, we recommend you regularly:
- (a) perform Database consistency checks to ensure that the Enterprise Mobility Configuration Database (which is the core of the Enterprise Mobility solution and contains your Users' device settings and configuration data) remains stable and avoids corrupted data; and
 - (b) create an automated ticket to log a Request in relation to each Database consistency check performed in accordance with sub-clause (a) above to confirm whether the check was successful or unsuccessful.

Release Management

- 4.62 We will use our best endeavours to review each EMP deployment of either an application or a release, upgrade, update or patch (in relation to your EMP service or Supported Device) that has been issued by a Supported Device Vendor and acquired by you from us or the Supported Device Vendor ("**Release**") for applicability and criticality when they are available as a general release from the Supported Device Vendor. If we consider the Release to be relevant to maintaining the availability and security of your EMP service, and provided it does not impact functionality, we will:
- (a) test and implement each major EMP Release within 90 days of the Supported Device Vendor making it available as a general release;
 - (b) test and implement each minor EMP Release within 60 days of the Supported Device Vendor making it available as a general release; and
 - (c) implement any Supported Device firmware upgrades and/or patching, either prior to Supported Device activation or at the recommendation of the Supported Device Vendor,

in accordance with the change and release management process set out in the "Change and Release Management Process" section below.

Change and Release Management Process

- 4.63 You must notify us of any planned changes to the platform and its services, including the operating system, back-ups, anti-virus and security as follows:
- (a) for regular changes, you must provide us with at least 14 days prior notice; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) for emergency changes, you must provide us with at least 8 Business Hours' notice.
- 4.64 Each change or Release requested by either you or us (including any changes to the EMP configuration) must be agreed before it is implemented. We will not agree a change until the following actions have been completed to our reasonable satisfaction:
- (a) change definition completed;
 - (b) change windows identified, including resource availability (physical and technical);
 - (c) change tasks defined;
 - (d) roll-back tasks defined;
 - (e) test plan defined;
 - (f) test plan actioned, including roll-back plan (subject to constraints notified by us);
 - (g) change window confirmed (release date);
 - (h) Service Desk is notified of the release date;
 - (i) you have informed us that internal approval has been provided by each of your internal representatives concerned with the change; and
 - (j) each of our representatives and specialists has approved the change.
- 4.65 You must not make any changes to the infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed Service 2 without complying with this "Change and Release Management Process" section. You indemnify us against all losses, damages, expenses and costs (**Loss**) suffered or incurred by us arising naturally (that is, according to the usual course of things) out of any claim by a third party against us in connection with your failure to comply with this "Change and Release Management Process" section, except to the extent your failure to comply with this "Change and Release Management Process" section is caused or contributed to by us. We will also take reasonable steps to mitigate our Loss suffered or incurred in connection with such claim.

Service Management

- 4.66 If requested and approved by us, for an additional charge we can provide the following Service Management services to you, which will be set out in your separate agreement with us:
- (a) **Standard Service Management** – allocation of a Service Delivery Coordinator for service escalations, and participation in a monthly operational meeting; or

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) **Enterprise Service Management** – allocation of a Service Delivery Manager for service escalations and service management, and participation in a monthly operational meeting and monthly service review meeting.

Law of Large Numbers

- 4.67 Because percentages become less accurate for displaying results the smaller the number becomes, if the total number of tickets logged for a particular category of Incident or Request is less than 40, the below table will be used to measure and display Service Level results for reporting in accordance with the section above under the heading Change and Release Management Process.

Total Number of Tickets Logged	Allowable Ticket Failures	Ticket Failures / Enterprise Mobility Managed Service 2 Service Level result		
		Failure to meet Enterprise Mobility Managed Service 2 Service Level Targets	Enterprise Mobility Managed Service 2 Service Level Targets achieved	Enterprise Mobility Managed Service 2 Service Level Targets exceeded
1 to 10	1	≥ 2	1	0
11 to 20	2	≥ 3	2	≤ 1
21 to 30	3	≥ 4	3	≤ 2
31 to 40	4	≥ 5	4	≤ 3

Note: Service Level results are measured and displayed by the number of ticket failures compared to the total with an allowable number of failures per range of 10 tickets.

Fleet Management Service Level Targets

- 4.68 We will aim, but do not guarantee, to meet the following service level targets for the following fleet management services outlined below:

Fleet Management Services	Application	Service Level Targets
Mobile device delivery for up to 100 new service connections. (For orders of mobile devices and accessories for more than 100 new service	This service level target only applies to: <ul style="list-style-type: none"> email orders from Users; and email orders from Users with Other Devices which are 	For delivery of 90% of new mobile devices Provided the Enterprise Mobility Managed Service Desk receives your

4.69 The above service level targets will not apply:

- (a) if you order mobile devices, services or activations through any delivery channel other than the Enterprise Mobility Managed Service Desk; or
- (b) to any orders received in relation to Other Users Devices (as described in clause above under the heading "Eligibility").

Additional Services

4.70 For an additional fee, you may also purchase additional services in the form of:

- (a) 24/7 Service Support;
- (b) Managed App Services (MAS); and
- (c) Managed App Reputation Scanning (MARS),

together the (Additional Services).

4.71 The Additional Services are only available to Customers with an existing EMMS service (which may include T-MDM or supported MDM).

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

24/7 Service Support

- 4.72 We will operate a 24 hour, seven day a week service desk (24/7 Service Support) for your company’s staff to contact which includes the full capabilities of the Service Desk but on a 24/7 operational cycle and is available for all Enterprise Mobility Managed service packages.
- 4.73 Users must contact 24/7 Service Support for all Requests, Incidents and other support in relation to the relevant Enterprise Mobility Managed service by calling 1800 994 905 or emailing support@mscmobility.com.au (or such other phone number or email address as notified by us from time to time) during the applicable Enterprise Mobility Managed service period.
- 4.74 All calls and emails to 24/7 Service Support will be classified as a Request or Incident in accordance with relevant clauses beginning at clause 4.27.
- 4.75 If 24/7 Service Support is unable to satisfy the Request or resolve the Incident, it may liaise with any relevant third party suppliers to complete the Request or resolve the Incident on your behalf.
- 4.76 We aim, but do not guarantee, to make 24/7 Service Support available in accordance with the Availability Targets set out in the relevant clauses beginning at clause 4.40.

Service Matrix

- 4.77 The 24/7 Service Support includes the following functionality:

Service Desk – General Service Access	
Email and Phone Support	Tickets can be logged with Telstra via phone or email as per the Service Desk phone number and email address respectively. It is recommended that End Users use phone support for After Business Hours (urgent / business critical incidents).
End User Service Desk – Level 1 First Point of Contact	A Level 1 Service Desk service with direct End User support. All incidents and requests are directed to Telstra who will manage resolution and escalation.
IT Service Desk Support – Level 2 and Level 3 IT Escalations	A Level 2 and 3 Service Desk for escalations from a Telstra Customer’s IT service desk. All MDM administration is performed by our 3 rd party.
MDM Administrator Support	A Level 3 Service Desk for Business Critical Severity 1 incidents and MDM console access incidents ONLY.
Product Vendor Escalations and Management	Product Vendor related incidents are escalated to the Product Vendor and managed by Telstra’s 3 rd party where required.

24/7 Service Support – Pricing

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

4.78 24/7 Support Service charges:

24/7 Service Support Components	Low	Medium	High
Per Month Access (GST Exclusive)	\$2,500.00	\$5,000.00	POA
Per Month Access (GST Inclusive)	\$2,750.00	\$5,500.00	POA
Per Ticket (GST Exclusive)	\$150.00	\$125.00	POA
Per Ticket (GST Inclusive)	\$165.00	\$137.50	POA
Fair Use Policy (FUP)*	20 tickets	50 tickets	POA

Note:

- *Fair Use Policy (FUP) – has been designed to meet the organisational requirements of Customers. This tiered pricing includes the FUP that indicates the ticket per month allowance.
- 24/7 Service Support ticket reports will be generated monthly and provided through Service Delivery Management channels.
- End User app support service consumption is reviewed monthly and adjustments are negotiated quarterly.
- This product has been developed for existing EMMS Customers but is also available to new EMMS Customers.

Managed App Services (MAS)

4.79 MAS is a suite of services incorporating app procurement, deployment, configuration, security, reporting, compliance and support. It also provides an optional capability to have a managed service wrapped around Bespoke Enterprise App Management for Telstra preferred app developers that can assist in the complex change management of bespoke app deployment and support.

4.80 MAS includes:

- Service Design, Build & Implementation (Mandatory Customer requirement)
- Public Business and Productivity App Matching
- Corporate App Store Branding & Management
- Corporate App Procurement Service
- MAS - Reporting
- MAS - Ongoing Maintenance and Upgrades
- Bespoke Enterprise App Management - Optional

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Service Design, Build & Implementation (Mandatory Customer requirement)

- 4.81 Service Design and build process consists of an introductory meeting (between you and Telstra representatives) to define and design the MAS as per your business requirements. We will manage the end to end design of the service, implement and activate the required components. The process includes the following:
- (a) Project Scoping
 - (b) Agreed Service Design & Statement of Work
 - (c) Build, test, pilot & sign off
 - (d) Service Transition & on boarding
 - (e) EMMS Platform Configuration
 - (f) Public App Management (Optional)

Public Business and Productivity App Matching

- 4.82 We will consult with you to define a policy around how public apps are managed on your device fleet to understand current app usage by Users, define a list of same or equivalent apps that allow business continuity to be pushed out to Users and which can be automatically or manually updated over Wi-Fi or cellular networks.

Corporate App Store Branding & Management

- 4.83 Supplier will define and build a corporate branded App store as a single go to reference for End Users to retrieve recommended business and productivity apps for the End User. The corporate app store will be pushed down over the air and may incorporate the Customer's corporate logo and or colours if required (platform dependent).

Corporate App Procurement Service

- 4.84 We will provide an app procurement service for you to enable you to purchase and deploy paid public apps which can be licensed, billed and registered to your business. We may also assist in the integration of the app store licensing to EMMS supported platforms and push these apps over the air or remove them when required from your Users' devices (iOS Devices only).

MAS - Reporting

- 4.85 We will report to you monthly on applicable service level utilization and implementation which will include the following:
- (a) Project Management Implementation;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) Apps deployed on EMMS platforms;
- (c) App version information;
- (d) Corporate App Store Apps;
- (e) Bespoke Enterprise Managed Apps; and
- (f) Paid Public App Licensing.

MAS - Ongoing Maintenance and Upgrades

- 4.86 We will provide ongoing maintenance of the Managed App Service including Corporate App Store Management, Procurement and Management of Apps & Public App Management. From time to time we may also be required to undertake any underlying platform upgrades to maintain the Managed App Service.
- 4.87 You acknowledge that during any scheduled maintenance period you may not be able to retrieve or use apps or other Enterprise Mobility related functions.
- 4.88 Any Service Level targets will not apply in relation to any scheduled maintenance.

Bespoke Enterprise App Management - Optional

- 4.89 The Bespoke Enterprise App Management provides you with support to build and deploy enterprise apps for End Users. We provide the managed services to work with app developers to ensure that apps are deployed correctly, maintained and meet your corporate compliance standards and are effectively supported.
- 4.90 We will work with our preferred app developers to provide you the following:
- (a) service design - build a level of service to meet your business requirements based on the supported app;
 - (b) secure app retrieval from the developer – we will work with the supported developer to ensure that app code is transferred in a secure method to the EMMS platform;
 - (c) app deployment through EMMS supported platforms - creation of group and device deployment policies (including basic testing) to User devices over the air and app updates when required within fair use policy.
 - (d) change & release management - manage timing of releases with the supported app developers to manage app deployment, changes and updated to software;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (e) user credentials field injection for supported apps - where supported, We can populate app settings on mass with user credentials which can significantly increase User experience;
- (f) User support for Bespoke Enterprise Managed Apps - Users may call the Service Desk for bespoke Enterprise App Support for which we will endeavour to provide assistance at first call;
- (g) basic app troubleshooting and escalation – We will provide basic app troubleshooting services with defined apps for Users; and
- (h) ticket management for supported Bespoke Enterprise Managed Apps – where required, we will escalate support to the app developer and manage the service ticket until close within standard SLA’s as set out in clauses 4.40 onward.

Managed App Services charges:

4.91 The Managed App Service charges are as follows:

Managed App Service Components	Charges (GST Exclusive)		Charges (GST Inclusive)			
Public App Management						
Service Design, setup and Implementation. Once off setup fee.	\$5000.00		5,500.00			
Public App Management Service Fee - per month	\$2000.00		\$2,200.00			
Bespoke Enterprise App Management						
	1 - 5 Apps (GST Exclusive)	1 - 5 Apps (GST Inclusive)	6 - 10 Apps (GST Exclusive)	6 - 10 Apps (GST Inclusive)	10 + Apps, (GST Exclusive)	10 + Apps (GST Inclusive)
Bespoke Enterprise App Deployment - per app	\$4000	\$4,400	\$4000	\$4,400	POA	POA

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

App maintenance – per app per month (incl. 2 changes per month)	\$1500	\$1650	\$1250	\$1,375	POA	POA
Additional changes thereafter per request	\$500	\$550	\$500	\$550	POA	POA
App Support Service Consumption rates	2.00% ticket rate	2.00% ticket rate	2.63% ticket rate	2.63% ticket rate	2.8% ticket rate	2.8% ticket rate
User Service Desk Support - per app, per month.*	\$1.55	\$1.71	\$1.85	\$2.04	\$2.15	\$2.37

Note:

- User app support measured as tickets raised per app per month as a % of each app in deployed population.
- All End User app support services start at reference rate of 2.8%.
- End user app support service consumption is reviewed monthly and adjustments are negotiated quarterly.
- End user app support service fees may be higher or lower than the listed fees if very high or very low consumption rates occur in the support trend.

Managed App Reputation Scanning (MARS) service

4.92 The MARS Service is an optional feature of the Managed App Service which is only available to EMMS Customers who have T-MDM or another supported MDM.

4.93 The MARS Service includes:

- Service Design, Setup & Implementation
- Integration & Management; and
- MARS Reporting and Ongoing Management

MARS Service Design, Setup & Implementation

4.94 Service Design and Setup consists of an introductory meeting with you to define and design the Managed App Reputation Scanning solution tailored to

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

your requirements. We will manage the end to end design of the service, implementation and activate the required components which include the following:

- (a) Project Scoping;
- (b) Security policy design;
- (c) Escalation process design and remediation rules;
- (d) Agreed Service Design & Statement of Work;
- (e) Build, test & sign off; and
- (f) Service Transition & on boarding.

4.95 We will provide identification of apps which we believe may show signs of risky behaviour and are therefore a security or stability threat to your device fleet. We will automatically remediate them based on your business security requirements and build appropriate policy to follow in the future as well as provide regular app security updates reports.

4.96 As part of our Security Policy Design, we will develop remediation actions, policy definition, whitelisting and blacklisting of apps to maintain security standards taking into account a balance between risk and your users' experience.

MARS Integration & Management

4.97 EMMS & App Reputation Scanning Integration: We will integrate the cloud hosted App Reputation Scanning engine with the existing EMMS platform (including where you who have selected T-MDM or other supported platform as your MDM platform) which requires the installation and configuration of the scanning engine with the MDM platform for reporting.

4.98 The App Reputation Scanning Engine hosting is included in the Managed App Service.

MARS Reporting and Ongoing Management

4.99 Reporting: We will provide monthly reporting in discussion with you around app risk analysis which will be delivered through service management by performing the following:

- (a) Devices scanned & under management;
- (b) Unique apps in the device environment;
- (c) App risk violations report;
- (d) Top 10 riskiest apps;
- (e) Policy violation intelligence;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (f) Risk reduction intelligence;
- (g) Policy management; and
- (h) Tailored compliance remediation review.

4.100 Ongoing Management and Maintenance: As a part of our ongoing maintenance of the Managed App Reputation Scanning Service, We will maintain the MARS service for you which includes app scanning, updates, integration and policy management and we will ensure that any underlying platform upgrades are performed to maintain the Managed App Reputation Scanning Service.

4.101 Managed App Reputation Scanning – Pricing: The following charges apply for the Managed App Reputation Scanning service:

Managed App Reputation Scanning Service			
Volume	5000	5001-10,000	10,000+
Service Design, setup and Implementation. Once off setup fee. (GST Exclusive)	\$10,000	\$10,000	POA
Service Design, setup and Implementation. Once off setup fee. (GST Inclusive)	\$11,000	\$11,000	POA
Monthly Service Fee per Supported Device (GST Exclusive)	\$2.50	\$2.00	POA
Monthly Service Fee per Supported Device (GST Inclusive)	\$2.75	\$2.20	POA

MARS Minimum Term

4.102 If you take up MARS as part of your Enterprise Mobility Managed Service 2 on or after 20 November 2016, you must do so for a minimum term of 12 months (MARS Minimum Term). If your Enterprise Mobility Managed Service 2 or MARS is cancelled or terminated during the MARS Minimum Term other than for our breach your agreement with us, early termination charges (MARS ETCs) will apply for MARS.

We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to: $A \times B \times C \times 0.75 = \text{ETC}$

where:

- **A** is the applicable Monthly Service Fee per Supported Device for your MARS;
- **B** is your number of Supported Devices; and
- **C** is the number of months remaining (or part thereof) of the MARS Minimum Term.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Other professional services

4.103 If requested and approved by us, we can provide the following professional services which will be set out in your separate agreement with us.

Description	Charge (ex GST)	Charge (incl. GST)

Your obligations

- 4.104 You must nominate a person to be your single point of contact with us for all matters in relation to the Enterprise Mobility Managed Service 2.
- 4.105 Unless otherwise specified as part of your Enterprise Mobility Managed Service 2 package, you and your Users are responsible for the purchase of any Enterprise Mobility service, Supported Devices and accessories, and any other ancillary products and services.
- 4.106 Unless we host the EMP, you must not prevent us from connecting to the EMP server located on your premises for the purpose of us providing the Enterprise Mobility Managed Service 2, unless the method of connection:
- (a) breaches your documented IT security policy for remote connections;
 - (b) poses a significant and tangible threat to your business operations;
or
 - (c) your Enterprise Mobility Managed Service 2 has been terminated.
- 4.107 You acknowledge that mechanisms and procedures that you may use for the purpose of establishing secure external third party connections may hinder or prevent us from providing the Enterprise Mobility Managed Service 2. If so, the parties will work together in good faith to implement a suitable external third party connection scheme that will enable us to provide the Enterprise Mobility Managed Service 2.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

4.108 You:

- (a) must not resell or resupply the Enterprise Mobility Managed Service 2;
- (b) unless we host the EMP, are responsible for the platform and its services including the operating system, back-ups, anti-virus and security. Backups should include the SQL database, Supported EMP Applications and the operating system;
- (c) must not make any unauthorised changes to any infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed Service 2 without complying with the change and release management process set out in the section under the heading Change and Release Management Process_{above};
- (d) must promptly notify us of any changes to your technology environment which may impact the Enterprise Mobility Managed Service 2, including any changes to your email infrastructure and network (such as firewalls and gateways);
- (e) must provide us (or our suppliers or representatives) with all reasonable assistance and access to your information, premises, systems and equipment (including Supported Devices) as requested by us from time to time in connection with us providing the Enterprise Mobility Managed Service 2; and
- (f) must comply with all our reasonable instructions and procedures in relation to the Enterprise Mobility Managed Service 2 as advised or notified to you.

4.109 You must ensure that you have sufficient security infrastructure in place to prevent email viruses, denial of service attacks and other malicious digital attacks. Subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, we will not be liable for any loss or damage that you or any other person may suffer as a result of:

- (a) your Supported Devices; or
- (b) unless we host the EMP, EMP infrastructure,

becoming infected with a virus, malware or other form of malicious software, except to the extent the event giving rise to the loss or damage is caused or contributed to by our (or our contractors') negligence or breach of Our Customer Terms.

4.110 If we need to attend your premises in relation to the Enterprise Mobility Managed Service 2, you must ensure that our personnel (or our representatives) are provided with a safe and appropriate working environment when working on your premises.

4.111 You warrant that your use of the Enterprise Mobility Managed Service 2 will not:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) breach any law, regulation, industry code or standard; or
- (b) infringe the rights of any third party.

4.112 You indemnify us against all losses, damages, expenses and costs suffered or incurred by us that arise naturally (that is, according to the usual course of things) out of any claim against us in connection with your failure to comply with this “Your Obligations” section, except to the extent your failure to comply with this “Your Obligations” section is caused or contributed to by us. We will also take reasonable steps to mitigate our Loss suffered or incurred in connection with such claim.

Using your Device overseas

- 4.113 You acknowledge that you could breach the laws of another country (in particular the United States or Canada) if you use, send or take a Supported Device outside of Australia. This is partly due to laws regulating the importation, exportation and use of encryption software embedded within a Supported Device.
- 4.114 You may only use a Supported Device in, or send or take it to or from, other countries approved by us for your network. We will provide a list of approved countries for Supported Devices on the telstra.com website, which we may update from time to time.

Password protection

- 4.115 Each Supported Device has a password protection function. You must make sure that this function is always activated on your Supported Device, regardless of who is using it.

Responsibility for use of the Enterprise Mobility Managed Service 2

- 4.116 You are solely responsible for your use of the Enterprise Mobility Managed Service 2 and the content and security of any data or information which is sent or received using your Supported Device and the Enterprise Mobility Managed Service 2.

Acceptable Use Policy

- 4.117 You must use your Supported Device, our services and our networks in accordance with our Acceptable Use Policy (as we vary it from time to time) which is available at www.telstra.com. We may suspend or terminate your access to our networks if we reasonably believe that you are in breach of our Acceptable Use Policy. We will tell you before this happens.

Special Meanings

- 4.118 The following words have the following special meanings:
- (a) **Incident** means an event which is not part of the standard operation of a service and which causes or may cause disruption to a reduction in the quality of services and User productivity, as described in the

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

sections above entitled Supported Device support and Enterprise Mobility Data service support.

- (b) **Metropolitan Area** or **Metropolitan** means the metropolitan areas in Sydney, Canberra, Melbourne, Brisbane, Perth, Hobart and Adelaide.
- (c) **Request** means a request from a User (or an authorised third party) for information or advice, as described in the sections above entitled Supported Device support and Enterprise Mobility Data service support.
- (d) **Response** occurs when action is taken to assign an Incident or Request ticket and an email is sent to the requestor to inform them the Incident or Request has been received and assigned to an individual person for resolution.
- (e) **Restoration** occurs when action is taken to implement and confirm that the User has the required level of Enterprise Mobility Managed Service 2 working to perform their job role or function (E.g. restore an email sending incident so the User can send email from their Supported Device). Restoration may be implemented by performing a workaround or temporary resolution which will be followed up at a later date and have a permanent resolution implemented or may be implemented using a permanent resolution.
- (f) **Severity 1 (Critical)** means failure of the system with a major business impact affecting more than one User, business critical system or process with no workaround.
- (g) **Severity 2 (Major)** means one or more Users are affected by the failure of a business critical system or Supported EMP Application which may have a workaround that cannot be sustained over a reasonable period of time (more than 1 day).
- (h) **Severity 3 (Minor)** means one User is affected and not business critical which may have a workaround that can be sustained over a reasonable period of time (more than 1 day).
- (i) **Standard Request** means there is no immediate impact and the request is not business critical.
- (j) **Supported Device** means:
 - (i) an eligible BlackBerry device that is manufactured by Research in Motion Limited (**RIM**) and approved by us, including the BlackBerry devices running BlackBerry operating system versions from 7.x minus 4 versions and BlackBerry devices running operating system versions 10.x and above;
 - (ii) an eligible smartphone device that is manufactured by a Supported Device Vendor and which is approved by us and notified to you in writing from time to time, including the Apple

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

iPhone MC131X or later model, Apple devices running iOS 3.1 or later version, devices using the Windows Phone 7 and Windows Phone 8 operating system, and devices using the Android operating system; and

(iii) any other eligible mobile and smartphone devices that are approved by us.

We may change the Supported Device from time to time on written notice to you.

- (k) **Supported EMP Application** means an eligible software application supplied by a Supported EMP Vendor which is approved by us and compatible with the Enterprise Mobility Managed Service 2, and which form part of the Enterprise Mobility Managed Service 2 tiers. We may change the Supported EMP Applications from time to time on written notice to you.
- (l) **Supported EMP Vendor** means an eligible vendor that supplies EMP services that are approved by us and compatible with the Enterprise Mobility Managed Service 2, and which form part of the Enterprise Mobility Managed Service 2 tiers. We may change the Supported EMP Vendors from time to time on written notice to you.
- (m) **Supported Device Vendor** means a vendor that manufactures Supported Devices, including Apple Pty Limited and Apple Inc. We may change the Supported Device Vendors from time to time on written notice to you.
- (n) **Urgent Request** means there is an immediate impact and / or the request is business critical.

5 ENTERPRISE MOBILITY MANAGED SERVICE

Enterprise Mobility Managed Service is not available to customers who sign a new Enterprise Mobility Managed Service agreement on and from 1 February 2014, unless otherwise agreed).

What is the Enterprise Mobility Managed service?

- 5.1 Our Enterprise Mobility Managed service provides monitoring, management, maintenance and user support services by way of a managed application layer for eligible customers in relation to Enterprise Mobility services and eligible Supported Handsets. We also provide a service desk for the purposes of supporting the Enterprise Mobility Platform. You may also purchase Additional Services as set out in these terms.
- 5.2 You may apply for any one of the following Enterprise Mobility Managed service packages (**Enterprise Mobility Managed service**):
 - (a) Entry Level Package

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) Base package;
 - (c) Premium package; or
 - (d) Premium Plus package.
- 5.3 Unless otherwise specified as part of your Enterprise Mobility Managed service package, the Enterprise Mobility Managed service does not include:
- (a) Supported Handset logistics (excluding activation), procurement, repair or replacement;
 - (b) Enterprise Mobility Managed service continuity management; or
 - (c) Hosting the Enterprise Mobility Platform.

What is the Enterprise Mobility Platform?

- 5.4 The Enterprise Mobility Platform is the component of the Enterprise Mobility Managed service solution that either provides corporate wireless data synchronisation and device management services to Supported Handsets, or manages the corporate wireless data synchronisation and device management services to Supported Handsets. The Enterprise Mobility Platform is made up of server infrastructure, an operating system and an enterprise mobility platform application.
- 5.5 If you would like to apply for an Enterprise Mobility Managed service to support Supported Handsets (other than BlackBerry handsets), you must connect the handsets to an Enterprise Mobility Platform. The Enterprise Mobility Platform can either be hosted by us or by a Supported EMP Vendor approved by us (to ensure the Supported EMP Vendor's Enterprise Mobility Platform is compatible with your Enterprise Mobility Managed service).
- (a) If the Enterprise Mobility Platform is hosted by us or Supported EMP Vendor, certain terms below regarding the Enterprise Mobility Managed service will not apply to you (as specified below).
 - (b) If you choose for the Enterprise Mobility Platform that is not hosted by us or by a Supported EMP Vendor in order to allow compatibility with our systems and the Enterprise Mobility Managed Service that we provide, you may be required to agree to an End User Licence Agreement (**EULA**) in relation to the Enterprise Mobility Managed service with Mobile Iron, Inc. (as amended from time to time) or another third party approved by us. You may obtain a copy of the EULA from us upon your request.

Minimum Term

- 5.6 You must take the Enterprise Mobility Managed service for a minimum term of 24 months.

If your Enterprise Mobility Managed service is cancelled or terminated for any reason (other than for our material breach) during the minimum term,

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to::

$A \times B \times 25\%$

Where:

"A" means the average service charges paid or payable each month by you for the Enterprise Mobility Managed service up to the date of cancellation or termination.

"B" means the number of months (or part of a month) remaining in the minimum term.

You acknowledge that this amount is a genuine pre-estimate of the loss that we are likely to suffer.

Service charges

- 5.7 You must pay us the Enterprise Mobility Managed service charges specified below. For the avoidance of doubt, these service charges do not include any charges for any underlying telecommunications services used in connection with the Enterprise Mobility Managed service.

Monthly Support charges (Entry Level package)

- 5.8 The Minimum monthly service fee for Entry Level package is

Service description	Monthly Charge (ex GST)	Monthly Charge (incl. GST)
Minimum monthly service fee	\$600	\$660

- 5.9 The Entry Level package per user charge will be specified in your Application Form or other agreement with us.

Monthly Support charges – (Base, Premium and Premium Plus Packages - for connections before 27 July 2011)

- 5.10 If you connected to the Base, Premium or Premium Plus package before 27 July 2011, we will charge you the following Monthly Support Charges for using the Enterprise Mobility Managed service charges.

Service description	Monthly Charge (ex GST)	Monthly Charge (incl. GST)
Base Package		
Minimum monthly service fee	\$250	\$275
Base package	\$11 per User	\$12.10 per User
Premium Package		

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Minimum monthly service fee	\$250	\$275
Premium package	\$16 per User	\$17.60 per User
Premium Plus Package		
Minimum monthly service fee	\$1,500	\$1,650
Premium Plus package	\$26.00 per User	\$28.60 per User

Monthly Support charges – (Base, Premium and Premium Plus Packages - for connections on or after 27 July 2011)

- 5.11 If you connected to the Base, Premium or Premium Plus package on or after 27 July 2011, we will charge you the following Monthly Support Charges for using the Enterprise Mobility Managed service charges:

Service description	Monthly Charge (ex GST)	Monthly Charge (incl. GST)
Base Package		
Minimum monthly service fee	\$250	\$275
Base package	\$13.64 per User	\$15.00 per User
Premium Package		
Minimum monthly service fee	\$454.50	\$500.00
Premium package	\$18.18 per User	\$20.00 per User
Premium Plus Package		
Minimum monthly service fee	\$590.91	\$650
Premium package	\$23.64 per User	\$26.00 per User

Eligibility

- 5.12 You are only eligible for the Enterprise Mobility Managed Service if you are a business or corporate customer.
- 5.13 You can only use the Enterprise Mobility Managed service if:
- (a) you or a person within your organisation has:
 - (i) an active Enterprise Mobility service provided by us with a properly configured Supported Handset that allows you to send and receive e-mail over the internet, browse the internet using the Enterprise Mobility HTML browser and to use our compatible networks for voice calls, text messages and BigPond mobile Enterprise Mobility Managed services (**Enterprise Mobility service**) unless otherwise agreed to by us. If we agree to support a handset to users in your fleet that does not meet this criteria (**Other Users Devices**) then we will only support Other Users Devices for the following functions:
 - (A) support from the Service Desk for incidents and requests as part of Supported Handset Applications and Supported

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Hardware support (except to the extent that you have acquired Supported EMP Applications and Functions from us);

(B) Scheduled Maintenance (other than in respect of the EMP);
and

(C) Service Management (other than in respect of the EMP)

(ii) a Supported Handset that is connected to an Enterprise Mobility Platform that is supplied either by us or by a Supported EMP Vendor; and

(iii) a Supported Handset that is approved by us for the purposes of using the Enterprise Mobility Managed service (**User**);

(b) Users acquire and maintain a compatible Enterprise Mobility Enterprise Mobility Managed service and Supported Handset with us;

(c) Users maintain an Enterprise Mobility Platform that is compatible with the Enterprise Mobility Managed service, either with us or with a Supported EMP Vendor;

(d) the Supported Handsets are not classified as 'end-of-line' by the Supported Vendor and do not have software that is more than 4 releases from the current software recommended by the Supported Vendor;

(e) unless we host the Enterprise Mobile Platform, you deploy a connection protocol approved by us for the management and support of the Enterprise Mobility Platform; and

(f) unless we host the Enterprise Mobility Platform, you deploy the EMP monitoring and alerting Enterprise Mobility Managed services on independent infrastructure to allow us to proactively respond to EMP platform issues.

5.14 Unless otherwise specified as part of your Enterprise Mobility Managed service package, you are responsible for any hardware, facilities, Supported Handsets, accessories or Enterprise Mobility Managed services, and any other telecommunication Enterprise Mobility Managed services and equipment required to use the Enterprise Mobility Managed service.

Supported Applications, Functions and Enterprise Mobility Managed Services

5.15 The Enterprise Mobility Managed service only applies in relation to the applications, functions and Enterprise Mobility Managed services set out below or otherwise approved by us in writing. We are not responsible for performance of the Enterprise Mobility Managed service in relation to any non-approved applications (including any User installed applications), functions and Enterprise Mobility Managed services.

Service Assurance

5.25 We will aim, but do not guarantee, to provide the Enterprise Mobility Managed service in accordance with the service levels set out below.

Service Desk

5.26 **Entry Level and Base Package – Service Desk:** We will operate a service desk for members of your company’s IT department staff who have previously registered with us to contact as follows:

Enterprise Mobility Managed service package	Enterprise Mobility Managed service period	Australian Eastern Standard Time (AEST) or Australian Daylight Savings Time (ADSL)
Entry Level package	Business Hours	08:30 – 17:30 Monday to Friday (excluding National Public Holidays)
Base package	Business Hours	08:30 – 17:30 Monday to Friday (excluding National Public Holidays)
	Out Of Business Hours	20:00 – 08:00 Monday to Saturday; 08:00 Saturday – 08:00 Monday; and National Public Holidays (24 hours)

5.27 **Premium, Premium Plus Packages – Service Desk:** For all Enterprise Mobility Managed service packages except for Entry Level and Base package, we will operate a service desk for Users to contact (Service Desk) as follows:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Enterprise Mobility Managed service package	Enterprise Mobility Managed service period	Australian Eastern Standard Time (AEST) or Australian Daylight Savings Time (ADSL)
Premium package	Business Hours	08:00 – 20:00 Monday to Friday (excluding National Public Holidays)
	Out of Business Hours	20:00 – 08:00 Monday to Saturday; 08:00 Saturday – 08:00 Monday; and National Public Holidays (24 hours)
Premium Plus package	Business Hours	08:00 – 20:00 Monday to Friday (excluding National Public Holidays)
	Out of Business Hours	20:00 – 08:00 Monday to Saturday; 08:00 Saturday – 08:00 Monday; and National Public Holidays (24 hours)

- 5.28 Users must contact the Service Desk for all Requests, Incidents and other support in relation to the Enterprise Mobility Managed service by calling 1800 994 905 or emailing support@mscmobility.com.au (or such other phone number or email address as notified by us from time to time) during the applicable Enterprise Mobility Managed service period.
- 5.29 All calls and emails to the Service Desk will be classified as a Request or Incident in accordance with the sections above entitled Supported Handset support and Enterprise Mobility Data service support.
- 5.30 If you have the Entry Level and Base package, all calls and emails to the Service Desk which are logged outside Business Hours will be followed up by the Service Desk the next Business Day during Business Hours.
- 5.31 If you have the Base, Premium or Premium Plus package, a User may contact the Service Desk during Out of Business Hours for any Requests or, Incidents in relation to:
- (a) Supported Handset support – but only for Requests in relation to Supported Handset passwords and Supported Handset disablement (for lost or stolen Supported Handsets); and
 - (b) BES or EMP Incident support – but only for platform Application monitoring and alert response / resolution.
 - (c) The call will be answered by an on-call service and routed to an After Hours Support Engineer who will attempt to contact the User within 1 hour of receiving the call. All calls and emails to the Service Desk which are logged during Out of Business Hours will be followed up by the Service Desk the next Business Day during Business Hours.
- 5.32 If the Service Desk is unable to satisfy the Request or resolve the Incident, it may liaise with any relevant third party suppliers to complete the Request or resolve the Incident on your behalf.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Availability Targets

5.33 We will aim, but do not guarantee, to make the Service Desk available in accordance with the following availability targets:

Description	Definition	Target
Enterprise Mobility Managed service Desk Availability	Service Desk Operational Integrity including systems and process.	99%
EMP Application Availability – Hosted by you (subject to your hardware and network availability)	EMP technology functions including mail routing, 'push' functionality, user management and authentication/authorisation etc.	Base package: 97% during Business Hours. Premium package: 97%.
EMP Application Availability – Turn-Key Hosting by us	EMP technology functions including mail routing, 'push' functionality, user management and authentication/authorisation etc.	Single EMP Server: 97%. EMP Server with warm standby EMP server: 98%. EMP Server pair(s) with Active / Passive LAN Failover: 99%.

Note: EMP service availability is only applicable if we are able to deploy an EMP monitoring and alerting service.
For the avoidance of doubt, the availability target "EMP Application Availability – Turn-Key Hosting by us" described above is not limited or reduced in any way by the "Request – Response and Restoration Targets" below.

Availability in a month is calculated as the number of hours for which the Enterprise Mobility Managed service is available in that month, in accordance with the following formula:

$$\frac{((\text{Scheduled Time} - (\text{Downtime} - \text{Excusable Downtime})) \times 100)}{\text{Scheduled Time}}$$

Where:

- **"Availability"** means the Enterprise Mobility Managed service can be accessed or used by one or more Users.
- **"Scheduled Time"** in a month means the number of hours specified as hours during which the Enterprise Mobility Managed service is scheduled to be available.
- **"Downtime"** means the number of hours during Scheduled Time in that month during which the Enterprise Mobility Managed service is not available.
- **"Excusable Downtime"** is any scheduled maintenance or planned outage period; any unavailability of the Enterprise Mobility Managed service caused by a defect, error or malfunction in any item of hardware, software, configuration or service, and communications

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

not within our control; and any unavailability of the Enterprise Mobility Managed service caused by an event beyond our reasonable control.

Incident - Response and Restoration Targets

5.34 We will aim, but do not guarantee, to respond and restore an Incident within the following target timeframes:

Base package

Severity level	Response Times	Update Frequency	Restoration Times	Target
1 (Critical)	30 min	2 hour	4 hours	90%
2 (Major)	60 min	4 hours	1 Business Day	90%
3 (Minor)	2 hour	8 hours	3 Business Days	90%

Premium package

Severity level	Response Times	Update Frequency	Restoration Times	Target

Quality Targets

5.36 We will aim, but do not guarantee, to meet the following Quality targets in relation to the Service desk:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Base package

Metric	Target
Average Mean Time to Resolution	< 10hrs
GoS - % of calls answered with in 45 secs	70%
Abandoned calls	< 5%
Average Call Handling Time	< 15mins

Premium package

Metric	Target
Average Mean Time to Resolution	< 6hrs
GoS - % of calls answered with in 30 secs	80%
Abandoned calls	< 3%
Average Call Handling Time	< 10mins

Premium Plus package

Metric	Target
Average Mean Time to Resolution	< 6hrs
GoS - % of calls answered with in 30 secs	80%
Abandoned calls	< 3%
Average Call Handling Time	< 10mins

Note:

- Mean Time to Resolution is measured as an average for all Incidents and Requests.
- GoS, Abandoned calls and Average Call Handling Time is measured for each inbound phone, not per User.
- The above Quality targets are not included in any monthly reporting. If requested, we can provide statistics on these metrics.

Service Assurance terms

- 5.37 You must provide us with all reasonable assistance in a timeframe which will enable us to meet the Service Level targets. If you are unable to do so, then the applicable target timeframes will be extended by the amount of time which elapses before you are able to provide the necessary assistance.
- 5.38 We will not be responsible for a failure to meet any Service Level targets where the failure is caused or contributed to by:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) your infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed service;
- (b) any unauthorised changes to your technology infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed service; or
- (c) an act beyond our reasonable control.

5.39 The following statuses for Incidents and Requests will stop the Service Level clock on a ticket due to an act beyond our reasonable control to continue to resolve the Incident or Request within the applicable Service Level target:

- (a) **Waiting for User** – a User has been asked to perform a test or provide feedback on a reported Incident or Request and is not able to immediately provide the feedback or perform the test. The ticket will be placed on this status which stops the Enterprise Mobility Managed Service Level clock. The Enterprise Mobility Managed service Desk will conduct an outbound follow up via phone or email with the User every 2 days to solicit the feedback and change the ticket status back to **Open** once the feedback has been received.
- (b) **With Third Party** – a third party support group is required to perform an action to assist implementation of the Restore or Resolution of the Enterprise Mobility Managed service. The ticket will be placed on this status which stops the Service Level clock. The Service Desk will conduct an outbound follow up via phone or email with the third party every day to solicit the feedback and change the ticket status back to **Open** once the feedback has been received. Where external suppliers or your infrastructure is influencing a delay in Restoration, the Restoration time will increase to the extent of the delay.
- (c) **Restore-Confirm** – the Enterprise Mobility Managed service has been restored for the User but feedback from the User to confirm the Restore was successful is not immediately available. The ticket will be placed on this status which stops the Service Level clock. The Service Desk will conduct an outbound follow up via phone or email with the User every 2 days to solicit the feedback and change the ticket status back to **Open** once the feedback has been received.

Scheduled Maintenance

- 5.40 From time to time we will perform scheduled maintenance in connection with the Enterprise Mobility Managed service, which may involve us interrupting the Enterprise Mobility Managed service to perform work such as network upgrades, hardware / software modifications or testing. We will provide you with reasonable prior notice.
- 5.41 You acknowledge that during any scheduled maintenance period you may not be able to retrieve or send email, appointments, data or use other Enterprise Mobility related functions.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

5.42 The Service Level targets will not apply in relation to any scheduled maintenance.

Enterprise Mobility Asset and Fleet Management (Supported Handset pool)

5.43 If you have the Premium Plus package, we will:

- (a) establish and manage a Supported Handset pool for the purpose of replacing faulty Supported Handsets and provisioning new Supported Handsets;
- (b) track and record required Enterprise Mobility asset details for all your Users;
- (c) report on required Enterprise Mobility asset details for asset management purposes; and
- (d) make recommendations on refreshing your Supported Handsets where they are 24 or more months old from the date of purchase and/or based on our assessment on the reliability and serviceability of the Supported Handset.

5.44 We will keep the Supported Handset pool at a minimum level of 3% of your total Supported Handset fleet, provided there are no restrictions on the supply of Supported Handsets from Supported Vendors.

5.45 You must notify us of any change in the size of your Supported Handset fleet which is greater than 10%, in which case the parties will discuss and agree any necessary changes to the Enterprise Mobility Managed service.

5.46 We will not be responsible for any Supported Handset which is not under our direct control.

EMP Platform Application - Maintenance and Monitoring

Capacity Management – Monthly User Licence

5.47 We will perform capacity checks for active and inactive Users against your client access licence levels.

5.48 We will provide a monthly report that contains:

- (a) Number of inactive (not activated / not running) Users;
- (b) Users who have had no contact with the EMP for more than 14 days; and
- (c) Users who have had no contact with the EMP for more than 28 days.

Availability Management – EMP service monitoring

5.49 We will monitor the Supported EMP Application functions and services set out above in the table under the heading "Supported EMP Application and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Functions” for continuous stoppages of more than 5 minutes, and will generate an alert for each event of this kind. Each alert is generated as an Incident and will be initially logged as a Severity 3 Incident while we conduct further investigations. We will raise the Severity Level upon repeat alerts or if our investigations determine it is a Severity 1 or 2 Incident.

- 5.50 Some or all of the following EMP services may be necessary for consistent performance of the EMP core solution functions such as Email and Organiser Data Synchronisation and Reconciliation:
- (a) EMP Alert Service;
 - (b) EMP Attachment Service;
 - (c) EMP Collaboration Service (Enterprise Instant Messaging Integration only);
 - (d) EMP Controller Service;
 - (e) EMP Dispatcher Service;
 - (f) EMP Mobile Access or Connection Service (Internet Browsing);
 - (g) EMP Policy Service;
 - (h) EMP Router Service; and
 - (i) EMP Synchronisation Service.

Self-service monitoring

- 5.51 As part of the Enterprise Mobility Managed service we will provide you with the ability to measure the connection status of the Messaging Agent (the Enterprise Mobility service that scans a User’s mailboxes and assists with synchronising changes to the User’s Supported Handset) via a simple customised Windows Performance Monitor.
- 5.52 To maximise the availability of your Enterprise Mobility Managed service, we recommend you regularly:
- (a) perform Database consistency checks to ensure that the Enterprise Mobility Configuration Database (which is the core of the Enterprise Mobility solution and contains your Users’ device settings and configuration data) remains stable and avoids corrupted data; and
 - (b) create an automated ticket to log a Request in relation to each Database consistency check performed in accordance with paragraph (a) above to confirm whether the check was successful or unsuccessful.

Release Management

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 5.53 We will review each EMP deployment of either an application or a release, upgrade, update or patch (in relation to your EMP service or Supported Handset) that has been issued by a Supported Vendor and acquired by you from us or the Supported Vendor (**Release**) for applicability and criticality when they are available as a general release from the Supported Vendor. If we consider the Release to be relevant to maintaining the availability and security of your EMP service, and provided it does not impact functionality, we will:
- (a) if you have the Base package, test and implement the Release (for EMP software and select updates only) within 90 days of the Supported Vendor making it available as a general release; and
 - (b) if you have the Premium or Premium Plus package:
 - (i) test and implement each major EMP Release within 90 days of the Supported Vendor making it available as a general release;
 - (ii) test and implement each minor EMP Release within 60 days of the Supported Vendor making it available as a general release; and
 - (iii) implement any Supported Handset firmware upgrades and/or patching, either prior to Supported Handset activation or at the recommendation of the Supported Vendor,
 - in accordance with the change and release management process set out in the section under the heading Change and Release Management Process below.

Change and Release Management Process

- 5.54 You must notify us of any planned changes to the platform and its services, including the operating system, back-ups, anti-virus and security as follows:
- (a) for regular changes, you must provide us with at least 14 days prior notice; and
 - (b) for emergency changes, you must provide us with at least 8 Business Hours' notice.
- 5.55 Each change or release, including changes to the EMP configuration, must be approved by the parties before it is implemented. We will not approve a change until the following actions have been satisfied:
- (a) change definition completed;
 - (b) change windows identified, including resource availability (physical and technical);
 - (c) change tasks defined;
 - (d) roll-back tasks defined;
 - (e) test plan defined;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (f) test plan actioned, including roll-back plan (subject to constraints notified by us);
- (g) change window confirmed (release date);
- (h) Enterprise Mobility Managed service Desk notified of release date;
- (i) you have informed us that internal approval has been provided by each of your internal representatives concerned with the change; and
- (j) each of our representatives and specialists has approved the change.

5.56 You must not make any changes to the infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed service without complying with the section above under the heading Change and Release Management Process. You indemnify us against all losses suffered or incurred by us that arises naturally (that is according to the usual course of things) out of any claim by a third party against us in connection with your failure to comply with the section above under the heading Change and Release Management Process, except to the extent your failure to comply with this "Change and Release Management Process" section is caused or contributed to by us. We will also take reasonable steps to mitigate our loss suffered or incurred in connection with such claim.

Service Management

Enterprise Mobility Managed service reports

- 5.57 If you have the Base package, we will provide the following monthly reports:
- (a) a ticket list report that contains the following information in relation to all Incidents and Requests logged by the Service Desk:
 - (i) Date logged;
 - (ii) Ticket Reference;
 - (iii) Ticket Category and Type;
 - (iv) Summary of ticket details;
 - (v) Resolution Summary;
 - (vi) Service Level timestamps; and
 - (vii) Resolution time.
 - (b) a simple maintenance report of the EMP Applications that contains the following information:
 - (i) EMP Application licence levels (being the total available client access licence and total number of Users);

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

(ii) changes to EMP infrastructure and environment; and

(iii) any other recommendations (on a quarterly basis) on improving the Enterprise Mobility Mobile Wireless service with respect to EMP infrastructure and applications.

5.58 If you have the Premium or Premium Plus package, we will provide the following monthly reports:

(a) a ticket list report as set out in this section above; and

(b) a Enterprise Mobility Managed service report that contains the following information:

(i) changes to EMP infrastructure and environment;

(ii) Availability;

(iii) any unplanned outages, including root cause analysis and suggested preventative measures;

(iv) Releases implemented;

(v) capacity of EMP infrastructure and Applications; and

(vi) any other recommendations on improving the Enterprise Mobility Mobile Wireless service with respect to EMP infrastructure and applications.

5.59 If you have the Premium Plus package, we will also provide a monthly Enterprise Mobility asset management report that contains the following information:

(a) Supported Handset pool levels;

(b) Number of new Supported Handsets;

(c) Number of Supported Handsets repaired and refreshed; and

(d) Forecast of Supported Handsets to be refreshed over the next three months.

Enterprise Mobility Managed service meetings

5.60 If you have the Premium Plus package, we will meet with you each month at an agreed time and place to review and discuss the monthly Enterprise Mobility Managed service report.

Law of Large Numbers

5.61 Because percentages become less accurate for displaying results the smaller the number becomes, if the total number of tickets logged for a particular category of Incident or Request is less than 40, the below table will be used

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

to measure and display Service Level results for reporting in accordance with the section above under the heading Change and Release Management Process.

Total Number of Tickets Logged	Allowable Ticket Failures	Ticket Failures / Enterprise Mobility Managed service Level result		
		Failure to meet Enterprise Mobility Managed service Level Targets	Enterprise Mobility Managed service level Targets achieved	Enterprise Mobility Managed service Level Targets exceeded
1 to 10	1	≥ 2	1	0
11 to 20	2	≥ 3	2	≤ 1
21 to 30	3	≥ 4	3	≤ 2
31 to 40	4	≥ 5	4	≤ 3

Note: Service Level results are measured and displayed by the number of ticket failures compared to the total with an allowable number of failures per range of 10 tickets.

Fleet Management Service Level Targets (Premium Plus Package Only)

- 5.62 This section in relation to Fleet Management Service Level Targets applies only to Premium Plus package customers.
- 5.63 We will try, but do not promise, to meet the following service level targets for the following fleet management services outlined below:

Fleet Management Services	Application	Service Level Targets
<p>Mobile device delivery for up to 100 new service connections</p> <p>(For orders of mobile devices and accessories for more than 100 new service connections, this target will not apply. We will discuss and agree a delivery time with you.)</p>	<p>This service level target only applies to:</p> <ul style="list-style-type: none"> telephone and email orders from Users; and email orders from users with Other Devices which are directed to and received at our nominated Enterprise Mobility Managed Service Desk email address. 	<p>For delivery of 90% of new mobile devices</p> <p>Provided the Enterprise Mobility Managed Service Desk receives your completed telephone or electronic order on a business day before 12.00pm (AEST):</p> <ul style="list-style-type: none"> Delivery to Metropolitan areas – next business day following receipt of your order. Delivery to Regional areas – within 2 business days following receipt of your order. Delivery to Remote areas - within 5 business days following receipt of your order. <p>Note: There are no deliveries on weekends or public holidays. Next day</p>

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Fleet Management Services	Application	Service Level Targets
		<p>delivery may not be possible in the circumstances where the mobile device model requested by you is out of stock or is not available from the manufacturer; the mobile device model requested by you has been discontinued; we are unable to deliver the mobile device to you because your delivery address is incorrect or incomplete; we are unable to gain access to your site to deliver the mobile device to you, or for any reason beyond our reasonable control.</p>
<p>Faulty mobile device repairs</p>	<p>This service level target only applies to:</p> <ul style="list-style-type: none"> • telephone and email orders from Users; and • email orders from users with Other Devices which are directed to and received at our nominated Enterprise Mobility Managed Service Desk email address 	<p>For 90% of faulty mobile devices:</p> <p>Repair and delivery</p> <ul style="list-style-type: none"> • Spare Pool location in Metropolitan areas – within 11 business days from receipt of your mobile device by the Telstra Repair Centre • in all other areas – within 20 business days from receipt of your mobile device by the Telstra Repair Centre. <p>Note: There are no deliveries on weekends or public holidays.</p> <p>This service level target does not apply if:</p> <ul style="list-style-type: none"> • replacement parts are not available for your mobile device from the mobile device manufacturer; • the Enterprise Mobility Managed Service Desk determines that your mobile device needs to be returned to the mobile device manufacturer for repair.
<p>Replacement of lost or stolen mobile devices</p>	<p>This service level target only applies to:</p> <ul style="list-style-type: none"> • telephone and email orders from Users; and • electronic orders from users with Other Users Devices which are directed to and received at our nominated Enterprise Mobility Managed Service Desk email address 	<p>For delivery of 95% of replacement mobile devices</p> <p>Provided that the Enterprise Mobility Managed Service Desk receives your completed telephone or electronic order on a business day before 12.00pm (AEST):</p> <ul style="list-style-type: none"> • Delivery to Metropolitan and Regional areas – next business day following receipt of your order. • Delivery to Remote areas - within 5 business days following receipt of your order. <p>Note: There are no deliveries on weekends or public holidays. Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Fleet Management Services	Application	Service Level Targets
		possible in the circumstances where the mobile device model requested by you is out of stock or is not available from the manufacturer; the mobile device model requested by you has been discontinued; we are unable to deliver the mobile device to you because your delivery address is incorrect or incomplete; we are unable to gain access to your site to deliver the mobile device to you, or for any reason beyond our reasonable control.

5.64 The above service level targets will not apply:

- (a) if you order mobile devices, services or activations through any delivery channel other than the Enterprise Mobility Managed Service Desk; or
- (b) to any orders received in relation to Other Users Devices (as described in clause above under the heading "Eligibility").

Additional Services

5.65 For an additional fee, you may also purchase additional services in the form of:

- (a) 24/7 Service Support;
- (b) Managed App Services (**MAS**); and
- (c) Managed App Reputation Scanning (**MARS**),

together the (**Additional Services**).

5.66 The Additional Services are only available to Customers with an existing EMMS service (which may include T-MDM or supported MDM).

24/7 Service Support

5.67 We will operate a 24 hour, seven day a week service desk (24/7 Service Support) for your company's staff to contact which includes the full capabilities of the Service Desk but on a 24/7 operational cycle and is available for all Enterprise Mobility Managed service packages.

5.68 Users must contact 24/7 Service Support for all Requests, Incidents and other support in relation to the relevant Enterprise Mobility Managed service by calling 1800 994 905 or emailing support@mscmobility.com.au (or such other phone number or email address as notified by us from time to time) during the applicable Enterprise Mobility Managed service period.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 5.69 All calls and emails to 24/7 Service Support will be classified as a Request or Incident in accordance with relevant clauses beginning at clause 5.34.
- 5.70 If 24/7 Service Support is unable to satisfy the Request or resolve the Incident, it may liaise with any relevant third party suppliers to complete the Request or resolve the Incident on your behalf.
- 5.71 We aim, but do not guarantee, to make 24/7 Service Support available in accordance with the Availability Targets set out in the relevant clauses beginning at clause 5.40.
- 5.72 For a monthly account level access fee (as set out in 5.74) the 24/7 Support Service includes the following:

Service Matrix

- 5.73 The 24/7 Service Support includes the following functionality:

Service Desk – General Service Access	
Email and Phone Support	Tickets can be logged with Telstra via phone or email as per the Service Desk phone number and email address respectively. It is recommended that End Users use phone support for After Business Hours (urgent / business critical incidents).
End User Service Desk – Level 1 First Point of Contact	A Level 1 Service Desk service with direct End User support. All incidents and requests are directed to Telstra who will manage resolution and escalation.
IT Service Desk Support – Level 2 and Level 3 IT Escalations	A Level 2 and 3 Service Desk for escalations from a Telstra Customer's IT service desk. All MDM administration is performed by our 3 rd party.
MDM Administrator Support	A Level 3 Service Desk for Business Critical Severity 1 incidents and MDM console access incidents ONLY.
Product Vendor Escalations and Management	Product Vendor related incidents are escalated to the Product Vendor and managed by Telstra's 3 rd party where required.

24/7 Service Support Components	Low	Medium	High
Per Month Access (GST Exclusive)	\$2,500.00	\$5,000.00	POA
Per Month Access (GST Inclusive)	\$2,750.00	\$5,500.00	POA
Per Ticket (GST Exclusive)	\$150.00	\$125.00	POA
Per Ticket (GST Inclusive)	\$165.00	\$137.50	POA
Fair Use Policy (FUP)*	20 tickets	50 tickets	POA

Note:

- *Fair Use Policy (FUP) – has been designed to meet the organisational requirements of Customers. This tiered pricing includes the FUP that indicates the ticket per month allowance.
- 24/7 Service Support ticket reports will be generated monthly and provided through Service Delivery Management channels.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- End User app support service consumption is reviewed monthly and adjustments are negotiated quarterly.
- This product has been developed for existing EMMS Customers but is also available to new EMMS Customers.

Managed App Services (MAS)

5.75 MAS is a suite of services incorporating app procurement, deployment, configuration, security, reporting, compliance and support. It also provides an optional capability to have a managed service wrapped around Bespoke Enterprise App Management (as set out in clause 5.85 below) for Telstra preferred app developers that can assist in the complex change management of bespoke app deployment and support.

5.76 MAS includes:

- (a) Service Design, Build & Implementation (Mandatory Customer requirement)
- (b) Public Business and Productivity App Matching
- (c) Corporate App Store Branding & Management
- (d) Corporate App Procurement Service
- (e) MAS - Reporting
- (f) MAS - Ongoing Maintenance and Upgrades
- (g) Bespoke Enterprise App Management - Optional

Service Design, Build & Implementation (Mandatory Customer requirement)

5.77 Service Design and build process consists of an introductory meeting between you and Telstra representatives) to define and design the MAS as per your business requirements. We will manage the end to end design of the service, implement and activate the required components. The process includes the following:

- (a) Project Scoping
- (b) Agreed Service Design & Statement of Work
- (c) Build, test, pilot & sign off
- (d) Service Transition & on boarding
- (e) EMMS Platform Configuration
- (f) Public App Management (Optional)

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Public Business and Productivity App Matching

- 5.78 We will consult with you to define a policy around how public apps are managed on your device fleet to understand current app usage by Users, define a list of same or equivalent apps that allow business continuity to be pushed out to Users and which can be automatically or manually updated over Wi-Fi or cellular networks.

Corporate App Store Branding & Management

- 5.79 Supplier will define and build a corporate branded App store as a single go to reference for End Users to retrieve recommended business and productivity apps for the End User. The corporate app store will be pushed down over the air and may incorporate the Customer's corporate logo and or colours if required (platform dependent).

Corporate App Procurement Service

- 5.80 We will provide an app procurement service for you to enable you to purchase and deploy paid public apps which can be licensed, billed and registered to your business. We may also assist in the integration of the app store licensing to EMMS supported platforms and push these apps over the air or remove them when required from your Users' devices (iOS Devices only).

MAS - Reporting

- 5.81 We will report to you monthly on applicable service level utilization and implementation which will include the following:
- (a) Project Management Implementation;
 - (b) Apps deployed on EMMS platforms;
 - (c) App version information;
 - (d) Corporate App Store Apps;
 - (e) Bespoke Enterprise Managed Apps; and
 - (f) Paid Public App Licensing.

MAS - Ongoing Maintenance and Upgrades

- 5.82 We will provide ongoing maintenance of the Managed App Service including Corporate App Store Management, Procurement and Management of Apps & Public App Management. From time to time we may also be required to undertake any underlying platform upgrades to maintain the Managed App Service.
- 5.83 You acknowledge that during any scheduled maintenance period you may not be able to retrieve or use apps or other Enterprise Mobility related functions.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

5.84 Any Service Level targets will not apply in relation to any scheduled maintenance.

Bespoke Enterprise App Management - Optional

5.85 The Bespoke Enterprise App Management provides you with support to build and deploy enterprise apps for End Users. We provide the managed services to work with app developers to ensure that apps are deployed correctly, maintained and meet your corporate compliance standards and are effectively supported.

5.86 We will work with our preferred app developers to provide you the following:

- (a) service design - build a level of service to meet your business requirements based on the supported app;
- (b) secure app retrieval from the developer – we will work with the supported developer to ensure that app code is transferred in a secure method to the EMMS platform;
- (c) app deployment through EMMS supported platforms - creation of group and device deployment policies (including basic testing) to User devices over the air and app updates when required within fair use policy.
- (d) change & release management - manage timing of releases with the supported app developers to manage app deployment, changes and updated to software;
- (e) user credentials field injection for supported apps - where supported, We can populate app settings on mass with user credentials which can significantly increase User experience;
- (f) User support for Bespoke Enterprise Managed Apps - Users may call the Service Desk for bespoke Enterprise App Support for which we will endeavour to provide assistance at first call;
- (g) basic app troubleshooting and escalation – We will provide basic app troubleshooting services with defined apps for Users; and
- (h) ticket management for supported Bespoke Enterprise Managed Apps – where required, we will escalate support to the app developer and manage the service ticket until close within standard SLA’s as set out in clauses 5.34 and 5.35.

Managed App Services charges:

5.87 The Managed App Service charges are as follows:

Managed App Service	Charges (GST Exclusive)	Charges (GST Inclusive)
---------------------	--------------------------	-------------------------

Additional changes thereafter per request	\$500	\$550	\$500	\$550	POA	POA
App Support Service Consumption rates	2.00% ticket rate	.00% ticket rate	2.63% ticket rate	2.63% ticket rate	2.8% ticket rate	2.8% ticket rate
User Service Desk Support - per app, per	\$1.55	\$1.71	\$1.85	\$2.04	\$2.15	\$2.37

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

month.*						
---------	--	--	--	--	--	--

Note:

- User app support measured as tickets raised per app per month as a % of each app in deployed population.
- All End User app support services start at reference rate of 2.8%.
- End user app support service consumption is reviewed monthly and adjustments are negotiated quarterly.
- End user app support service fees may be higher or lower than the listed fees if very high or very low consumption rates occur in the support trend.

Managed App Reputation Scanning (MARS) service

5.88 The MARS Service is an optional feature of the Managed App Service which is only available to EMMS Customers who have T-MDM or another supported MDM.

5.89 The MARS Service includes:

- (a) Service Design, Setup & Implementation
- (b) Integration & Management; and
- (c) MARS Reporting and Ongoing Management

MARS Service Design, Setup & Implementation

5.90 Service Design and Setup consists of an introductory meeting with you to define and design the Managed App Reputation Scanning solution tailored to your requirements. We will manage the end to end design of the service, implementation and activate the required components which include the following:

- (a) Project Scoping;
- (b) Security policy design;
- (c) Escalation process design and remediation rules;
- (d) Agreed Service Design & Statement of Work;
- (e) Build, test & sign off; and
- (f) Service Transition & on boarding.

5.91 We will provide identification of apps which we believe may show signs of risky behaviour and are therefore a security or stability threat to your device fleet. We will automatically remediate them based on your business security requirements and build appropriate policy to follow in the future as well as provide regular app security updates reports.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 5.92 As part of our Security Policy Design, we will develop remediation actions, policy definition, whitelisting and blacklisting of apps to maintain security standards taking into account a balance between risk and your users' experience.

MARS Integration & Management

- 5.93 EMMS & App Reputation Scanning Integration: We will integrate the cloud hosted App Reputation Scanning engine with the existing EMMS platform (including where you who have selected T-MDM or other supported platform as your MDM platform) which requires the installation and configuration of the scanning engine with the MDM platform for reporting.
- 5.94 The App Reputation Scanning Engine hosting is included in the Managed App Service.

MARS Reporting and Ongoing Management

- 5.95 Reporting: We will provide monthly reporting in discussion with you around app risk analysis which will be delivered through service management by performing the following:
- (a) Devices scanned & under management;
 - (b) Unique apps in the device environment;
 - (c) App risk violations report;
 - (d) Top 10 riskiest apps;
 - (e) Policy violation intelligence;
 - (f) Risk reduction intelligence;
 - (g) Policy management; and
 - (h) Tailored compliance remediation review.
- 5.96 Ongoing Management and Maintenance: As a part of our ongoing maintenance of the Managed App Reputation Scanning Service, We will maintain the MARS service for you which includes app scanning, updates, integration and policy management and we will ensure that any underlying platform upgrades are performed to maintain the Managed App Reputation Scanning Service.

Managed App Reputation Scanning - Pricing

- 5.97 The following charges apply for the Managed App Reputation Scanning service:

Managed App Reputation Scanning Service			
Volume	5000	5001-10,000	10,000+

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Service Design, setup and Implementation. Once off setup fee. (GST Exclusive)	\$10,000	\$10,000	POA
Service Design, setup and Implementation. Once off setup fee. (GST Inclusive)	\$11,000	\$11,000	POA
Monthly Service Fee per Supported Device (GST Exclusive)	\$2.50	\$2.00	POA
Monthly Service Fee per Supported Device (GST Inclusive)	\$2.75	\$2.20	POA

MARS Minimum Term

- 5.98 If you take up MARS as part of your Enterprise Mobility Managed Service 2 on or after 20 November 2016, you must do so for a minimum term of 12 months (MARS Minimum Term). If your Enterprise Mobility Managed Service 2 or MARS is cancelled or terminated during the MARS Minimum Term other than for our breach your agreement with us, early termination charges (MARS ETCs) will apply for MARS.

We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to::

$$A \times B \times C \times 0.75 = \text{ETC}$$

where,

- A is the applicable Monthly Service Fee per Supported Device for your MARS;
- B is your number of Supported Devices; and
- C is the number of months remaining (or part thereof) of the MARS Minimum Term.

Other professional services

- 5.99 If requested we can provide other professional services. We will provide you with a quote for your approval before providing any other professional services.

Your obligations

- 5.100 You must nominate a person to be your single point of contact with us for all matters in relation to the Enterprise Mobility Managed service.
- 5.101 Unless otherwise specified as part of your Enterprise Mobility Managed service package, you and your Users are responsible for the purchase of any Enterprise Mobility service, Supported Handsets and accessories, and any other ancillary products and services.
- 5.102 Unless we host the Enterprise Mobility Platform, you must not prevent us from connecting to the EMP server located on your premises for the purpose of us providing the Enterprise Mobility Managed service, unless the method of connection:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) breaches your documented IT security policy for remote connections;
- (b) poses a significant and tangible threat to your business operations;
or
- (c) your Enterprise Mobility Managed service has been terminated.

5.103 You acknowledge that mechanisms and procedures that you may use for the purpose of establishing secure external third party connections may hinder or prevent us from providing the Enterprise Mobility Managed service. If so, the parties will work together in good faith to implement a suitable external third party connection scheme that will enable us to provide the Enterprise Mobility Managed service.

5.104 You:

- (a) must not resell or resupply the Enterprise Mobility Managed service;
- (b) unless we host the Enterprise Mobility Platform, are responsible for the platform and its services including the operating system, back-ups, anti-virus and security. Backups should include the SQL database, Applications and the operating system;
- (c) must not make any unauthorised changes to any infrastructure, software (including email systems) or configurations that support the Enterprise Mobility Managed service without complying with the change and release management process set out in the section under the heading Change and Release Management Process above;
- (d) must notify us of any changes to your technology environment which may impact the Enterprise Mobility Managed service, including any changes to your email infrastructure and network (such as firewalls and gateways);
- (e) provide us (or our representatives) with all reasonable assistance and access to your information, premises and systems as requested by us from time to time in connection with us providing the Enterprise Mobility Managed service; and
- (f) comply with all our reasonable instructions and procedures in relation to the Enterprise Mobility Managed service as notified to you.

5.105 You must ensure that you have sufficient security infrastructure in place to prevent email viruses, denial of service attacks and other malicious digital attacks. We will not be liable for any loss or damage that you or any other person may suffer as a result of:

- (a) your Supported Handsets; or
- (b) unless we host the Enterprise Mobility Platform, EMP infrastructure,
- (c) becoming infected with a virus, malware or other form of malicious software.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 5.106 If we need to attend your premises in relation to the Enterprise Mobility Managed service, you must ensure that our personnel (or our representatives) are provided with a safe and appropriate working environment when working on your premises.
- 5.107 You warrant that your use of the Enterprise Mobility Managed service will not:
- (a) breach any law, regulation, industry code or standard; or
 - (b) infringe the rights of any third party.
- 5.108 You indemnify us against all losses suffered or incurred by us and that arise naturally (that is, according to the usual course of things) out of or in connection with any claim by a third party against us in connection with your failure to comply with this section entitled "Your Obligations", except to the extent your failure to comply with this "Your Obligations" section is caused or contributed to by us. We will also take reasonable steps to mitigate our loss suffered or incurred arising out of, or in connection with, such a failure to comply with such claim.

Using your handset overseas

- 5.109 You could breach the laws of another country (in particular the United States or Canada) if you use, send or take a handset outside of Australia. This is partly due to laws regulating the importation, exportation and use of encryption software contained within a handset.
- 5.110 You may only use the handset in, or send or take it to or from, other countries approved by us for your network. We will provide a list of approved countries for handset on the telstra.com website. We may update this list from time to time.

Password protection

- 5.111 Each Supported Handset has a password protection function. You must make sure that this function is always activated on your Supported Handset, regardless of who is using it.

Responsibility for use of the Enterprise Mobility Managed service

- 5.112 You are solely responsible for your use of the Enterprise Mobility Managed service and the content and security of any data or information which is sent or received using your Supported Handset and the Enterprise Mobility Managed service.

General

- 5.113 You must use your Supported Handset, our services and our networks in accordance with our Acceptable Use Policy available www.telstra.com. We may terminate your access to our networks if you use them to adversely impact the operation and/or other customers' enjoyment of our network or if you breach a material term of these terms, in accordance with the General

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Terms of Our Customer Terms (to see these terms – home and family customers [click here](#); business and government customers [click here](#)). We will tell you before this happens.

Special Meanings

5.114 The following words have the following special meanings:

- (a) **Enterprise Mobility Platform or EMP** means the component of the Enterprise Mobility Managed service solution that either provides corporate wireless data synchronisation and device management services to Supported Handsets, or manages the corporate wireless data synchronisation and device management services to Supported Handsets. The enterprise mobility platform is made up of server infrastructure, an operating system and an enterprise mobility platform application.
- (b) **Incident** means an event which is not part of the standard operation of a service and which causes or may cause disruption to a reduction in the quality of services and User productivity, as described in the sections above entitled Supported Handset support and Enterprise Mobility Data service support.
- (c) **Metropolitan Area or Metropolitan** means the metropolitan areas of the following cities:
 - (i) Sydney,
 - (ii) Canberra,
 - (iii) Melbourne,
 - (iv) Hobart,
 - (v) Adelaide,
 - (vi) Brisbane,
 - (vii) Perth,
- (d) **Request** means a request from a User (or an authorised third party) for information or advice, as described in the sections above entitled Supported Handset support and Enterprise Mobility Data service support.
- (e) **Response** occurs when action is taken to assign an Incident or Request ticket and an email is sent to the requestor to inform them the Incident or Request has been received and assigned to an individual person for resolution.
- (f) **Restoration** occurs when action is taken to implement and confirm that the User has the required level of Enterprise Mobility Managed service working to perform their job role or function (E.g. restore an

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

email sending incident so the User can send email from their Supported Handset). Restoration may be implemented by performing a workaround or temporary resolution which will be followed up at a later date and have a permanent resolution implemented or may be implemented using a permanent resolution.

- (g) **Severity 1 (Critical)** means failure of the system with a major business impact affecting more than one User, business critical system or process with no workaround.
- (h) **Severity 2 (Major)** means one or more Users are affected by the failure of a business critical system or Application which may have a workaround that cannot be sustained over a reasonable period of time (more than 1 day).
- (i) **Severity 3 (Minor)** means one User is affected and not business critical which may have a workaround that can be sustained over a reasonable period of time (more than 1 day).
- (j) **Standard Request** means there is no immediate impact and the request is not business critical.
- (k) **Supported Handset** means:
 - (i) an eligible BlackBerry handset that is manufactured by Research in Motion Limited (**RIM**) and approved by us, including the BlackBerry 81XX, BlackBerry 8800, BlackBerry Bold 9XXX, BlackBerry Curve and BlackBerry 87XX models; and
 - (ii) an eligible smartphone handset that is manufactured by a Supported Vendor and approved by us, including the Apple iPhone MC131X or later model, Apple devices running iOS 3.1 or later version, devices using the Windows Phone 7 operating system, and devices using the Android operating system.
- (l) **Supported EMP Vendor** means a vendor that supplies Enterprise Mobility Platform services that are approved by us and compatible with the Enterprise Mobility Managed service. Our list of Supported EMP Vendors may change from time to time. You may request a copy of our list of Supported EMP Vendors at any time.
- (m) **Supported Vendor** means a vendor that manufactures smartphones or other mobile handsets and that is approved by us, including Apple Pty Limited and Apple Inc. Our list of Supported Vendors may change from time to time. You may request a copy of our list of Supported Vendors at any time.
- (n) **Urgent Request** means there is an immediate impact and / or the request is business critical.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

6 TELSTRA MOBILE DEVICE MANAGEMENT ("T-MDM") SERVICE

PART A – Terms and conditions for your T-MDM service

- 6.1 The Telstra Mobile Device Management ("**T-MDM**") service is a hosted platform that allows you to manage mobile devices running a compatible operating system listed at www.telstra.com/enterpriseclouddevices that have an active internet connection (either Wi-Fi or mobile coverage) ("Compatible Devices").
- 6.2 Your nominated representative(s) can access your T-MDM platform on the internet and register your employees and contractors that have a Compatible Device ("**End Users**") so that your company policies, settings and applications are pushed to those Compatible Devices. End Users have to opt-in and setup their Compatible Device(s) by entering a set of credentials provided by you before company settings are pushed.

Eligibility

- 6.3 To be eligible to take up the T-MDM service, you must have:

- (a) an ABN, ACN or ARBN; and
- (b) one or more Compatible Devices,
- (c) ("Eligible Customer").

T-MDM platforms

- 6.4 When you take up a T-MDM service, we provide you:
- (a) a shared platform powered by VMWare WorkspaceONE Advanced ("**T-MDM Shared Platform**"); or
- 6.5 The features of the T-MDM Shared Platform and are set out in the table below.

Feature	Description	T-MDM Shared Platform
Minimum number of registered Compatible Devices		1
Hosting Location	Public cloud in Australia	Telstra Cloud, Australia
Platform Upgrades	How platform upgrades occur	Software upgrades are automatically applied with reasonable notice

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Feature	Description	T-MDM Shared Platform
Mobile Device Management	Protect company information on Compatible Devices by configuring IT policies <ul style="list-style-type: none"> Supports Unified Endpoint Management to the most comprehensive list of device platforms today, including Windows 10/11, MacOS, ChromeOS, Android and iOS 	Included
Mobile Application Management (MAM)	Create an enterprise application store and manage applications on Compatible Devices	Included
Mobile Content Management (MCM)	Upload and share company documents and collaborate with colleagues	Basic functionality
Mobile Email Management (MEM)	Control which Compatible Devices have email access and encrypt email messages	Included
Unlimited SMS	No charge for sending SMS messages to Compatible Devices registered on a T-MDM platform	Included
Digital Forms	Digitise paper based forms onto tablets and smartphones	Not available
Device Enrolment Service (DES)	Deploy devices ready to go out of the box with company settings and apps	Included
Cloud Storage	Storage provided by Telstra to upload company documents	500GB application and content storage included
Integration with enterprise resources	Ability to connect with enterprise systems like Active Directory, share file, per app VPN, etc.	Included (requires software adapters installed in your premise (installed at an additional cost))
Telstra Managed Mobiles Solution Service	Enhanced service management and support throughout Australia for eligible services.	Additional cost
Support	Reasonable email support during Business Hours (M-F 8am-5pm localtime, except public holidays), including: <ul style="list-style-type: none"> logging in and accessing T-MDM platform T-MDM features and functions not working as designed connecting to the T-MDM platform from your devices 	Included

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Feature	Description	T-MDM Shared Platform
	escalation of technical faults relating to the T-MDM platform	

- 6.6 End Users may be required to install third party software on their Compatible Devices to be able to use the T-MDM platform. The third party software vendors may impose additional terms on the use of that software, and you and your End Users must agree to those terms.

Sign-up process

- 6.7 To access your T-MDM platform, you will have to order T-MDM on Telstra Order Express. On completion of the order, you will receive your account credentials to the T-MDM platform. T-MDM is offered to customers with a free 30-days trial. After 30 days, you will be automatically moved to a fully paid service.
- 6.8 You are responsible for keeping your information safe by managing your own passwords and personnel who have access to your T-MDM platform. If you issue any password to your T-MDM platform to any third party, you are responsible for managing that process and their access to your T-MDM platform. We recommend you change your passwords for your T-MDM platform:
- (a) with reasonable regularity; and
 - (b) when the circumstances require it (for example, where your nominated representative(s) change or when you suspect an unauthorised person has access to any passwords or login credentials).
- 6.9 To the extent permitted by law and subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms:
- (a) we are not responsible for security or privacy breaches arising from or caused by the mismanagement of your passwords by you, your nominated representative(s) or your End Users; and
 - (b) to the extent that you have failed to comply with clause 6.8, we are not responsible for the actions of unauthorised third parties who access your T-MDM platform or any information about you or your End Users using your passwords,

except to the extent caused by our negligence.

Using the T-MDM service

- 6.10 The T-MDM service will only work when Compatible Devices are turned on and connected to the internet.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 6.11 The available features and functions of the T-MDM service vary depending on your Compatible Devices and the T-MDM platform you have chosen. Some of the features and functions of your T-MDM service may include allowing you to:
- (a) monitor Compatible Devices;
 - (b) change settings on Compatible Devices;
 - (c) install software on Compatible Devices; and
 - (d) and send messages to Compatible Devices.
- 6.12 Not all features and functions are compatible with all Compatible Devices. Some features and functions may be enhanced over time.
- 6.13 Before you register a Compatible Device or use your T-MDM service to access or interact with a Compatible Device, you must obtain all necessary consents and make all necessary disclosures to each End User of that Compatible Device to enable you to lawfully use the T-MDM service (for instance, under any applicable privacy or workplace surveillance laws).
- 6.14 You must not, and must ensure that each of your End Users does not, use your T-MDM service to engage in conduct which is unlawful, fraudulent or negligent. You are responsible for the conduct, acts and omissions of:
- (a) your nominated representative(s);
 - (b) each of your End Users; and
 - (c) or any other person when they are using your T-MDM service.

Client Access Licence Fees

- 6.15 If a Compatible Device you have registered on your T-MDM platform:
- (a) has a mobile service which is not an Eligible Telstra Mobile Plan or
 - (b) is Wi-Fi only,
- 6.16 ("**CAL Devices**") then you must take a Client Access Licence ("**CAL**") for that Compatible Device and we will charge you a monthly fee for that CAL ("**CAL Fee**").
- 6.17 The amount of your CAL Fees depends upon the volume (number of CAL devices) at a plan level.
- 6.18 We use the table below to calculate your CAL Fee:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Number CAL Devices	T-MDM Shared Platform
	Monthly CAL Fee per CAL Device (inc. GST)
1-1000	\$5.00
1001+	\$4.00

6.19 Your CAL Fee will be charged to your nominated billing account in arrears.

6.20 Your CAL Fee only covers a Compatible Device licence for your T-MDM platform. You must separately pay for any data usage fees and charges associated with your Compatible Devices connecting to the T-MDM platform. For the use of the T-MDM service outside of Australia, International Roaming charges apply (see Part I – Heading Overseas (International Roaming) section of Our Customer Terms for more details).

To see these terms –business and government customers [click here](#).

Term and termination

6.21 Your T-MDM service runs on a month-to-month basis. You can cancel a CAL at any time by de-registering the relevant CAL Device on the T-MDM platform. Note, any CAL Device registered on the T-MDM platform on the 15th day of the month will incur a CAL Fee.

T-MDM Included With Eligible Telstra Mobile Plans

6.22 Access to your T-MDM service is available at no additional cost on a month-to-month basis for any Compatible Device that has a mobile service with any eligible Telstra mobile plan set out in the table below (“**Eligible Telstra Mobile Plans**”).

Eligible Telstra Mobile Plan	T-MDM Shared Platform
Telstra Mobile Connect Solution (“TMCS”)	Yes
Telstra Mobile Broadband plans (\$100 and above minimum committed spend level per month)	Yes
Enterprise Mobile Broadband plans	Yes
Corporate Mobile Plus plans (\$40 and above minimum committed spend level per month)	Yes

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 6.23 From time to time, we may add additional mobile plans to the Eligible Telstra Mobile Plans, at our discretion.
- 6.24 You must pay separately for any data usage fees and charges associated with the use of your T-MDM service and your Eligible Telstra Mobile Plan, as set out in Our Customer Terms. For use of the T-MDM service outside of Australia, International Roaming charges apply (see Part I – Heading Overseas (International Roaming) section of Our Customer Terms for more details).

To see these terms –business and government customers [click here](#).

- 6.25 If you cancel your Eligible Telstra Mobile Plan and your Compatible Device is still registered on your T-MDM platform, that Compatible Device will be treated as a CAL Device and applicable CAL Fees will apply.

Advanced Content Collaboration on the T-MDM Shared Platform

- 6.26 When you are using the T-MDM Shared Platform, you can purchase additional content collaboration features that allow for mobile device document editing and advance document sharing (“**Secure Content Locker Collaborate**”).
- 6.27 **Secure Content Locker Collaborate** allows End Users to share company documents with other End Users and edit those documents on their Compatible Devices.

Cloud Storage with the T-MDM Shared Platform

- 6.28 With the T-MDM Shared Platform you will receive at no extra charge to you 500GB of cloud storage that can be used to upload company documents and materials that can be shared across all your Compatible Devices.
- 6.29 If you require additional cloud storage, you can take up a 12-Month Cloud Storage set out in the table below.

12-Month Cloud Storage	Price per annum, paid in advance (incl. GST)
25GB	\$550.00
50GB	\$1,000.00
100GB	\$1,800
500GB	\$8,000
1TB	\$13,000

6.30 Automatic renewal

- (a) At the end of the relevant 12-month period for your 12-Month Cloud Storage, your 12-Month Cloud Storage will be automatically renewed

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

and you will be charged for another 12 months in advance. We will provide you with reasonable advance notice that your 12-Month Cloud Storage is about to be renewed. If you do not want to renew your 12-Month Cloud Storage, you can notify us at any time before the end of the then-current 12-month period, in which case your 12-Month Cloud Storage will expire at the end of the then-current 12-month period.

- (b) After your 12-Month Cloud Storage has renewed, you can terminate your 12-Month Cloud Storage at any time by written notice to us, in which case we will reimburse you an amount calculated as follows:

$$[(A \times B) / 12] - C$$

where:

A is the number of months remaining in the then-current 12-month period as at the date of termination;

B is the annual fees that you have paid in advance for the relevant 12-Month Cloud Storage; and

C is an amount equal to the actual third-party costs and expenses that we have incurred or committed to in anticipation of providing the 12-Month Cloud Storage to you and that cannot be reasonably avoided by us as a result of the termination.

- (c) If we fail to provide you with reasonable advance notice that your 12-Month Cloud Storage is about to renew, you may terminate your 12-Month Cloud Storage at any time after your 12-Month Cloud Storage has renewed by written notice to us, in which case we will reimburse you an amount calculated as follows:

$$[(A \times B) / 12]$$

where:

A is the number of months remaining in the then-current 12-month period as at the date of termination; and

B is the annual fees that you have paid in advance for the relevant 12-Month Cloud Storage.

6.31 No refund

Subject to clause 6.30 above, if you cancel your 12-Month Cloud Storage for any reason other than our breach before the end of the relevant 12-month period for your 12-Month Cloud Storage, we will not refund you the fees you paid for your 12-Month Cloud Storage.

Free 30 day trial for the Shared Platform and Dedicated Platform

- 6.32 When you take up a T-MDM service, you will receive a free 30 day trial. This trial ends 30 days after you receive a welcome email from Telstra with your

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

login ("**Trial Period**"). When you first sign up for your T-MDM service, you must nominate on your application form an existing Telstra mobile account number for billing purposes.

6.33 During your Trial Period:

- (a) you may register on your T-MDM platform a maximum of 25 CAL Devices, without having to pay CAL Fees for CAL Devices. However, if during the Trial Period you register more than 25 CAL Devices in your T-MDM platform, then you must pay the relevant CAL Fees for each CAL Device that you register beyond the 25th Compatible Device;
- (b) you must separately pay for any data usage fees and charges associated with the use of your Compatible Devices.

6.34 For the use of the T-MDM service outside of Australia, International Roaming charges apply (see Part I – Heading Overseas (International Roaming) section of Our Customer Terms for more details).

To see these terms –business and government customers [click here](#).

6.35 After the Trial Period expires, starting from the day after the end of the Trial Period:

- (a) you will automatically be moved to a paid T-MDM service; and
- (b) you will be charged the relevant CAL Fee for each CAL Device that you have registered on your T-MDM platform.

If the paid T-MDM service to which you are moved in accordance with this clause is a fixed term service, you may terminate your T-MDM service at any time without having to pay the applicable early termination charges (if any), we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination.

Support

6.36 Although you may have a Compatible Device, we may not be able to provide technical support for that Compatible Device unless:

- (a) the device was purchased from Telstra; and
- (b) the operating software of the Compatible Device has not been modified,
- (c) ("Supported Devices").

6.37 Data cards and modems are not Compatible Devices or Supported Devices.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 6.38 We will provide you with reasonable email support during Business Hours (M-F 8am-5pm local time, except public holidays) . This email support includes the following assistance:
- (a) logging in and T-MDM platform access;
 - (b) resolving problems with features and functions of the T-MDM platform not working as designed;
 - (c) Supported Device connectivity to your T-MDM platform; and
 - (d) escalation of technical faults in relation to your T-MDM platform.
- 6.39 The following is excluded from this email support:
- (a) training or demonstrations;
 - (b) customer purchased equipment configuration;
 - (c) third party software configuration or troubleshooting;
 - (d) customer or third party settings on the devices that are not working; and
 - (e) registering and maintaining your Compatible Devices on your T-MDM platform.
- 6.40 If you use a Supported Device overseas then we may only be able to provide limited support to you.
- 6.41 To request technical support for a Supported Device, you must contact the Telstra helpdesk at 1800 010 253 (for high severity events) or send your support query by email to tmdm@team.telstra.com. Depending on the nature of the problem, we may require you to perform troubleshooting activities.

Additional obligations and acknowledgements

- 6.42 Subject to any non-excludable rights under consumer protection laws and the Australian Consumer Law provisions in the General Terms of Our Customer Terms in relation to our provision of the T-MDM service, while we will use reasonable care and skill in providing T-MDM:
- (a) you must test any settings or software before they are sent to your End Users' Compatible Devices over the T-MDM service;
 - (b) we do not warrant that the T-MDM service will meet all of your or your End Users' requirements or expectations;
 - (c) we do not warrant or represent that the T-MDM platform is free from errors or omissions, programming bugs or viruses or secure; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (d) the availability of the T-MDM platform may be subject to numerous factors, including routine maintenance and factors outside our control (such as malfunction in equipment or software, Internet access difficulties, or delay or failure of transmission). Accordingly, we do not warrant or represent that the availability of the T-MDM platform will be continuous or uninterrupted, that any defects will be corrected, or that the T-MDM platform or server that makes it available are free of viruses.
- 6.43 You may have non-excludable rights under consumer protection laws in relation to the T-MDM service. If there is an issue or defect with your T-MDM service, we will fix the issue or defect, replace the relevant part of the service, or resupply the service (as applicable. Subject to the preceding sentence, any non-excludable rights and the Australian Consumer Law provisions in the General Terms of Our Customer Terms:
- (a) we exclude all liability in tort (including negligence), contract, statute or otherwise for any loss, expenses or damage, incurred by you, your End Users or a third party in connection with the provision of the T-MDM service, including (but not limited to) any:
 - (i) liability for illness, personal injury or death to you, your employees, agents and contractors;
 - (ii) loss or damage that was not reasonably foreseeable;
 - (iii) loss or damage that was caused by your breach of contract or your negligence; and
 - (iv) loss or damage caused by events outside our reasonable control (such as a malfunction in equipment or software, Internet access difficulties or delay or failure of transmission);
 - (b) we exclude all other warranties, rights and remedies you would otherwise be entitled to at law; and
 - (c) if we breach any such non-excludable rights, and it is fair and reasonable to do so, we limit our liability to correcting any error in relation to the T-MDM platform.
- 6.44 You must take reasonable steps to minimise the extent of any loss or damage you may suffer as a result of the provision of the T-MDM service.
- 6.45 You agree that we may provide your contact details and all other necessary information to AirWatch (Australia) Pty Ltd or Citrix Systems Asia Pacific Pty Ltd for the purposes of arranging installation of your software and associated services.
- T-MDM Shared Platform End User Licence Agreement (AirWatch)**
- 6.46 You and your End Users' use of the T-MDM Shared Platform is also subject to the following provisions set out in below clauses.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

6.47 The following definitions apply to the End User Licence Agreement:

- (a) **"Derivatives"** mean: (i) for copyrightable or copyrighted material, any translation, abridgment, revision or other form in which an existing work may be recast, transformed or adapted; (ii) for patentable or patented material, any improvement thereon; (iii) for material which is protected by trade secret, any new material derived from such existing trade secret material, including new material which may be protected by copyright, patent or trade secret; and (iv) results of any research, tests or analysis of a party's confidential information, or intellectual or proprietary property.
- (b) **"Documentation"** means only those written user guides, specifications, and manuals supplied or made available to you by Telstra or its licensors, that set forth the specifications for the Software and/or explain, facilitate, or instruct in the use of the Software, as such may be updated by Telstra or its licensors from time to time. Documentation specifically excludes, without limitation, marketing, advertising, sales, and promotional materials and any oral or email communications regarding Software capabilities or specifications.
- (c) **"Embedded Software"** means any software provided as an included part of the Software that is owned by one or more third parties and licensed to Telstra or its licensors.
- (d) **"Enhancements"** means (i) any revision, amendment, or modification to the Software requested by User for which User may or may not pay an agreed-upon fee to develop and provide such revision, amendment, or modification and/or (ii) Enhancements that are generally distributed by Telstra or its licensors to users who are current on maintenance services, in its sole discretion.
- (e) **"Software"** means proprietary software supplied by AirWatch (Australia) Pty Ltd ACN 151 471 788 in machine-readable, object code form only and includes T-MDM, Secure Content Locker and any software related to T-MDM, including (i) the Embedded Software, if any, (ii) any Updates made available to you pursuant to any maintenance services purchased by you, and (iii) Enhancements, if any.
- (f) **"Updates"** means error corrections, patches, bug fixes, new releases, new versions, and updates of the Software that are generally made available by Telstra or its licensors, and may contain substantial new features, functions of performance, and/or extensions or improvements of capabilities, provided, however, that to the extent that Telstra or its licensors, for a fee, offers to users generally (including those users who have purchased maintenance services) any new products, such products will not be included in the definition of Updates.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 6.48 Subject to applicable laws and regulations in relation to our provision of the Software to you, you acknowledge and agree that the following restrictions exist in relation to your use of the Software:
- (a) you must (and you must ensure your End Users must) use industry-standard physical, logical, and electronic security and confidentiality systems to protect the Software, using at least the same degree of care you utilise for the protection of your own software and other confidential and proprietary information;
 - (b) you must not share with or assign, copy, sublicense, transfer, lease, rent, sell, distribute, install, or otherwise provide to any other person (other than End Users) your licence to the Software, the Software itself, any use or application of the Software or any other rights under your agreement with us;
 - (c) you must (and you must ensure your End Users must) use the Software solely for your internal use with your ordinary business operations, only in accordance with all applicable laws and regulations, and in a manner consistent with your agreement with us any supplemental limitations specified or referenced in the relevant agreement, if any;
 - (d) you must not (and you must ensure your End Users must not) use the Software except as specified or referenced in the Documentation or use the Documentation except for supporting your authorised use of the Software;
 - (e) you must (and you must ensure your End Users must) not modify, adapt, translate, duplicate (except as expressly allowed in your agreement with us), disassemble, decompile, reverse assemble, reverse compile, or reverse engineer, or take similar action with respect to the Software for any purpose, or otherwise attempt to discover the underlying source code of the Software, for any purpose (unless enforcement is prohibited by applicable law and then, to only the extent specifically permitted by applicable law, and only upon providing Telstra with reasonable advance written notice and opportunity to respond);
 - (f) for the purpose of designing, modifying, or developing software or services similar in purpose, scope, or function to the Software, you must not (and you must ensure your End Users must not) engage in competitive analysis, benchmarking, use, evaluation or viewing of the Software or Documentation or create any Derivatives based upon the Software, whether for your internal use or for license or for resale;
 - (g) you must not (and you must ensure your End Users must not) use the Software, and must ensure that the Software is not used, in or in conjunction with any applications where product failure could lead to injury to persons, loss of life or severe property or environmental damage;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (h) if you use the Software to manage Compatible Devices running on the operating system known as "iOS" from Apple, you must not (and you must ensure your End Users must not) use the Software without first obtaining your own APNs Certificate from Apple; and
 - (i) you must not permit any person (including an End User), whether acting directly or on your behalf, to breach or violate any of the restrictions set forth in this section.
- 6.49 You acknowledge and agree that Telstra’s licensor retains all ownership and intellectual property rights to the Software at all times. Title to the Software does not pass to you, the End User, or any third party. Telstra and its licensors disclaim, to the extent permitted by applicable law and subject to the Australian Consumer Law provisions in the General Terms of Our Customer Terms, its liability for any damages, whether direct, indirect, incidental, or consequential, arising from the use of the Software, except to the extent caused by our (or our subcontractors’) negligence or breach of contract. Telstra and its licensors will not be required to perform any obligations, nor will Telstra or its licensors incur any liability, except as agreed between them in writing (including in Our Customer Terms).
- 6.50 You acknowledge and agree that the Software is subject to United States of America export control laws and regulations and may be subject to export or import regulations in other countries. These laws and regulations include licensing requirements and restrictions on destinations, end users, and end use. You agree to comply with all United States of America domestic and international export and import laws and regulations that apply to the Software and acknowledge that you have the responsibility to obtain any and all necessary licenses to export, re-export, or import the Software. More specifically, you covenant that you will not, directly or indirectly, sell, export, re-export, transfer, divert, or otherwise dispose of any the Software, source code, or technology (including products derived from or based on such technology) received from Telstra under your agreement with Telstra, to any other person, entity, or destination prohibited by the laws or regulations of the United States of America, without obtaining prior authorisation from the competent government authorities as required by those laws and regulations.

7 MOBILE WORKSPACE

Not available for new service connections or service changes from 01 January 2023 and discontinued from 30 March 2023.

What is Mobile Workspace?

- 7.1 Mobile Workspace is an integrated solution for the end-to-end management of approved laptops and 2-in-1 convertible devices running a Windows 10 operating system (“**Devices**”). It is designed to be used as a mobile workspace by the employees or contractors whom you authorise to use a Device (“**End Users**”).

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 7.2 Mobile Workspace comprises the following components, as set out in detail in your Application Form, Statement of Work ("**SOW**") and/or separate agreement with us:
- (a) a Device (if you choose to lease or purchase a Device from us in accordance with clause 7.12);
 - (b) Accessories to use with your Device (if you choose to lease or purchase Accessories in accordance with clause 7.54);
 - (c) implementation phase services described in further detail at clause 7.19 ("**Implementation Phase Services**");
 - (d) end-to-end managed services described in further detail at clauses 7.21 to 7.24 ("**Managed Services**");
 - (e) additional services and features as described at clause 7.25 ("**Additional Features**"); and
 - (f) data connectivity for your Devices (if you choose to order data plans in accordance with clause 7.26) ("**Connectivity**").

Eligibility, requirements and limitations

- 7.3 To be able to receive the Mobile Workspace service from us, you must:
- (a) be an approved customer;
 - (b) have a valid ACN, ABN or ARBN;
 - (c) either provide your own Device, or lease a Device or purchase one from us in accordance with clause 7.12;
 - (d) if you choose to lease a Device in your Application Form or separate agreement with us, enter into and maintain for the duration of the Mobile Workspace service a Device leasing arrangement either:
 - (i) with one of our eligible third party leasing providers (whose details we can provide on request) ("**Lease Provider**") or;
 - (ii) for government and other approved customers, with us.

We may terminate your Mobile Workspace service if your lease ends for any reason.

- 7.4 The Managed Service component of Mobile Workspace is available either as a:
- (a) cloud managed service hosted by Microsoft or VMWare ("**Cloud Managed service**"); or

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) co-managed service where a machine is managed by both Intune or Workspace One and your on-premise instance of System Centre Configuration Manager (**SCCM**) ("**Co-Managed service**"),

and your choice will be set out in your Application Form or separate agreement with us.

7.5 If you choose a Co-Managed service in accordance with clause 7.4:

- (a) we will work with you to agree upon a SOW that documents the roles and responsibilities of each party in respect of the Mobile Workspace service, and the agreed process that we will follow to deliver your Mobile Workspace service; and
- (b) you must:
 - (i) provide us with access to your environment and systems to configure your on-premises instance of SCCM or as otherwise required to enable us to provide the co-managed services, as set out in your Application Form or separate agreement with, or as otherwise notified to you from time to time;
 - (ii) give us all information and assistance reasonably necessary to enable us to provide the co-managed services;
 - (iii) follow our directions in connection with the provision of the co-managed services; and
 - (iv) cooperate with us and act reasonably in connection with your receipt of the co-managed services.

7.6 Mobile Workspace is:

- (a) not available to Telstra Wholesale customers or for resale (you must not re-supply Mobile Workspace services to any third party); and
- (b) only compatible with the VMWare Workspace One Advanced Mobile Device Management or Microsoft Intune Mobile Device Management ("**MDM**") platforms (each an "**MDM Platform**"). You must obtain and maintain for the term of your Mobile Workspace service sufficient valid MDM Platform licences to support your use of the Mobile Workspace service. Unless otherwise agreed in writing, we are not responsible for acquiring or supplying your MDM Platform licences, and if you do not maintain these licences we may cancel your Mobile Workspace service.

7.7 If you choose to implement your Mobile Workspace using the Microsoft Intune MDM platform, you must have the following software subscriptions in place throughout for the duration of the Mobile Workspace service:

Item	Software subscription
------	-----------------------

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

End Point	<ul style="list-style-type: none"> ▪ Windows Defender ATP ▪ Windows 10 E5 or M365 E5 or; ▪ Windows Defender
Platform	<ul style="list-style-type: none"> ▪ Intune (EM+S E3 or M365 E3) ▪ Azure AD Premium P1 (EM+S E3 or M365 E3) ▪ Windows 10 AutoPilot ▪ Azure AD Connect (for directory synchronisation) ▪ On-Premises Connector for Exchange ▪ Airwatch Workspace One, Advanced

Statements of Work

- 7.8 Your SOW is the single point of reference for both you and us on the operational aspects of your Mobile Workspace service. Changes to the SOW require mutual agreement between you and us. You may request changes at any time through an agreed change management process. Changes to the SOW may incur additional cost.
- 7.9 We may, but are not required to, act on instructions of your authorised administrators (other than changes to authentication processes) that are inconsistent with the processes documented and agreed in the SOW. You are responsible for all instructions your authorised administrators give us, and agree they are valid instructions.

End Users and Registered Devices

- 7.10 We will only provide Mobile Workspace in respect of your End Users whom we have authenticated in accordance with the processes agreed in the SOW, and who have enrolled their Device on the MDM Platform ("**Registered Devices**").
- 7.11 In order to deploy the required configurations for your Mobile Workspace service, Devices must be turned on, and connected to the internet,

Devices

- 7.12 For each Mobile Workspace service you take up, you must either:
- (a) provide your own Device in relation to that service;
 - (b) lease a Device from a Lease Provider; or
 - (c) purchase a Device from us at the upfront purchase price set out in your Application Form or separate agreement with us.
- 7.13 Your choice will be set out in your Application Form or separate agreement with us.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

7.14 If you are a government customer or we otherwise approve, you may lease a Device directly from us on the terms set out in a separate lease agreement with us, rather than a third party Lease Provider, in which case the terms at clause 7.15 do not apply to you.

7.15 If you lease a Device from a Lease Provider:

- (a) the Lease Provider may wish to undertake a credit check or credit assessment of you prior to entering into a lease with you and you authorise us to provide the necessary details to them for that purpose;
- (b) we will arrange for the ordering and delivery of the Device to you, but you do not have any right to use the Device until the Lease Provider has granted final approval for the lease and the lease has been executed by you and the Lease Provider;
- (c) the Devices are provided by the Lease Provider under the agreement between you and that third party Lease Provider;
- (d) during the lease period, we will pay the lease payments in respect of each leased Device to the relevant Lease Provider on your behalf, and we will invoice you for (and you must pay to us) such amounts; and
- (e) the product warranty in relation each Device is provided to you by the Lease Provider and/or the relevant Device manufacturer (as applicable), and we do not have a role as a supplier of the relevant Device.

Risk and title in Devices

7.16 If you lease a Device:

- (a) title in the Device remains with us until you execute a valid lease with the relevant third party leasing provider, at which point title passes to the leasing provider; and
- (b) risk in the Device passes to you on delivery to your nominated address (even if before the relevant lease has taken effect) and remains with you in accordance with the lease.

7.17 If you purchase a Device from us:

- (a) risk in the Device passes to you on delivery to your nominated address; and
- (b) title to the Device:
 - (i) remains with us until you have paid us in full for that Device;and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (ii) passes to you once you have paid the relevant fees or charges for that Device in full.

Implementation Phase Services

- 7.18 Prior to the deployment of your Mobile Workspace service, we will complete a readiness assessment engagement and conduct MDM Platform configuration onboarding, as detailed (and for the charges set out) in your SOW.
- 7.19 You may order initial planning, project management implementation and transition-in device deployment services from us. Those Implementation Phase Services (and the roles, responsibilities and agreed processes in relation to those Implementation Services) will be agreed in a SOW and provided on the terms set out in the [Professional Services section of Our Customer Terms](#) [Professional Services section of Our Customer Terms](#).

Professional Services

- 7.20 You may order additional professional services from us as required (**Professional Services**). Professional Services will be provided on the terms set out in the [Professional Services section of Our Customer Terms](#)

Managed Service Inclusions

- 7.21 The basic inclusions in the Managed Service component of your Mobile Workspace service depend on whether you choose a Cloud Managed service or a Co-Managed service. Your SOW will detail the nature and specifications of the Managed Services included in your Mobile Workspace service.
- 7.22 If you choose to include a Managed Service in your Mobile Workspace service, that Managed Service will apply to all of your Registered Devices.
- 7.23 You may also order additional features as part of the Managed Service component of your Mobile Workspace solution, which will be charged as Professional Services and provided on the terms set out in the [Professional Services section of Our Customer Terms](#).
- 7.24 Below is a high-level list of the basic inclusions that may be included in your Managed Services, as agreed in your SOW:
 - (a) Device and Accessory procurement and deployment;
 - (b) End User support;
 - (c) MDM Platform configuration and modern workspace management;
and
 - (d) service management.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Optional Features

- 7.25 Any Additional Features included in your Mobile Workspace will be set out in your SOW.

Connectivity

Your Mobile Workspace Data Plan

- 7.26 You may order a 24 or 36 month data plan ("**Mobile Workspace Data Plan**") to use with your Devices, as set out in your Application Form or separate agreement with us.
- 7.27 The monthly data allowance for each Device will be set out in your Application Form or separate agreement with us ("**Monthly Data Allowance**").
- 7.28 For each Registered Device in relation to which you order a Mobile Workspace Data Plan, you will receive a Monthly Data Allowance for that Registered Device. Provided that:
- (a) you have separately acquired services on Corporate Mobile Plus (CMP) plans on the same account as your Mobile Workspace services; and
 - (b) you selected a Mobile Workspace Data Plan with a data allowance that is the same as, or higher than, the data allowance on your existing CMP plans (not including bonus data),

the Monthly Data Allowance for your Registered Devices will be pooled and shared across all your Registered Devices and with the monthly data allowance of services on CMP plans on the same account, in accordance with the [Corporate Plans section of Our Customer Terms](#) ("**Shared Monthly Data Allowance**").

- 7.29 Any portion of your Monthly Data Allowances not used in the relevant month does not carry over to the next month and will automatically expire at the end of that month.

International Roaming

- 7.30 Unless agreed in your separate agreement with us, or if you otherwise ask us to activate International Roaming, International Roaming is not activated on your Mobile Workspace Data Plan. You will not be able to use mobile data outside of Australia and you (or your End User) will need to contact us to activate International Roaming.
- 7.31 If International Roaming is activated and you (or your End Users) use a Device outside of Australia, you will receive an International Roaming Day Pass in relation to that Device. The charges and terms and conditions that apply in relation to that International Roaming Day Pass are set out in your separate agreement with us.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

Data usage

7.32 When calculating data volumes:

- (a) where the volume of data transferred is not a whole number of kilobytes, it is rounded up to the next kilobyte at the end of each session;
- (b) 1024 bytes = 1 kilobyte (KB);
- (c) 1024 kilobytes = 1 megabyte (MB); and
- (d) 1024 MB = 1 Gigabyte (GB).

7.33 You will be charged for eligible data usage exceeding your Shared Monthly Data Allowance at the tiered rates set out below:

DATA PLAN	TIERED DATA RATE (PER MB OR PART THEREOF) APPLICABLE TO THE DATA USAGE IN EXCESS OF THE SHARED MONTHLY DATA ALLOWANCE					
	0-1GB	>1GB TO 2GB	>2GB TO 3GB	>3GB TO 4GB	>4GB TO 5GB	>5GB
\$5 Data SIM						
1GB	1.5c/MB	1.2c/MB	1.0c/MB	0.9c/MB	0.8c/MB	0.8c/MB
2GB	1.2c/MB	1.0c/MB	0.9c/MB	0.8c/MB	0.8c/MB	0.8c/MB

Restrictions on use

7.34 Your Mobile Workspace service and Registered Devices can only be used with your Mobile Workspace Data Plan, and your Mobile Workspace Data Plan can only be used with your Mobile Workspace service.

7.35 You understand and agree that that the *Telstra FairPlay Policy – Business Use* (as set out in [Part A - General of the Telstra Mobile section of Our](#)

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

[Customer Terms](#)) applies to your Mobile Workspace Data Plan. Additionally, you must not use or allow others to use any service or Device connected to a Mobile Workspace Data Plan:

- (a) in connection with any machine-to-machine applications (i.e. any automated telemetry, telematics or telemetrics application which links two or more systems or devices with a mobile data connection);
- (b) to establish any point to point connections with another modem; or
- (c) to send messages to any numbers that we reasonably believe have been set up to enable you or another person to commercially exploit our services.

Your responsibilities

7.36 You must:

- (a) nominate a person to be single point of contact with us for all matters in relation to your Mobile Workspace service;
- (b) not make any unauthorised changes to any infrastructure, software (including email systems) or configurations that support the Mobile Workspace service without complying with clauses (c) and (d) below;
- (c) notify us and any relevant third party supplier that we notify to you from time of any planned changes to your operating system or back-up, anti-virus or security systems:
 - (i) for regular changes, at least 14 days before the change is implemented, and
 - (ii) for emergency changes, at least 8 business hours before the change is implemented;
- (d) without limiting clause 7.36(c) above, promptly notify us of any changes to your technology environment that may impact the service, including any changes to email infrastructure and network (such as firewalls and gateways);
- (e) provide us with all reasonable assistance and access to your information, premises, systems and equipment (including your Devices) as requested from time to time for the purposes of providing the Mobile Workspace service to you and your End Users; and
- (f) comply with all our reasonable instructions and procedures in relation to your Mobile Workspace service.

Third Party Suppliers

7.37 We may use third parties to deliver some or all of the Mobile Workspace service.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- 7.38 Additionally, some aspects of your Mobile Workspace service may be the responsibility of a third party or conditional upon action by a third party. To the extent the SOW defines an action as a third party responsibility:
- (a) we are not responsible for any delay or inaction by the third party; and
 - (b) as between you and us, each responsibility of the third party is deemed to be your responsibility.
- 7.39 To avoid doubt, third party suppliers in clause 7.37 do not include Telstra's dealers, related entities such as BTS Mobility, or licensors of Telstra providing MDM capabilities.
- 7.40 You appoint us as your agent to act on your behalf in relation to any third party supplier to the extent specified in a SOW, Application Form or your separate agreement with us, including entering purchase agreements on your behalf.
- 7.41 You authorise us to provide your contact details and all other necessary information (including confidential information) to any third party suppliers, and to instruct third party suppliers on your behalf, to the extent necessary for us to provide Mobile Workspace. Upon request, you must provide all assistance we reasonably require to provide Mobile Workspace, including authorisations to third party suppliers.

Limitations

- 7.42 You acknowledge and agree that:
- (a) from time-to-time, we may need to implement planned outages to your MDM Platform for maintenance and upgrade purposes. We will provide you with prior reasonable notice before commencing any transfer or planned outages and will aim to cause as little impact as possible to your Mobile Workspace service when we do;
 - (b) we may require you or your End Users to agree to a further end user licence agreement ("**EULA**") with us (or our third party supplier) to access and use the MDM Platform, and if you or any End User refuses to enter into that EULA, we may not be able to supply and you (or that End User) may not be able to receive and use the Mobile Workspace service; and
 - (c) we do not represent and cannot guarantee that Mobile Workspace (including MDM Platform) is capable of integrating with any third party software or service, unless expressly set out in your agreement with us.

Service Levels

- 7.43 Unless otherwise agreed in your separate agreement with us, we (or our third party suppliers where relevant) will use reasonable commercial efforts

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

to meet the target response, communication frequency and resolution time set out below:

Incident Severity	Target Response Times	Target Communication Frequency	Target Restoration Times	Service Level Target
Severity 1 (Critical)	15 min	1 hours	4 hours	90%
Severity 2 (Major)	30 min	2 hours	8 hours	90%
Severity 3 (Minor)	1 hour	8 hours	1 business day	90%
Urgent Request	2 hours	12 hours	3 business days	90%
Standard Request	3 hours	24 hours	5 business days	90%

Severity 1 (Critical) means failure of the system with a major business impact affecting more than one End User, business critical system or process with no workaround.

Severity 2 (Major) means one or more End Users are affected by the failure of a business critical system which may have a workaround that cannot be sustained over a reasonable period of time (more than 1 day).

Severity 3 (Minor) means one End User is affected and not business critical which may have a workaround that can be sustained over a reasonable period of time (more than 1 day).

Urgent Request means a service request for one or more End Users for adds, moves, changes, deletes and requests for information, which has some urgency owing to business requirements or targets, or a change request to add features, functions or configuration that is not required to resolve an open incident but has an element of urgency owing to business requirements.

Standard Request means a standard service request for one or more End Users for adds, moves, changes, deletes and requests for information, or a change request to add features, functions or configuration that is not required to resolve an open incident and has standard lead times for implementation.

7.44 If you do not acquire MDM Platform licences from us, and have an existing MDM Platform in place, the service level targets in clause 7.43 will not apply and you should contact your third party service provider for applicable service level targets.

7.45 The service level targets in clause 7.43:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) operate during the help desk availability times, which depend on whether you have standard End User Support or the 24/7 End User Support Optional Feature; and
- (b) do not apply in relation to any period of scheduled maintenance; and
- (c) are targets only, you acknowledge and agree that, unless otherwise agreed in your separate agreement with us, we are not liable to you for any failure to meet the service level targets set out in clause 7.43.

7.46 We will not be responsible for a failure to meet a service target to the extent that such failure is caused by your delay in actioning items that are your responsibility, a third party responsibility (as agreed in the SOW), or that are caused by your breach of this agreement.

7.47 Our third party service providers may have service level targets that apply in addition to the service level targets in clause 7.43. You should contact the relevant third party service provider for such service level targets.

Charges and invoices

7.48 The charges for your Mobile Workspace service (including any Accessory and Additional Features) are set out in your Application Form or separate agreement with us.

7.49 Unless otherwise specified in your Application Form or separate agreement with us:

- (a) you must pay us the charges set out in your Application Form or separate agreement with us;
- (b) the charges will ordinarily be billed monthly in arrears, except where they are payable in advance;
- (c) all charges are payable within 30 days of the date of invoice;
- (d) each invoice will contain separate line items for each of the elements of your Mobile Workspace service which are priced independently of one another; and
- (e) billing will be at the service level, rather than at the account level.

Minimum Commitment and Early Termination Charges

7.50 Your Mobile Workspace service has a minimum term of either 24 or 36 months, as set out in your Application Form or separate agreement with us ("**Minimum Term**"). The Minimum Term of each Mobile Workspace service will commence as follows:

- (a) if you choose to lease a Device, the date that you enter into a lease agreement with a Lease Provider or, if you are a government or other approved customer, with us;

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) if you choose to purchase a Device from us, the date that Device is delivered to your nominated address; and
- (c) if you provide your own Device, the date we accept your Application Form or separate agreement with us for that service.

7.51 These Mobile Workspace Our Customer Terms and the terms in your Application Form or separate agreement with us apply as at the date we accept your Application Form or separate agreement with us for a Mobile Workspace service (even if your Minimum Term has not yet commenced).

7.52 If your Mobile Workspace service is terminated before the end of the Minimum Term for any reason other than for our breach, then unless otherwise set out in your Application Form or separate agreement with us:

- (a) if you have elected to lease your Devices and any Accessories, depending on the terms of your agreement with the Lease Provider, the lease for your Devices and Accessories may continue, in which case you will be required to continue to pay the applicable fees in relation to the lease;
- (b) if you have elected to purchase your Devices and any Accessories, you must promptly pay us for any Device or Accessory which has been ordered or delivered before the date of termination;
- (c) We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to: 25% of the monthly service charges for your Mobile Workspace service (including any Additional Features and Mobile Workspace Data Plans) multiplied by the number of months remaining until the end of your Minimum Term; and
- (d) if in your Application Form or separate agreement with us, we have agreed to provide you with an upfront Mobile Only Technology Innovation Fund (**MOTIF**), we may require you to reimburse us for a portion of that MOTIF provided to you. The reimbursement amount will be an amount equal to the MOTIF amount provided to you, divided by the agreement term (in months), multiplied by the number of months remaining until the end of your Minimum Term.

Optional Accessories

Application

7.53 Clause 7.53 to 7.57 only applies to your purchase and our supply to you of Accessories (if any) in connection with your Mobile Workspace service, and as agreed in your separate agreement with us.

7.54 For each Accessory you order, you must either:

- (a) lease the Accessory from us as part of lease of a Device in accordance with clause 7.13; or

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

(b) purchase an Accessory from us.

7.55 You acknowledge and agree that if you choose to lease an Accessory in your separate agreement with us:

- (a) the Accessory is provided by the Lease Provider under the agreement between you and that third party Lease Provider contemplated in clause 7.54; and
- (b) the product warranty in relation each Accessory is provided to you by the Lease Provider or the relevant accessory manufacturer (as applicable).

How we deliver the Accessories

7.56 If you lease or purchase Accessories from us:

- (a) we will deliver the Accessories during Business Hours to the address set out in your separate agreement with us or otherwise agreed in writing between you and us from time to time;
- (b) we will use reasonable efforts to both deliver the Accessories to you by the date we tell you and update you of delivery delays (if any). However, the supply of the Accessories depends on availability from the relevant third party supplier(s) or manufacturer(s), and so we cannot guarantee to meet any particular delivery date; and
- (c) you may request special delivery for any Accessory and we'll use reasonable efforts to accommodate your request. Additional costs may apply and we will agree these costs with you beforehand.

Transfer of title and risk

7.57 Title and risk in Accessories is treated as if the Accessories were Devices under clauses 7.16 and 7.17.

7.58 If you purchase Accessories from us:

- (a) risk in any Accessory passes to you when we deliver the Accessory to you; and
- (b) title to any Accessory:
 - (i) remains with us until you have paid us in full for that Accessory; and
 - (ii) passes to you once you have paid the relevant fees or charges for that Accessory in full.

MDM Platform has the meaning given to it in clause 7.6(b).

Minimum Term has the meaning given to it in clause 7.50.

Mobile Workspace Data Plan has the meaning given to it in clause 7.26.

Monthly Data Allowance has the meaning given to it in clause 7.27.

Registered Device has the meaning given to it in clause 7.10.

SCCM has the meaning given to it in clause 7.4(b).

Shared Monthly Data Allowance has the meaning given to it in clause 7.28.

SOW has the meaning given to it in clause 7.2.

8 JAMF MOBILE SECURITY SERVICES

What are Jamf Mobile Security Services?

- 8.1 The Jamf software-as-a-service solutions (**Jamf Services**) are designed to help secure mobile devices against cyber threats and enable enterprise IT to apply policies to manage employee usage-based risks. The Jamf Services

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

provide visibility and management of data activity over a corporate network, (and where applicable, over cellular and Wi-Fi coverage), and can scan for security threats on mobile devices.

- 8.2 The Jamf Services are available in the following service packages:
- (a) **Jamf Threat Defence** - helps protect against threats to remote user devices, such as malware, rogue or insecure applications, phishing, cryptojacking, data exfiltration and network attack;
 - (b) **Jamf Data Policy** - provides web content filtering across remote user traffic, (both cellular and Wi-Fi, when enabled), and has related data management features;
 - (c) **Jamf Private Access** - provides secure remote access to applications using Zero Trust Network Access Principles. It supports public, private cloud, SaaS and on-premise tunnelling and access can be configured using identity, risk and other context-based policies;
 - (d) **Jamf Now** - an MDM focused on small and medium businesses to help organizations set up, manage and secure Apple devices with ease;
 - (e) **Jamf Fundamentals** - extends the stellar Jamf Now experience well beyond Apple's MDM framework, with unique capabilities for connecting, protecting and empowering the small and medium business workforce, all within Jamf Now's easy to use, intuitive platform; and
 - (f) **Jamf Pro** - the standard for Apple management — is an industry-leading solution that delivers the best and most secure end user experience for iPad, iPhone and AppleTV devices.
- 8.3 As part of the Jamf Services, a software application is available for installation on end user devices, together with read-only access for up to 5 of your authorised representatives to Jamf's online service portal.
- 8.4 Your chosen service package, (and the applicable fees), are set out in your Application Form or other separate agreement with us.

Eligibility

- 8.5 Jamf Services are compatible with most mobile devices and operating systems, and a range of browser versions (**Eligible Devices**). We can provide you with details of currently supported devices and operating systems on request.
- 8.6 To be eligible for Jamf Services:
- (a) you must have an Eligible device;
 - (b) each Eligible Device must be connected to the internet; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (c) you must have purchased a Jamf Service licence from us for each Eligible Device.

8.7 You must acquire a minimum of 50 licences as part of the Jamf Service.

Pricing and Billing

8.8 If you purchase:

- (a) your Jamf Service together with a MTD managed service, you will be billed for the Jamf Service fees monthly in advance; and
- (b) your Jamf Service as a “licence only” option, you will be billed upfront for the Jamf Service fees and must pay in full for the Initial Term.

8.9 You can enrol additional Eligible Devices to your Jamf Service at any time during the Term. You will be billed for any additional Eligible Device licenses over and above the amount stated in your initial Application Form each month. Subject to clause 8.26, you may unenroll Eligible Devices. Any additional enrolled devices will become your new minimum monthly commitment for the remainder of the Term.

Additional Service Terms

8.10 You acknowledge that we provide Jamf Services through our third-party supplier, Jamf Software Ltd (UK) and Jamf Software LLC, **(collectively, Jamf)**, and that the features and specifications for Jamf Services may change from time to time.

8.11 We do not represent that your Jamf Service integrates with any third-party software or service unless expressly set out in your Application Form or other agreement with us.

8.12 From time-to-time, Jamf may need to implement planned outages to the portal for maintenance and upgrade purposes. We, or Jamf will provide you with prior reasonable notice before commencing planned outages.

8.13 You will be required to agree to a further end user licence agreement **(EULA)** with Jamf to access and use Jamf Services. You will be prompted to accept the EULA when seeking access to Jamf’s online service portal. You acknowledge that we cannot provide Jamf Services until you agree to the EULA. The EULA is currently available at: <https://www.jamf.com/trust-center/legal/>

What are the support hours and support targets?

8.14 Where access to Jamf Services is lost for a substantial number of devices, phone support will be available 24 x 7 x 365 days.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

8.15 In all other circumstances, support for Jamf Services is provided through a help desk, which can be contacted by phone and email from Monday to Friday 9am to 5pm AEST.

8.16 The contact details for support regarding Jamf Services are outlined in the table below:

Email	support@Jamf.com
Phone	AUS: 02 8311 0621
	UK: +44 (0) 203 096 0096
	US:+1 (415) 906 5217

Response Time Target

8.17 Once you submit a case via electronic or telephone support, we will determine whether the case is an Incident and the Priority Status of that Incident. We will use commercially reasonable efforts to respond as follows:

Priority Status of Incident	New Case Response Time	In Progress Case Response Time
Low	8 hours	32 Hours
Medium	4 hours	24 Hours
High	2 hours	12 Hours
Urgent (Emergency)	1 hour	4 Hours

8.18 For the purposes of clause 8.19, the Priority Statuses are:

- (a) Low Priority Status means an Incident that does not materially impact functionality.
- (b) Medium Priority Status means an Incident causing some loss in functionality.
- (c) High Priority Status means an Incident causing a significant loss in functionality.
- (d) Urgent (Emergency) Priority Status means an Incident causing a total loss of functionality.

Availability

8.19 We endeavour to provide Jamf Services in accordance with an availability target of 99.9% per month.

Acknowledgements

8.20 You acknowledge that:

- (a) the service levels and availability targets are targets only; and

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (b) we are not responsible for any support, maintenance or management for Jamf Services unless otherwise agreed in your Application Form or other separate agreement with us (for instance as part of an implementation service, separate professional services or a managed service).

Term and termination

- 8.21 A minimum term of 12, 24 or 36 months, as set out in your Application Form applies to Jamf Services, (and initial Eligible Device licenses), commencing from the date the last party signs the Application Form (**Initial Term**).
- 8.22 You can enrol additional Eligible Devices to your Jamf Service at any time during the Term. If you do, the term for each additional licence will end at the same time as the Initial Term (unless otherwise renewed in accordance with clause 8.22, in which case the additional licence will end at the same time as the Term).
- 8.23 At the end of the Initial Term, your Jamf Service, (including any additional licenses), will renew on the basis of successive 30-day periods (**Renewed Term**), until terminated by either party by giving the other at least 30 days' notice.

Early Termination Charges

- 8.24 If, before the end of the Initial Term:
- (a) you terminate your Jamf Service (other than because we are in breach of our agreement with you); or
- (b) we terminate your Jamf Service because you are in breach of your agreement with us,

you may be required to pay us an early termination charge (**ETC**).

- 8.25 We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to:
- 70% of the monthly charges for each Eligible Device licence purchased pursuant to your Application Form or other agreement with us, multiplied by the number of months remaining until the end of the Initial Term. If you have paid in advance, you will receive a refund of 30% of the remaining monthly charges.
- 8.26 You may unenroll Eligible Devices from your Jamf Service at any time during the Initial Term. If you do, the individual corresponding licence will be terminated and we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

amount equal to:70% of the monthly charge for that terminated licence, multiplied by the number of months remaining until the end of the Initial Term. If you have paid in advance, you will receive a refund of 30% of the remaining monthly charges.

Definitions

8.27 In this Jamf Mobile Security Services section of Our Customer Terms:

- (a) **Application Form** means the application form entered into between you and us regarding Jamf Services, if applicable.
- (b) **Eligible Device** has the meaning given to it in clause 8.5.
- (c) **Initial Term** has the meaning given to it in clause 8.21.
- (d) **Jamf** has the meaning given to it in clause 8.10.
- (e) **Jamf Service** has the meaning given to it in clause 8.1.
- (f) **Renewed Term** has the meaning given to it in clause 8.22.
- (g) **Term** means the Initial Term plus the Renewed Term.

9 TELSTRA ENTERPRISE MOBILE PROTECT

What is Telstra Enterprise Mobile Protect?

- 9.1 Telstra Enterprise Mobile Protect is a service powered by the Jamf software-as-a-service solution, which is designed to protect mobile devices against cyber threats and enable enterprise IT to apply policy to manage employee usage-based risks. Telstra Enterprise Mobile Protect is enabled through the Jamf cloud, delivered across a global network and is managed through a customer administration console called RADAR.
- 9.2 Telstra Enterprise Mobile Protect leverages Jamf's security service to protect against cyber threats to iOS mobile devices and users, such as phishing, man-in-the-middle and network attacks, malicious traffic and websites, and unsafe applications. Threats are detected at the endpoint via Jamf's endpoint application, and are also prevented in the network via Jamf's secure access layer or cloud gateway.
- 9.3 As well as protecting against threats, Telstra Enterprise Mobile Protect helps organizations identify vulnerabilities, flagging potential risks such as outdated OS versions, vulnerable apps, or risky profiles. It also provides web content filtering across all remote user traffic (both cellular and Wi-Fi). The solution is designed to integrate with leading UEM, SIEM and IdP offerings.
- 9.4 The Telstra Enterprise Mobile Protect service is comprised of the following Jamf services:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) **Mobile Threat Defence**, which helps protect against threats to mobile devices, such as malware, rogue or insecure applications, phishing, cryptojacking, data exfiltration and network attack; and
- (b) **Mobile Data Policy**, which provides web content filtering across all mobile traffic (including WiFi, when enabled) and related data management features.

Eligibility

- 9.5 The Telstra Enterprise Mobile Protect service is compatible with most iOS mobile devices and operating systems, and a range of browser versions, **(Eligible Devices)**. We can provide you with details of currently supported devices and operating systems on request.
- 9.6 To be eligible for the Telstra Enterprise Mobile Protect service:
- (a) you must have an Eligible device;
 - (b) each Eligible Device must be connected to the internet; and
 - (c) you must have purchased a Telstra Enterprise Mobile Protect licence from us for each Eligible Device.
- 9.7 You must agree to a minimum of 50 licences as part of the Telstra Enterprise Mobile Protect service.

Additional Service Terms

- 9.8 You acknowledge that we provide Telstra Enterprise Mobile Protect through our third-party supplier, Jamf Software Ltd (UK) and Jamf Software LLC, **(collectively, Jamf)**, and that the features and specifications for Telstra Enterprise Mobile Protect may change from time to time.
- 9.9 We do not represent that Telstra Enterprise Mobile Protect integrates with any third-party software or service unless expressly set out in your Application Form or other agreement with us.
- 9.10 From time-to-time, Jamf may need to implement planned outages to the portal for maintenance and upgrade purposes. We, or Jamf will provide you with prior reasonable notice before commencing planned outages.
- 9.11 You will be required to agree to a further end user licence agreement **(EULA)** with Jamf to access and use Telstra Enterprise Mobile Protect. You will be prompted to accept the EULA when seeking access to Jamf's online service portal. You acknowledge that we cannot provide Telstra Enterprise Mobile Protect until you agree to the EULA. The EULA is currently available at: <https://www.jamf.com/trust-center/legal/>

What are the support hours?

- 9.12 Where access to Telstra Enterprise Mobile Protect is lost for a substantial number of devices, phone support will be available 24 x 7 x 365 days.

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

9.13 In all other circumstances, support for Telstra Enterprise Mobile Protect is provided through a help desk, which can be contacted by phone and email from Monday to Friday 9am to 5pm AEST.

9.14 The contact details for support regarding Telstra Enterprise Mobile Protect are outlined in the table below:

Phone	AUS: 02 8311 0621
	UK: +44 (0) 203 096 0096
	US:+1 (415) 906 5217

Availability

9.15 We endeavour to provide Telstra Enterprise Mobile Protect services in accordance with an availability target of 99.9% per month.

Acknowledgements

9.16 You acknowledge that:

- (a) the service levels and availability target outlined in clauses 9.12, 9.13 and 9.15 are targets only; and
- (b) we are not responsible for any support, maintenance or management for Telstra Enterprise Mobile Protect unless otherwise agreed in your Application Form or other separate agreement with us (for instance as part of an implementation service, separate professional services or a managed service).

Pricing and Billing

9.17 If you purchase:

- (a) Telstra Enterprise Mobile Connect together with a MTD managed service, you will be billed for Telstra Enterprise Mobile Connect monthly in advance; and
- (b) Telstra Enterprise Mobile Connect as a "licence only" option, you will be billed upfront for the Telstra Enterprise Mobile Connect fees and must pay in full for the Initial Term.

9.18 You can enrol additional Eligible Devices to your Jamf Service at any time during the Term. You will be billed for any additional Eligible Device licenses over and above the amount stated in your initial Application Form each month. Subject to clause 9.24, you may unenroll Eligible Devices. Any

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

additional enrolled devices will become your new minimum monthly commitment for the remainder of the Term.

Term and termination

- 9.19 A minimum term of 12, 24 or 36 months, as set out in your Application Form applies to Telstra Enterprise Mobile Protect, (and initial Eligible Device licenses), commencing from the date the last party signs the Application Form (**Initial Term**).
- 9.20 You can enrol additional Eligible Devices to your Telstra Enterprise Mobile Protect service at any time during the Term. If you do, the term for each additional licence will end at the same time as the Initial Term (unless otherwise renewed in accordance with clause 9.21, in which case the additional licence will end at the same time as the Term).
- 9.21 At the end of the Initial Term, your Telstra Enterprise Mobile Protect service (including any additional licenses) will renew on the basis of successive 30-day periods (**Renewed Term**), until terminated by either party by giving the other at least 30 days' notice.

Early Termination Charges

- 9.22 If before the end of the Initial Term:
- (a) you terminate your Telstra Enterprise Mobile Protect service (other than because we are in breach of our agreement with you); or
 - (b) we terminate your Telstra Enterprise Mobile Protect service because you are in breach of your agreement with us,
- you may be required to pay us an early termination charge.
- 9.23 We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to:
- (a) 70% of the monthly charges for each Eligible Device licence purchased pursuant to your Application Form or other agreement with us, multiplied by the number of months remaining until the end of the Initial Term. If you have paid in advance, you will receive a refund of 30% of the remaining monthly charges.
- 9.24 You may unenroll Eligible Devices from your Telstra Enterprise Mobile Protect service at any time during the Initial Term. If you do, the individual corresponding licence will be terminated and we may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to: 70% of the monthly charge for that terminated licence, multiplied by the number of months remaining until the

10 SAMSUNG KNOX

What is Samsung Knox?

10.1 The Samsung Knox offering is a suite of mobility solutions covering mobile management, security and productivity.

Eligibility

10.2 The Samsung Knox service is available for Samsung Android only (with exception of Knox Manage, which is available for any Android, iOS, Windows 10 or Windows 11 device) **(together, Eligible Devices)**.

10.3 To be eligible for Samsung Knox:

- (a) you must have an Eligible device;
- (b) each Eligible Device must be connected to the internet; and
- (c) you must have purchased a Samsung Knox service licence from us for each Eligible Device.

10.4 You must acquire a minimum of 50 licences as part of Samsung Knox.

Service Packages and Software Features

10.5 The Samsung Knox Service is available in the following service packages:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) **Knox E-FOTA (Enterprise Firmware-Over-The-Air)** – this is a solution that allows you to manage firmware versions on Samsung Android phones and tablets to help ensure the latest security patches are deployed to corporate-owned and bring-your-own devices on schedule. IT administrators can test updates before deployment, to help ensure compatibility between in-house apps and new OS versions;
- (b) **Knox Configure**- this is a solution for remote configuration of Samsung Android phones and tablets in bulk, to tailor them to specific needs. Custom devices can be created with unique profiles, settings, restrictions, apps, and content. Purpose-built appliances can be created and modified, such as single app mode, retail mode, kiosk mode, shared device mode;
- (c) **Knox Platform for Enterprise** – this is a solution to manage and secure Samsung Android phones and tablets. It provides extended security capabilities on top of Android Enterprise and is an app on the device that is activated on a UEM platform; and
- (d) **Knox Manage** – this is a MDM solution that provides a cloud-based command centre and enterprise policies to enable remote tracking, management, configuration, and sending of messages to devices.

Additional Service Terms

- 10.6 You acknowledge that we provide Samsung Knox Service through our third-party supplier, Samsung Electronics Australia Pty Limited, (**Samsung Electronics Australia**), and that the features and specifications for Samsung Knox services may change from time to time.
- 10.7 We do not represent that your Samsung Knox Service integrates with any third-party software or service unless expressly set out in your Application Form or other agreement with us.
- 10.8 From time-to-time, Samsung Electronics Australia may need to implement planned outages to the portal for maintenance and upgrade purposes. We, or Samsung Electronics Australia will provide you with prior reasonable notice before commencing planned outages.
- 10.9 You will be required to agree to a further end user licence agreement (**EULA**) with Samsung Electronics Australia to access and use Samsung Electronics Australia services. You will be prompted to accept the EULA when seeking access to the portal. You acknowledge that we cannot provide Samsung Knox services until you agree to the EULA.

What are the support hours?

- 10.10 Samsung Electronics Australia will provide end user technical support and maintenance for Samsung Knox services. All support queries must be directed to Samsung Knox's help desk at the email and contact number outlined below. Samsung will provide support across:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) severity levels 1, 2 and 3 for:
 - (i) Knox Platform for Enterprise; and
 - (ii) Knox Manage; and
- (b) severity levels 1 and 2 for:
 - (i) Knox Configure; and
 - (ii) Knox E-FOTA One.

10.11 Phone and Email support is available 24 x 7 x 365 days. If it is between business hours Monday to Friday 8am – 6pm, our Enterprise Business Service Desk Team will attend to customers concerns via:

- (a) Phone: 1800 91 92 93
- (b) Email: ent.service@samsung.com

10.12 If the interaction occurs outside of Monday-Friday 8am – 6pm then customers concerns will be handed across our call centre Transcom based in Manila, the Philippines.

10.13 Incidents have the following priority definitions:

Severity level	Severity Definition	First Response SLT
1 (Critical)	<p>The supported product is not operational. A significant number of users are impacted. No workaround is immediately available.</p> <p>Examples of Severity Level 1:</p> <ul style="list-style-type: none"> • Supported product is down or halted, severely impacting normal business operation • There are an inordinate number of incidents over a short period of time in a high-impact environment 	4 Business Hours
2 (High)	<p>Widespread or sporadic impairment of the supported product. The incident is impacting a moderate number of users and is affecting normal business operation, but workarounds are available.</p> <p>Examples of Severity Level 2:</p> <ul style="list-style-type: none"> • Supported product performance degradation • Incident highly impacts customer's ability to do work, but business operation can continue for a reasonable amount of time before incident becomes critical 	8 Business Hours
3 (Medium)	<p>An incident that causes impairment to portions of the supported product. The incident impacts a small number of users and minimally impacts normal business operation.</p> <p>Examples of Severity Level 3:</p> <ul style="list-style-type: none"> • Low impact with acceptable work-around in place • Occurs intermittently, inconsistently 	2 Business Days

Acknowledgements

10.14 You acknowledge that:

Our Customer Terms

Telstra Mobiles – Part K – Enterprise Mobility Management

- (a) the service levels and availability target outline in clauses 10.10 to 10.13 are targets only;
- (b) when purchasing a standalone licence only (i.e. without a managed service), following implementation of the Samsung Knox Service (as per your Application form or other relevant agreement with us), we are not responsible for any support, maintenance or management of the Samsung Knox Service unless otherwise agreed in your Application Form or other separate agreement with us.

Term and termination

10.15 A minimum term of 12, 24 or 36 months, as set out in your Application Form applies to your Samsung Knox service, commencing on the Service Start Date set out in your Application Form or other agreement with us **(Initial Term)**.

Pricing and Billing

10.16 If you purchase:

- (a) Samsung Knox together with a Managed Service, you will be billed for Samsung Knox monthly in advance; and
- (b) Samsung Knox as a "licence only" option, you will be billed upfront for Samsung Knox fees and must pay in full for the Initial Term.

10.17 We will provide any initial planning, implementation, training and transition services, and any further professional services in relation to Samsung Knox as set out in a separate Statement of Work, if applicable. The charges for such services will be as set out in the applicable Statement of Work, and the Professional Services section of Our Customer Terms will apply.

Early Termination Charges

10.18 If, before the end of the Initial Term or any Renewed Term:

- (a) you terminate your Samsung Knox service (other than because we are in breach of our agreement with you); or
- (b) we terminate your Samsung Knox service because you are in breach of your agreement with us,

you may be required to pay us an early termination charge **(ETC)**.

10.19 We may charge you an early termination charge equal to the actual costs and expenses that we have incurred or committed to in anticipation of providing the service to you that cannot be reasonably avoided by us as a result of the termination, which will not exceed an amount equal to:

- (a) 70% of the monthly licence charges for your Samsung Knox service, multiplied by the number of months remaining until the end of the
