

T-Rooms from Telstra

Simple, flexible and reliable meeting room solutions that deliver seamless user experiences for a hybrid working world.

T-Rooms. Simple meeting rooms. To a T.

T-Rooms from Telstra helps bridge the digital-physical divide, so your employees can have seamless, consistent, and engaging meeting room experiences, wherever they are – with just the click of a button.

T-Rooms are integrated audio-visual and video conferencing solutions for your meeting rooms that are simple to buy, simple to use and simple to manage.

Simple

Preconfigured and easy to order, T-Rooms takes the complexity out of procuring your meeting room technology.

Flexible

T-Rooms can be tailored and applied to any sized space, with flexible support agreements and flexible payment options.

Scalable

From one meeting room to 100, T-Rooms can scale as your business requirements change.

How T-Rooms works

T-Rooms takes the complexity out of meeting rooms with a range of preconfigured off the shelf meeting room solutions for any sized space.

With T-Rooms, meeting room solutions couldn't be easier. **Watch the video** to see why.

A bundled meeting room solution

All the required video conferencing hardware, installation and four years of helpdesk and on-site support.

Best in market technology

Latest AV conferencing devices that are intuitive and simple to use with one-click to join, improving hybrid meetings.

Pre-designed with various payment options

Save costs in consultancy and design. Choose from upfront or monthly payment options.

Managed services

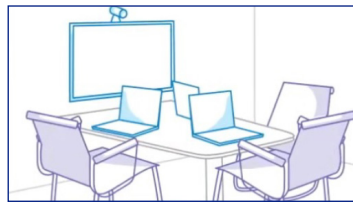

Ongoing expertise allows you to focus on core business with managed end-to-end solutions that are continually optimised.

Flexible pricing and configurations

Off the shelf options can be scaled to any room size, with flexible payments:
