• Entering Password will override existing password on your other Inbound services. Leave blank to retain existing password

**Service Manager** provides a telephone hotline number for your authorised personnel to call 24 hours a day, 7 days a week and quote a security password to request changes to your Inbound Service. This service <u>incurs additional charges when used</u>.

## SERVICE DETAILS

I would like to register for the following Inbound Service:

Priority One3

Freecall One8

Is the number you want activated an Enhanced Rights of Use number?

Yes (Proceed to Enhanced Rights of Use Numbers section on next page)

Priority 1300

Freecall 1800

□ No (Complete details below)

#### Administratively Allocated Numbers

- (a) Will Telstra allocate the next Administratively Allocated Number
  - 🗌 Yes
- (b) Will the Administratively Allocated Number be ported into Telstra from another carrier?
  - Yes Please state the number: \_\_\_\_\_
  - 🗌 No

Is this new Inbound Service to be an answer point to an existing Inbound Service?

	Yes
--	-----

Please state the primary number being directed to this number: \_\_\_\_\_\_\_\_\_(A secure backbone must be a 1800 number).

🗌 No

Complex new services)

General

	ENHANCED RIGHTS OF USE (EROU) NUMBERS
EROU If your EROU number will be ported into Telstra from another carrier, a Porting Authorisation Form must be completed and submitted with this application form. If the number is an EROU number, you must be the registered Rights of Use (ROU) holder or be able to satisfy us that you have the right to use the EROU number. Please ensure that your details contained in the Customer Details section of this application form match your details on the ACMA Rights of Use Register.	(Note: an EROU number is a number that is allocated by auction and registered by the Australian Communications and Media Authority to a Rights of Use (ROU) holder.)          Is the number an EROU number? <ul> <li>Yes</li> <li>Please state number:</li> <li>No</li> <li>If no, you will require an Administratively Allocated Number - see above.</li> </ul> Will the EROU number be ported into Telstra from another carrier?                Yes         If Yes, you will also need to complete a Porting Authorisation Form                No         Please select one of the following:                I am the registered ROU Holder for the EROU number; or                I have a licence to use the EROU number from a third party (please attach evidence of your licence to use the EROU number from a third party to this application form); or                To apply for a PhoneWord licence from Telstra, please use the PhoneWords application form.
	INBOUND VALUE ADDED SERVICES         Will this service be managed via your existing IN-Control Online service?            Yes (please list one of your Inbound services currently accessed by IN-Control Online)         Do you want this service to appear in your IN-Control Call Direct service?            Yes (please list one of your existing Inbound services)          Do you want this service to appear in your Telstra Analyser Online Reports?            Do you want this service to appear in your Telstra Analyser Online Reports?            Yes (please list one of your existing Inbound services)             Please indicate if this application is made in conjunction with a Network IVR / Speech / CTI service/request.             Network IVR         Speech Solutions         Description
<b>Note:</b> If you have requested a licence from Telstra for the right to use an EROU number, the commencement of the licence will be the same date as the activation date.	ACTIVATION DATE If we accept your application, we will activate your Inbound Service within a reasonable time after your application has been accepted.

Inbound Application Form (for Complex new services) Updated 7<sup>th</sup> December 2022 General

Customers can direct calls from predetermined regions to specific answering numbers. Please select only one of the following three Mandatory Features. Note: International termination is permitted and therefore an international number is allowed. If you select Area Code Manager, please fill in the Call Collections section of this application form.	MANDATORY FEATURES All of Australia including Mobiles  Yes Please state the answering point destination: Or All of Australia excluding Mobiles  Yes Please state the answering point destination: Or Area Code Manager (Parts of Australia – Please complete Page 5 & 6) Yes
You may select one or more of the standard features to apply to your Inbound Service. These may be used in conjunction with any of the above Mandatory Features. No additional charges apply.	STANDARD FEATURES         Call Splaying (Page 5)       Time & Day Manager (Page 7&8)         Advanced Mobile Manager (Page 5&6)       Call Overflow (Page 9)         You must complete the applicable section of this application form below for each standard feature that you select.
International Origination allows you to receive international calls to an Inbound Service. <b>Note:</b> You may use Standard routing features, however you cannot route on country of origin.	INTERNATIONAL ORIGINATION Please indicate whether you would like to apply for International Origination for your Inbound Service: <ul> <li>Yes, I would like to apply for International Origination</li> <li>Please indicate the answer point to which you would like international calls to be directed: ()</li> <li>No, I do not want to apply for International Origination</li> </ul> Note: There are no usage charges for international originated calls terminating on a fixed line. The caller pays IDD rates.
You may select one or more of the enhanced features to apply to your Inbound Service. These may be used in conjunction with any of the Mandatory or Standard Features. <b>Note:</b> Additional charges apply.	ENHANCED FEATURES         Local Area Manager (Page 9)       Redirect (Page 10)         CCD Manager (Page 9)       Service Manager (Page 11)         Postcode Manager (Page 9)       Silver Service (Page 11)         Traffic Allocator (Page 10)       SMS Manager (Page 11)         You must complete the applicable section of this application form below for each enhanced feature that you select.

**Call Splaying** allows you to share calls in 1% increments between 1 to 20 telephone numbers or locations based on their ability to handle the workload. For example, 60% of the calls answered at one location and 40% of calls at another location (averaged over 100 call attempts). The Call Splaying percentages must total 100%.

If you have more than 10 Answer Points (up to 20), then attached details to order in a separate table.

## **CALL SPLAYING**

I would like to register for Call Splaying.

	Call Collection	Area (Name)	Call Collection	Area (Name)
	Answering Point Destination (include area code)	Call Splaying % to Answering Point Destination	Answering Point Destination (include area code)	Call Splaying % to Answering Point Destination

\*Iterra calls are calls made from Iterra Satellite services. Iterra Satellite services are fixed or transportable satellite systems designed for communications on or off the beaten track. It provides secure access to the public switched telephone service wherever you may be, letting you use the Internet, fax head office or simply dial home.

Time and Day Manager lets you divert calls to alternative telephone numbers based on the time and day the call is made. For example, customers can divert calls after hours to their home number or to MessageBank.

## TIME AND DAY MANAGER

I would like to register for Time and Day Manager.

Event	Day/s of Week	Time/s (specify time by 24 hour clock)	Answering Point Destination	Time Zone (state)
sample	Mon – Fri	09:00 – 17:00	(03) 99991111	VIC

**Call Overflow** You can direct incoming calls to an alternative telephone number when the original telephone number is busy or not answered. Calls can be overflowed up to three times. A general Telstra recorded voice announcement will be heard on the final overflow. It is recommended that Telstra MessageBank be used for the final overflow to ensure you do not miss any calls. You can select a Call Overflow maximum ring-time of 80 seconds with a minimum of 10 seconds required for the final overflow answer point.

Note: Call Overflow may conflict with existing programming where the answering point destination is: Spectrum ACD/ UCD/ Hunt Line Group, Spectrum Attendant Console, Siteline Indial, or an Indial PABX extension (excluding ISDN Indial and MFC Indial).

**Postcode Manager** allows you to define a unique answer point for calls originating in each Australia Post postcode boundary. The data required for Postcode Manager is sourced from the Telstra White Pages and is provided as part of the Postcode Manager feature. Where exchanges cannot supply full Calling Line Identification, this feature will be limited. Postcode Manager is subject to technical availability for some services.

**CCD Manager** allows you to define a unique answer point for calls originating in each Census Collection District (CCD). The data required for CCD Manager is sourced from the Telstra White Pages and is provided as part of the CCD Manager feature. Where exchanges cannot provide full Calling Line Identification, this feature will be limited. CCD Manager is subject to technical availability for some services.

Local Area Manager allows you to define call collection areas based on Telstra Exchange boundaries where calls are routed to one answer point for each group of one or more Telstra exchange areas specified by you. It is based on approximately 5000 exchange areas.

## **CALL OVERFLOW**

I would like to register for Call Overflow.

	Answer Point number	Busy	No Answer	Call Overflow time (on No Answer)
				Note: maximum 80 seconds in total
Answering Point 1 (as listed in the Mandatory Features section)				
Overflow Destination 1				
Overflow Destination 2				
Overflow Destination 3				

For more Answer Point numbers, please photocopy this page for each additional Call Collection Area and return with application. If this is required, we recommend design consultation.

Have you attached additional sheets?

Yes, please list how many sheets:

🗌 No

# POST CODE MANAGER, CCD MANAGER AND LOCAL AREA MANAGER

Postcode Manager

I would like to register for Post Code Manager

Please supply with this application form a separate list of the Post Codes you would like assigned to specific Answering Point Destinations.

Have you attached additional sheets?

Yes, please list how many sheets:

🗌 No

If you require more than 20 Post Codes that need to be assigned to Answering Point Destinations, we will contact you to arrange for a soft copy. For example, a text file to be forwarded to us.

Do you require us to contact you to arrange the above?

🗌 Yes 🗌 No

#### CCD Manager

- I would like to register for CCD Manager
- I require assistance from a Telstra Representative to complete this feature.

#### Local Area Manager

- I would like to register for Local Area Manager
- I require assistance from a Telstra Representative to request this feature.

**Traffic Allocator** allows you to distribute calls over multiple answer points (up to a maximum of 20) during times of high call traffic.

The Call Limit is the maximum number of calls you would like presented to the corresponding Answer Point Number. The Call Limit may not exceed the total number of available phone lines at the premises where Traffic Allocator is to operate.

If one of your answer points is busy and unable to receive any more calls before the applicable Call Limit has been reached, the Call Limit will be temporarily reduced to the number of calls already answered at that answer point. The Call Limit will then be reset to its original position within 1 minute after being reduced.

## TRAFFIC ALLOCATOR

I would like to register for Traffic Allocator.

Name of Traffic Allocator (Optional):

## The Emergency Redirect

feature allows you to redirect calls to another predetermined answering point destination based on a plan you give us in advance. We will activate your requested redirection plan within two hours (on average). Redirection should only be activated in emergency circumstances. The Redirect answering point destinations you have nominated should have sufficient traffic capacity to cope with the additional call volume in the event of an emergency.

## **EMERGENCY REDIRECT**

I would like to register for Emergency Redirect.

Redirect Plan Name:		(maximum 17 characters)		
REF	Call Collection Area	Emergency Answering Point Destination		
		Name	Number	
1.				
2.				
3.				
4.				
5.				

Once this application form is processed you will receive a confirmation letter which will:

- (a) Provide you with a number to call when you want to make Emergency Redirect service changes 24 hours a day, 7 days a week;
- (b) Confirm your personnel authorised to activate Emergency Redirect changes (please refer to the Service Passwords and Authorisations section); and
- (c) Confirm your chosen Security Password that must be quoted when making Emergency Redirect service changes (please refer to the Service Passwords and Authorisations section).

Service Manager gives you
the ability to make basic
moves and changes to existing
services 24 hours a day, 7
days a week. Within 15
minutes of lodging the request,
the change will be activated
within Telstra's network. This
feature provides a telephone
hotline number for your
authorised personnel to call 24
hours a day, 7 days a week
and quote a security password
to request changes to your
Inbound Service.

Silver Service allows you to offer a higher level of service to your Inbound Services callers. You can nominate the telephone numbers of specific callers and when they ring the Inbound Services number, the call will be directed to the nominated answering point destination. You can nominate up to 10,000 Silver Service numbers (including mobiles) that can be routed to up to 20 answering point destinations.

SMS Manager allows text to

Note: The selected answer

point must be active prior to adding SMS Manager.

**Note:** SMS Origination is only available from Telstra and Optus mobile networks. All text messages will be delivered to a single answer point and cannot be

geographically routed or used in conjunction with other Inbound features.

be sent via your Inbound Number to an answer point capable of receiving the text.

## SERVICE MANAGER

I would like to register for Service Manager.

Once this application form is processed you will receive a confirmation letter which will:

- (a) provide you with a number to call when you want to make service changes 24 hours a day, 7 days a week;
- (b) confirm your personnel authorised to activate Service Manager changes (please refer to the Service Passwords and Authorisations section); and
- (c) confirm your chosen Security Password that must be quoted when making service changes (please refer to the Service Passwords and Authorisations section).

## SILVER SERVICE

I would like to register for Silver Service.

Inbound Extra 4 is a discount applied to Inbound Services.

The details of the applicable discounts are set out in the Inbound Services section of Our Customer Terms.

#### **Our Customer Terms**

means the Standard Form of Agreement formulated by Telstra for the purposes of Part 23 of the **Telecommunications Act** 1997 (Cth), as amended from time to time in accordance with the Act. You may view Our Customer Terms at http://www.telstra.com.au/c ustomerterms/ or obtain a copy from us.

#### **Privacy**

Telstra's Privacy Statement is available at http://www.telstra.com.au/ privacy or by calling us on 1800 039 059.

#### Authority to apply

By signin form you have the **DISCOUNT - INBOUND EXTRA 4** 

Please tick the box below if you would like to register the Inbound Service you are applying for in this application form for the Inbound Extra 4 discount.

I would like to register for the Inbound Extra 4 discount 

Note: Inbound Extra 4 will not be applied if any other discounts or customised pricing exists.

## APPLICATION

I wish to apply for the Inbound Service described in this application form and acknowledge that if my application is accepted it will be provided on the terms and conditions set out in this application form and Our Customer Terms. If there is an inconsistency between this application form and Our Customer Terms, this application form applies instead of Our Customer Terms to the extent of that inconsistency.

I acknowledge that I have either received, or have had the opportunity to review, a copy of Our Customer Terms.

#### Privacy

You agree, and will ensure that any of your related bodies corporate which receive services connected with this application form and your representatives are aware, that Telstra may;

- (a) use and disclose information about you and each of them in accordance with Telstra's Privacy Statement; and
- (b) give to, seek and obtain from, a credit reporting agency, information (including personal and credit information) about you to assess your credit worthiness.

You agree that Telstra may send commercial electronic messages (including information about Telstra's products and services) to each of the electronic addresses for which you are the account holder, unless you tell us otherwise.

**SIGNED** by me for and on behalf of the Customer as its authorised representative:
