Telstra Business Bundles on ADSL – Old Plans (also known as Telstra BizEssentials® Section)

- 6.2 If you have more than one fixed line service, you must tell us which service is the primary fixed line service for your BizEssentials plan when you apply for your BizEssentials plan (“**Nominated Service**”).
- 6.3 Included local and national calls and calls to mobiles only apply to calls made from your Nominated Service. Included calls do not apply to calls made from any other services on your account, calls to mobile services that are using international roaming, international calls, or calls to and from premium service numbers including 1900 and 0055.
- 6.4 You can make free voice calls in Australia to and from up to 10 fixed or mobile voice services, including your Nominated Service, that are on the same account as your BizEssentials plan (“**Free On Account Calls**”). Free On Account Calls do not apply to video calls, international calls or international roaming calls. If you have more than one Telstra account, Free On Account Calls do not apply between accounts. If you have more than 10 fixed or mobile voice services on your account, you must take-up one BizEssentials plan for each 10 fixed or mobile voice services (or part thereof) that you have on your account. We may cancel your BizEssentials plan if you do not meet this requirement.
- 6.5 You must maintain the underlying fixed voice and Telstra Business Broadband services on your BizEssentials Plan to remain eligible for BizEssentials.
- 6.6 Charity and non-profit customers will not receive a discount on BizEssentials plans.

7 Changes to Old BizEssentials plans

- 7.1 You may move to another available in market BizEssentials plan at any time. If you do so, your monthly service fee, usage and call rates and included monthly data allowance will be adjusted on a pro-rata basis to reflect your new BizEssentials plan. You will not have to restart your minimum term and no early termination charges will apply.
- 7.2 If you disconnect the underlying fixed voice or Telstra Business Broadband services of your BizEssentials plan, or transfer those services to another account, or you exceed 500 services with a telephone number on your account, you will no longer be eligible for BizEssentials and any remaining services will be transferred as follows:
- (a) Fixed voice services – you may choose any Telstra Business fixed voice offer that is available to you at the time of the transfer. If you don't choose a fixed voice offer at the time of transfer, we will convert your fixed voice service(s) to Telstra BusinessLine® Complete.

Telstra Business Bundles on ADSL – Old Plans (also known as Telstra BizEssentials® Section)

- (b) Telstra Business Broadband services – you may choose any Telstra Business fixed broadband offer that is available to you at the time of the transfer. - (c) MessageBank® and Calling Number Display services – we will charge you the then current charges for these services. You may cancel these services without paying an early termination charge.
- (d) T-Suite® MozyPro Remote Backup service included in your BizEssentials plan – If you have activated this remote backup service, you may choose any T-Suite® MozyPro Remote Backup plan that is available to you at the time of transfer. If you don't choose a plan at the time of transfer, we will put you on the T-Suite® MozyPro Remote Backup PC \$29.95 50 GB plan. If you have not activated the T-Suite® MozyPro Remote Backup service included in your BizEssentials plan, we will not move you to an alternative remote backup service.
