

Customer Service Advice from Telstra

Delay due to severe weather events in the Darling Downs and Granite Belt District and parts of the Southeast Coast District of Queensland.

The Darling Downs and Granite Belt District and parts of the Southeast Coast District of Queensland were impacted by severe weather on or about Sunday 16 January 2022.

An interruption to Telstra's normal operations has occurred leading to delays in installation and repair activities. As many as 700 Telstra services are impacted in the area bounded by and including, but not limited to, the area starting at the Logan River mouth following the coastline south past the Gold Coast to the QLD/NSW border and following the border westerly past Mount Lindesay, Wallangarra and Goondiwindi to Talwood Boonanga Rd. The area heads northwest past North Talwood to Weengallon, northeast to Inglestone then east to Cecil Plains. From Cecil Plains the area heads northeast to Cooyar, east to Mount Binga, and southeast to Mount Nebo then southwest to Thagoona. The area turns southeast to Willowbank, east to Beenleigh then northeast back to the Logan River mouth. All suburbs and towns, off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed.
